Evangelista, to the dedicated Director of the HRMDO, Dr. Lorena B. Echalar, and above all to the unfaltering support of the visionary University President, Dr. Dexter R. Buted.

NSTP, NatSci units 'go green' with tree-planting

To take action "*For our Future*: *Plant*, *Grow*, *Repeat*," the Pangasinan State University's National Service Training Program (NSTP) unit partnered with Natural Science Department pioneered the tree-planting project on June 15, 2022, in Barangay Capandanan, Lingayen.

Grounded on PSU's core values of "Social and Environmental Responsiveness," the project engaged NSTP, Nat. Sci. Dep't faculty members and first-year BS Biology students led to successfully planting a total of 600 bakawan (mangrove) propagules that will entirely benefit not only the community but essentially the ecosystem in a myriad of ways.
