

EDUCATION FOR ALL

"Every human person deserves an education that will help him better his lot. Providing equal access to quality education will empower people from all walks of life enabling them to carve a niche in the society." - Dexter R. Buted

2022 ANNUAL REPORT

VISION

To become an ASEAN Premier State University in 2025

MISSION

The Pangasinan State University, through instruction, research, extension, and production, commits to develop highly principled, morally upright, innovative and globally competent individuals capable of meeting the needs of industry, public service and civil society.

GUIDING PHILOSOPHY

The Pangasinan State University's leadership adheres to develop the Filipino educational philosophy that education is geared towards better citizenship and livelihood and the United Nation's declaration that EDUCATION IS FOR ALL giving ACCESS to quality education.

HIS EXCELLENCY
President FERDINAND R. MARCOS JR.
Malacañang Palace, Manila

Through: J. PROSPERO E. DE VERA III
Chairperson, Commission on Higher Education
Diliman, Quezon City

SIR:

Greetings of Unity from Pangasinan State University!

First, please accept our sincerest gratitude for the continuous support you have been endowing the stakeholders of our academic institution.

It is our honor and privilege to humbly submit to your good office the Annual Report of Pangasinan State University for 2022. This year's report includes the performance highlights of the University for the past eight years under the tutelage of the undersigned.

The Annual Report mirrors our performance along our four-fold function in instruction, research, extension and production adhering to the national development goals of the country.

As we continually deliver relevant services as a higher educational institution, we uphold our shared responsibility of providing excellent education as mandated by the Constitution.

We also reiterate our pledge of loyalty and commitment to help improve and uplift the life of the people especially the Pangasinenses and Ilocanos in the Region.

May this compendium of our accomplishments be a manifestation of our dedication and gesture of our unified support to your Administration's goals as enunciated in the Philippine Development Plan 2023-2028.

Most Respectfully,

DEXTER R. BUTED
6th University President
Pangasinan State University

ELBERT M. GALAS
7th University President
Pangasinan State University

FOREWORD

The 2022 fiscal year was remarkable in many ways. Following the difficult pandemic years of 2020 and 2021 we entered a phase marked by upswings. Facing all the challenges, Pangasinan State University (PSU) has proven itself as a strong, focused, and goal-oriented academic institution.

This is the result of coming up with a Strategic Development Plan (SDP) which helped us make the most of the prevailing conditions and enabled us to respond quickly, efficiently, and effectively to unforeseen and unexpected circumstances. The SDP allowed us to proactively shape our functions to implement responsive and relevant strategies and activities.

The figures and the narrative of accolades will speak for themselves. All of these are the result of what we did together for our stakeholders especially our students and personnels who are at the heart of everything we do.

This year's Annual report will feature the accomplishments of PSU in the past eight years under Dr. Dexter R. Buted's tutelage from 2014-2022. This is the summation of the transformation he introduced to the academic institution which engendered the PSUnian pride and defined genuine public service.

“MESSAGE FROM 6TH UNIVERSITY PRESIDENT

For more than 40 years, Pangasinan State University has risen to meet the greatest challenges of our times and brought our intellectual capacity and academic ethos to bear on the issues that demand the attention of the best leaders.

At the heart of our commitment to the public good is our vision, mission, goals and objectives (VMGO) which substantiates all our activities and aspirations. This year 2022, it has been a beacon amid a sea of uncertainty — as it has guided our work to serve the public through education, research, and community service. And as this year concludes my two-term rule as the University President, I graciously present these modest achievements which transformed PSU into what it is now – an institution that is becoming one of ASEAN’s premier state universities.

In a span of eight productive years, my administration was able to produce organizational outcomes that are congruent with the vision and strategic direction that I presented when I was applying as the 6th PSU President. Fast forward to the present, several quality assurance mechanisms were put in place to ensure that operations are continuously improving and compliant with the requisites of international quality standards. Recently, we have gained international recognition from the QS Stars Rating System as the University was awarded three Stars overall rating and five stars in five criteria out of eight. Also, PSU is the first Philippine Educational Institution to receive the Philippine Quality Award Level 3: Mastery in Quality Management, the first SUC in the Philippines and in Asia to bag the Investor in People Gold Award, the first SUC to in the country to receive the Multi-Campus ISO 9001:2015 Certification, Institutional Accreditation Level IV, one of the 20 SUC Level IV among 113 HEIs in the Philippines, PRIME-HRM Bronze Awardee, and the first SUC in Northern Luzon to be certified in the CHED Institutional Sustainability Assessment. The Certificates of Compliance (COPC) of our curricular program offerings were also awarded for most of the programs compared to just a few when I took the helm. We are consistently producing Topnotchers year after year over the last ten years in the various licensure examinations proving that the graduates we produce are highly skilled and competent ready to excel in their fields of specializations and industries. In research, we have launched the Salt Congress which aimed to revitalize the salt industry and open doors of opportunities for

collaboration with various government agencies, local government units, and entrepreneurs.

Before I step down, I was able to ensure that my brainchild of building a hotel for the University will be realized. The Golden Lion Hotel started its operations this year and is now becoming the most sought-after venue for significant events in the province catering to the needs of the hotel and tourism industry. The second phase of the Grand Legacy Building is also being constructed now. Moreover, all campuses have adequate laboratory rooms and equipment, library and learning spaces which greatly improved the learning experience of the PSU academic community. PSU has truly come a long way in terms of providing modern infrastructures and facilities to upgrade the learning experience of both students and faculty. Other highlights of what I was able to accomplish with the help and support of each PSUnian are hereby presented in this report.

Lastly, thank you for the chance to be the leader who was able to initiate change and propel PSU to its full potential. The era of quality management will forever be etched in the chronicles of Pangasinan State University because of the hard work, cooperation, and commitment the PSU Power Team has generously and passionately given.

Long live, Pangasinan State University!

DEXTER R. BUTED
6th PSU President

MESSAGE FROM

7TH UNIVERSITY PRESIDENT

I am deeply honored and humbled to hold the helm and be the 7th President of this great university. Let me express my gratitude to the Board of Regents, Search Committee, my family and friends, to all of you, and to our God Almighty who guided me and gave me strength all these times.

I also want to thank our unparalleled former President Dexter R. Buted who has projected the University to towering heights and set the stage for an exciting next chapter. It will be an honor and a privilege to tread on his heels and build upon the tremendous progress that he – and all of us have accomplished during his term. President Buted has been a champion for promoting quality and excellent education in PSU and has catapulted this institution to prestige and recognition in a multitude of aspects. As the pandemic is over, our commitment to staying focused on this excellence that PSU has been honored to identify itself to remains unflinching, in facts grows even stronger.

The University has evolved into one of the nation's leading institutions of higher education with a bold vision. This vision combines the best quality of education emphasizing student-centered learning with a strong complement of distinguished graduate programs aimed at meeting strategic regional and national needs.

Our love of learning, longing for discovery, commitment to pursuing truth, and making our communities better place are the underpinnings of this institution. We educate broad thinkers who develop and practice critical reasoning; are team-ready as a result of the collaborative, interdisciplinary learning they experience; are excellent communicators; and are able to approach problem-solving not only from multiple perspectives but from an ethical frame.

Indeed, PSU has had a remarkable history of successful presidents who have guided the University through tremendous growth and change. This legacy reflects a strong institution with a clear sense of identity and purpose. Working with the entire University community, I will strive to continue, and build upon, that powerful tradition.

I am grateful for the trust you have placed in me, and I will work to justify your faith and earn your trust. You should expect nothing less than my full and complete commitment as I serve as your president, but until then, I would ask for your help as I perform my colossal duties as your president. The clarion call and the challenge now is to continue the transformation, so that it may bring about even more opportunities for the future of PSU.

Stay with me on course as we realize our Vision, together.

God bless us all.

ELBERT M. GALAS
University President

THE 2014-2022 PERFORMANCE HIGHLIGHTS OF DR. DEXTER R. BUTED 6TH PSU PRESIDENT

STRATEGIC PLANNING

PRESIDENT'S HOUR

SG1: EXCELLENT STUDENT LEARNING & CAREER DEVELOPMENT

Curricular Program Offerings. During a span of eight years, the University has expanded its curricular program offerings by adding new undergraduate courses such as BS Tourism Management, Bachelor of Technology and Livelihood Education, Bachelor of Physical Education and Bachelor of Science in Agribusiness Management.

K-12 Initiative. The University also accommodated the senior high school programs during its implementation in 2017 up to 2019 by offering the Academic strand which includes the tracks on Accountancy, Business Management, Humanities and Social Science, Technical Vocational and Livelihood Track with focus on Agri-Fishery, Home Economics and Information and Communications Technology. All campuses in PSU except PSU-Binmaley accepted senior high schools in their campuses.

Flexible Learning. With the unprecedented impact of the COVID-19 pandemic, the University was compelled to transition from the traditional mode of learning into the blended mode of learning employing synchronous and asynchronous strategies to continue offering quality education in the midst of the worldwide health contagion. The faculty members and students turned their homes into classrooms and were mandated to capacitate themselves with the technological skills needed to survive and thrive using the virtual platform. In PSU the delivery of lessons is a combination of residential (in campus of F2F) for an hour per week or 8 weeks per semester for a 3-unit course and 36 hours for home-based (off-campus). Relevant and appropriate rubrics to evaluate the performance of the students for each delivery mode used shall be prepared and utilized. It is a flexible learning environment that aims to optimize student engagement and collaboration without compromising the intended competency-based learning outcomes regardless of what instructional delivery mode will be used. The university

subscribed to a learning management system- Microsoft Teams which was essential in conducting asynchronous and synchronous classes given the travel restrictions and stricter health protocols in 2020-2022. Moreover, faculty members were given one tablet each in 2020 and sim cards with free load were given to poor but deserving students.

University Rank. Pangasinan State University-Urdaneta City Campus was included as one of the top performing colleges and universities based on a survey posted by finduniversity.ph. in 2018. With a passing rate of 91.6%, PSU-Urdaneta ranked 7th alongside University of the Philippines Diliman as 1st (98.2%); University of the Philippines-Los Baños as 2nd (97.6); while Ateneo de Manila University (ADMU) secured the third spot with 96.9%. Also, in the rank are University of the Philippines Manila- 4th (96.0%) and University of the Philippines Visayas who landed on the 5th place with 92.0% followed by De La Salle University on the 6th place with 91.7%. Also, PSU Urdaneta City Campus ranked 17th in the ranking of best Philippine schools to study mechanical engineering, according to an article posted by College Tips (@collegetipsph) on September 2, 2018. The ranking was initiated and crafted by Local pulse (www.localpulse.net) which included thirty-nine of the nation's top mechanical engineering schools, based on overall board exam performance which includes number of examinees and top performing examinees and other factors. Further, PSU ranked 2nd among the top performing Mechanical Engineering schools out of 206 in the 5-year (2014-2018) aggregate data of mechanical engineer licensure examinations with at least 100 examinees and above the weighted passing rate of 70 percent. Pangasinan State University is also first among thirteen recognized Higher Education Institutions in the uniRank's 2018 Ilocos Region University Ranking. The uniRank university ranking aims to provide a non-academic League Table of all Philippine SUCs. Ranking was made upon an algorithm including five unbiased and independent web metrics extracted from four different web intelligence sources: Moz Domain Authority, Alexa Global Rank, SimilarWeb Global Rank, Mejestic Referring Domains, and Majestic Trust Flow.

PSU Host 1st Youth Leadership Institute. Pangasinan State University Bayambang Campus hosted the first Pangasinan Rizal Youth Leadership Institute (PRYL) held at the Bayambang Events Center last March 2, 2018. The event was attended by 1293 participants from Local Government Units (LGUs), high schools of Bayambang, and student leaders from the nine campuses of PSU.

Curriculum Quality Audit. PSU was one among the nine universities belonging to the National Network of Normal Schools (3NS) of the Philippines recognized by the BEST Program, the Philippine Research Center for Teacher Quality (RCTQ), the Philippine Normal University and the University of New England, Armidale for participating in the year-long Curriculum Quality Audit (CQA) process. Through the CQA, participating schools learned to revise and align their respective teacher education curricula with the new teacher quality standards triggered by the K to 12 education reform and as set out in the newly-adopted and Australia-supported Philippine Professional Standards for Teachers (PPST).

Faculty Scholarship Grants. Full-time and part-time scholarships have been granted in both international and local arenas to enrich the knowledge skills and teaching pedagogy of faculty. Engr. Rizalyn Centino Illumin, PSU Chairperson of the Civil Engineering Department and Executive Secretary of Urdaneta City campus pursued through a scholarship grant provided by CHED and Japan International Cooperation Agency and therefore had been conferred the degree of Master of Disaster Management at National Graduate Institute for Policy Studies (GRIPS), Japan. Dr. Rico Reyes of PSU Bayambang has successfully accomplished his Masters in International Education at Namseoul University (NSU) located in Seoul, South Korea. This was completed as part of the university development program, which took place from August 1, 2019 to July 31, 2021. Dr. Oliver Caasi completed his PhD in Plant Pathology at Chiba University in Japan from 2016-2020. He received a scholarship from the Japanese Ministry of Education, Culture, Sports, Science and Technology. Additionally, 15 faculty

members from various campuses were awarded full-time scholarships under the CHED-SIKAP program. Furthermore, five faculty members were granted sabbatical leave to conduct research and create educational materials. Moreover, there were 76 faculty members awarded with full-time and part-time scholarships under the CHED K-12 scholarships for graduate studies.

PSU KONEK-ICT: Forging of Strong Partnership Between PSU and LGUs. PSU had productively partnered with 26 municipalities in Pangasinan to provide learning spaces with ICT facilities to students. Now, there are four (4) operational ICT-Konek projects all over Pangasinan. Among the 26 municipalities who signed a memorandum of agreement with PSU for the ICT Konek Project, San Manuel is the very first LGU to blast off the said project. Students from Urdaneta City, Sta. Maria and Asingan will roister online learning amidst the pandemic. It is the primordial goal of the said project to hammer out online mode of learning and make it accessible to rural and remote areas. ICT Konek centers also operated in Basista, Malasiqui and Bayambang.

Radio and TV-Based Instruction, Ready for Operation. Radio and TV-Based Instruction was introduced that can tailor-fit every learner's needs, regardless of the limitations to remote learning in their area. This strengthened the resiliency of the education system in PSU beyond the CoVid-19 pandemic. The university has purchased Radio and TV Broadcasting equipment which will serve as an additional platform for public announcements, supplemental teachings and most importantly as vehicle to deliver instruction. For TV and radio-based teaching, the University will soon be launching a TV Program—a program that converts self-learning modules into video lessons that will be soon accessible in USATV.

1st Virtual University Graduation. The University's 41st Commencement Exercises with the theme "PSUnians: Huwaran ng Katatagan at Kahusayan sa Bagong Normal" was conducted on December 5, 2020 at 1:00 P.M. via official Facebook page: Pangasinan State University and Youtube channel: PSU PRPIO. All students were invited to watch the telecast of the said virtual graduation. To ensure the heartfelt spirit of the Commencement Exercises and Ceremony, all graduating students were highly encouraged to participate in the following program segments: Shifting of Abaray na Dayew; Ceremonial Abaray Toss; Pledge of Loyalty to the Alma Mater; Acceptance of Diploma from the Parents; and Induction of the Graduates to the University Alumni Association, Inc.

Gawad Parangal Sa Mga Natatanging Mag-aaral. Gawad Parangal is the annual eminent students' award ceremony of PSU that started on 2015 wherein the students of great leadership with outstanding academic records were recognized. The prestigious award hails the students with excellent academic track records and awe-inspiring contribution to the school, community and country.

Institutionalized Admission Tests. The University improved its admission process in accepting enrollees by institutionalizing the campus admission tests in the nine campuses of the University. Stanine for board programs were set at 4.0 which is the average stanine which led to improved board performance of the curricular program offerings of the University in the national licensure examinations.

PSU-CAT Online Applications. Prospective PSU students can already avail the services of applying online as they express their desire to be admitted in the university 24/7 anywhere in the world through the CAT Online Applications.

Creation of Council of Deans and Chairs and Council of Executive Directors. The university has established two councils to effectively supervise and monitor all academic programs. This ensures a harmonized system of quality assurance for academic operations and governance across all campuses. The councils are responsible for coordinating common

concerns and achieving expected outcomes. They also serve as the official entity for formulating, reviewing, and assessing academic policies, standards, and guidelines. One crucial program performed by these councils is the harmonization of curricula and syllabi for common programs to ensure that no campus is left behind in the enrichment and updating of the university's academic programs.

Mass Revision of Curricula. The university conducted a curriculum summit in March 9-13, 2020, to capture the inputs from various stakeholders of the university such as parents, alumni, government and non-government institutions and industry partners as we comply with the newly released CHED-CMO on policies, standards, and guidelines for each program. These were used in the creation of a responsive and excellent curriculum for each program in the university. A follow up-curriculum review was carried out on May 4-7, 2021, to integrate general education institutional courses that align with the university's vision. These include Personality Development, Global Citizenship, and Entrepreneurship. The curricula contents and tracking of all academic programs were duly noted and approved by CHED- Region 1 as of June 25, 2021.

Departmentalized General Education Examination. The university implemented the departmentalized midterm and final examinations for general education subjects. This was based on the premise that each faculty uses the harmonized general education syllabi for these subjects. This was employed as a strategy to harmonize the topics and strategies in teaching these subjects. This is also used as an approach to better prepare the students in their licensure examination.

Financial Support to Licensure Examination Review. At least five students from each board program who graduated with Latin honors were provided financial support for licensure examination reviews conducted by reputable review centers in the country. Our financial support includes covering the full review fee and providing payment for the students' board and lodging.

Boundless and Adequate Library Services and Support. The university has purchased e-books and subscribed to different e-journals that are now available for students and faculty to access from the comfort of their own homes. These electronic copies are accessed through their respective Campus++ portal. Moreover, the libraries of different campuses were improved in terms of their capacity, aesthetics, and facilities to accommodate and encourage more library users. The university subscribed and purchased library materials and resources with an amount of Php 10, 824, 520.00 for synchronous, asynchronous, and face-to-face classes.

Flexible Internship/OJT/Practicum Program. Pangasinan State University is one of the very few universities that continuously provided academic services and support during the onset and onslaught of COVID-19. Despite the challenges posed by COVID-19, PSU implemented the online internship and/or hybrid internship programs. These allowed students to acquire the necessary skills and competencies as they complete their degree on-time.

Mentoring and Financial Support to Aspiring Professors. The administration, under the leadership of Dr. Dexter Buted, fully supported aspiring professors in the 8th NBC cycle. They were given review sessions and three-day coaching and mentoring to help them pass the professorial examination and interview. There were 21 additional full-fledged professors in the university, the biggest number in the history of PSU.

SG2: STRONG RESEARCH CULTURE & TECHNOLOGY TRANSFER

PSU Receives SIKAP Award. Pangasinan State University was awarded the Sambayanang Itinataguyod ang Kaalamang Agrikultura at Pangisdaan (SIKAP) by the Agricultural Training Institute (ATI) Regional Training Center I in Sta. Barbara, Pangasinan, on March 7, 2018. This is in recognition to the invaluable support and contribution of PSU to the programs, projects, and other activities in the attainment of ATI's goals anchored to the growth and development of Agriculture and Fishery sectors.

PSU Launches Food Innovation Center (FIC). Pangasinan State University (PSU) with Department of Science and Technology (DOST) officially launched the PSU-DOST 1 Food Innovation Center (FIC) through an inauguration ceremony held at PSU Bayambang Campus on August 11, 2018. The center aims to focus on the provision of innovative technologies and technical services for the sustainable development of industries.

PSU Hosts 5th Regional Agriculture and Fisheries Extension Network (RAFEN) 1 Symposium. The 5th Regional Agriculture and Fisheries Extension Network (RAFEN) 1 Symposium was held at the Convention Hall of Pangasinan State University on October 18-19, 2018. RAFEN 1 has a goal of unifying strategies, approaches and vision of the agriculture and fisheries extension system in the region. The conference objectives showcase the best extension practices of the RAFEN-member agencies and LGUs and at the same time provide

updates on the programs and projects on its convergence initiative “Timpuyog Idyai Away: Dur-as inna Iburay” or Damayan sa Barangay, Ginhawa Ibigay.

PSU Collaborates with UP for California Research Institute Initiative. Pangasinan State University teamed with University of the Philippines Diliman (UPD) in partnership with University of California Berkeley to become a partner Higher Education Institution (HEI) to make collaborative researches on Resilient Electricity Grids funded by Commission on Higher Education- Philippine-California Research Institute (CHED-PCARI). Part of this program is to conduct research and field deployment of advanced metering infrastructure with DECORP, a host distribution utility. Aside from collaborative research programs, training programs and curriculum development will also be included in the agenda.

PSU-PCAARRD Launches Mangrove Crab Hatchery Project. Pangasinan State University has officially launched the groundbreaking of PSU- Philippine Council for Agriculture, Aquatic and Natural Resources Research Development (PCAARRD) Mangrove Crab Hatchery Project last June 30, 2018 at PSU Binmaley Campus.

PSU Faculty's Invention is Lone Entry to NSTW. Dr. Catalina C. Platon, Director for Intellectual Property, Research Utilization and Ethics and faculty member of Lingayen Campus presented her Instructional Binaural Acoustic Stethoscope (IMBAS) Invention last July 17-21, 2018 in the National Science and Technology Week (NSTW) at the World Trade Center, Manila. The invention of Dr. Platon is the lone entry from all State University and Colleges to make it to the NSTW.

Regional Invention Contest and Exhibits (RICE) Champion. PSU is the Over-all Champion in the recently concluded 2019 Regional Invention Contest and Exhibits (RICE) at Candon City, Ilocos Sur on October 15-17, 2019 organized by the Department of Science and Technology Regional Office No.1. PSUnians showcased their entries along different categories which include Outstanding Utility Model, Outstanding Industrial Design and LIKHA or the Outstanding Creative Research. First Placers in the different categories will move up to participate in the National Invention Contest and Exhibits (NICE) next year. The winners amassed a total of PhP 115, 000.00 worth of cash prize.

1st Southeast Asian Conference on Academic and Research (SEACAR). PSU organized the first Southeast Asian Conference on Academic and Research in 2019 in collaboration with the Southeast Asian Ministers of Education - Innotech participated in by delegates from all over southeast Asian. Some of the lectures were "Best Practices in Initiating and Sustaining Partnerships for US and Philippine Interactions," "Education and Research Development 2030: Philippine Perspective and Engagement," and "Academe Industry Partnership for Capacity Building”.

PSU Signs MOA with DOST-PCIEERD for 1st 3D Printing Laboratory in Region 1. Pangasinan State University and the Department of Science and Technology – Philippine Council for Industry, Energy and Emerging Technology Research and Development (DOSTPCIEERD) met via Zoom on January 5 to conduct the Memorandum of Agreement (MOA) signing of the newly approved Institutional Development Plan (IDP) entitled "Solid Freedom Fabrication Research Laboratory"(SoFFreL). The PCIEERD 6.5 million funded project aims to provide facilities for concept modeling, prototyping, rapid tooling, and digital manufacturing. Said laboratory is the 3rd 3D Printing Laboratory in Philippines and the 1st in Region 1 to employ 3D printing in Metalcraft fabrication. The rapid prototyping and manufacturing technology (RPM), is an integration of many different disciplines. It generates an entity by first forming a series of layers according to the dispersed section information of the digital model, and then piling the formed layers sequentially together. With the progress of material and enabling technology, many new RPM techniques emerged and have been already applied in the fields such as rapid tooling/moulding, direct formed usable part, nano-

/micro-RPM, and biomanufacturing. All these will enable PSUnians' to materialize their blueprints relevant to rapid prototyping and manufacturing research.

RDE Explores Pangasinan's Salt Industry. The Research, Development, and Extension (RDE) team explored the salt farms of Pangasinan to survey their salt production, marketing strategies, and demographics. The Office of the Vice President for Research, Extension, Innovation and Gender and Development made the rounds in the six districts of Pangasinan to gather data on the salt industry of the province of Pangasinan. Seven Salt-making City/Municipalities in the province were identified namely: Alaminos City, Dasol, Infanta, Anda, Bolinao, San Fabian and Mangaldan.

1st Philippine Salt Congress. The University organized the 1st Philippine Salt Congress conducted on November 26, 2022 at the Sison Auditorium Capitol Complex in Lingayen, Pangasinan with the theme "Recognizing the Salt Industry Towards a Self Sufficient Philippines". The initiative focused on the revival of the salt production and the innovative ways to improve the old technologies and traditional production processes of its current practice. International plenary speakers from Indonesia delivered insights on the importance and improvement of salt production which will help to increase income, employment, and local production share in the Philippine economy. All researches presented relevant to the salt industry was also evaluated with focus on technology development, value adding and other commodities combined with salt and social welfare, economics, marketing and policy making.

Nipa Alcohol Production Research Project. The University has been working on producing ethanol from Nipa tree for it is abundant in Pangasinan. The idea started during the pandemic wherein the country is facing a health crisis. Pangasinan is the only province in Region 1 that grows Nipa. PSU initiated the said project as it recognizes the limited supply of ethanol not only in the province and the region but even nationwide during the COVID19 pandemic. The University will produce ethanol using the technology developed by MMSU to augment the supply of hand sanitizers in Pangasinan. Further, the team collaborated with other institutions for the said project such as the Department of Science and Technology (DOST), Commission on Higher Education (CHED), and Central Luzon State University (CLSU). The PSU Bioethanol RDE Team went to Brgy. Bantayan, Lingayen, Pangasinan because it has large areas of Nipa Plantation and discussed with the Barangay and Farmers' Organization officials the possibility of establishing a village-scale bioethanol facility in the community.

Moringa Seedling Production Project Under Bayanihan II. By Virtue of the Memorandum of Agreement signed by the Department of Agriculture – Regional Field Office (DA-FRO) I and Fishery Council (RAFC), representing the private sector NGO forged a memorandum of agreement with Pangasinan State University on the proposed demo farm for organic moringa seedling production in the province of Pangasinan. PSU is one of the identified recipient/implementers of the "Massive Malunggay Seedling Production" under the Bayanihan II. The DA-RFO 1 recognizes that the University within its regional jurisdiction have the sufficient infrastructure and capacity to produce planting materials and seedlings. Also, PSU sealed a partnership through a Memorandum of Understanding with the Moringa Philippines Foundation, Inc. (MPFI), a network organization serving the Moringa supply chain in the Philippines in July 29, 2020 in Carmen, Rosales, Pangasinan. The agreement between the partners advances the promotion of research, extension and innovation of Moringa in Pangasinan. The Signing of the Memorandum of Agreement and the ceremonial planting of Moringa activity was also undertaken in PSU Infanta in August 17, 2020.

Research Centers. The University has twelve (12) Research Centers, namely the (1) Food Innovation Center (FIC), (2) Integrated Agriculture Research and Development Center, (3) Center for Hydrology, Aquamarine, Natural and Ocean Science (CHANOS), (4) Center for

**THE 2014-2022 PERFORMANCE HIGHLIGHTS OF
DR. DEXTER R. BUTED
6th PSU President**

Machine Automation and Technology Innovation Center (MATIC) was founded on September 26, 2019, by BOR resolution No. 104, as one of the University's 12 research centers. It is located at PSU Urdaneta City Campus, Urdaneta City, Pangasinan. The center's primary focus is on technological innovation, engineering, automation, and advanced manufacturing, which will support other REIGn centers of the university.

There are three major components of the center:

Solid Freeform Fabrication Research Laboratory (SoFFReL) funded by DOST-PCIEERD, is the first 3D Printing laboratory in region 1 that aims to enhance Additive Manufacturing Research in the region.

Fabrication Laboratory (FABLAB) funded by Department of Trade and Industry (DTI) that aims to support local innovation and improve the competitiveness of micro, small and medium enterprises (MSMEs) by providing them with access to a range of advanced digital manufacturing technologies. The PSU-DTI FABLAB is second in northern Luzon.

Mechatronics Assessment and Training Center for Mechatronics NC II, III, and IV is the first of its kind in Northern Luzon, with the goal of improving technical education and skill of Filipino workers, particularly in Pangasinan.

Fabrication Laboratory (FABLAB)

Mechatronics Assessment and Training Center

The Integrated Agriculture Research and Development Center (IARDC) serves as the REI center for agriculture-related researches in PSU Sta. Maria, PSU San Carlos, PSU Infanta and other campuses. The Integrated Agriculture Research and Development Center (IARDC) was established with following functions:

1. Research in the following fields of specialization: Crop Science, Animal Science, Soil Science, Crop Protection, Agribusiness, Agricultural Economics, and Agricultural and Biosystems Engineering.
2. Promote, undertake and coordinate applied research in the sectors/areas of agriculture such as Crop Production, Animal Production, Postharvest, Agribusiness Management, Marketing, and Agricultural and Biosystems Engineering.
3. Promote and undertake research on agriculture relevant and appropriate in the region with the following commodities: Moringa/Malunggay, Mango, Bamboo, High Value Crops, Iloos Indigenous Vegetables, Rice and Corn, Ornamental and Medicinal Plants, Forest trees, Mushroom, Native Chicken, Native Pig, Goat, Carabao/Bufalo, and Cattle;
4. Promote and undertake research on sustainable agriculture that will help farmers maximize their profit and minimize or prevent environmental degradation;
5. Promote and undertake research on postharvest and processing of agricultural products in order to develop postharvest technologies and new products that will improve the agriculture production and agribusiness in the region;
6. Provide development and extension services to the community.

RESEARCH FACILITIES IN PSU STA. MARIA CAMPUS

- Moringa and Malunggay Syrup
- Urea-Moringa-Molasses-Pellets
- Bamboo Plant Extract Supplement
- Makahiya Extract as antihelmintic

Trainings on Moringa Production, Processing and Marketing

The Salt Technology and Innovation Center (STIC) is a state-of-the-art facility that provides a hub for scientific research, collaboration, technical support, and incubation of ideas that lead to a demonstrable improvement in salt production in Pangasinan. Specifically, it will provide consultation, short courses, training, seminars and analytical services such as physio-chemical analysis of salt and its derivatives. The Center is adequately staffed and is capable for serving the consulting needs of the local salt farmers, industry partners and stakeholders.

The center was established to improve the conduct of the researches of the students, faculty and other researchers of the University and will be under the Vice President for Research and Extension. It will also cater clientele outside of the University.

The Center shall focus on the Salt technology, innovation and production processes of the target clientele improving their yield production capacity. Analytical Services includes physical and chemical analysis of salt and its derivatives. The Center is a hub for training/seminars/workshop/tutorials on the salt technology transfer, production processes, and academic exchange.

Collaboration with Industry Partners

Collaboration with International Organization and National Agencies

Health, Energy, Disaster, and Environmental Sustainability (CHEDES), (5) Machine Automation and Technology Innovation Center (MATIC), (6) Salt Technology and Innovation Center (STIC), (7) Mushroom Technology and Innovation Center (MTIC), (8) Digital Analytics Center (DAC), (9) Center for Statistics and Computing Sciences (CSCS), (10) Center for Business, Economics and Tourism (TBET), (11) Center for Human Welfare, Policy, Governance and Community Development, (12) Center for History, Culture, Arts, Languages and Innovative Education all gear towards knowledge generation, utilization and innovation.

SG3: GOOD GOVERNANCE

Quality Assurance Era. Under the leadership of DRB, the Quality Assurance era was ushered in. The influx of various quality assurance mechanisms ensured the continuous improvement of systems and achieve compliance to international standards and requirements of regulatory bodies. PSU was awarded the QS Stars Rating System 3 Stars, the Philippine Quality Award, the Institutional Sustainability Assessment, the Investor in People Gold and Silver Award, the Institutional Accreditation, the PRIME-HRM Bronze Award and the ISO 9005:2015 Multi-Campus Award.

First SUC IIP Silver and Gold Awardee. Pangasinan State University (PSU) was granted the Investors in People (IIP) Silver Award in the recently conducted 10th IIP Concourse held at the SMX Convention Center, SM Aura Premiere, Taguig City last May 4, 2018. This marked another milestone for the university as the first and only SUC Awardee in the country to be recognized as one of the leading organizations with excellent leadership in people management. The IIP is an internationally-recognized body with the mission to inspire organizations to bring out the best in its people. Among the awards that IIP gives to organizations being models of good practice in terms of people management are accredited, bronze, silver, gold, and platinum. These awards are arranged from high to highest level of

accreditation. The University continued its pursuit and was also given the Gold Award during the next evaluation cycle.

PSU Maintains SUC Level IV Status. Pangasinan State University is among the 20 out of 111 SUCs in the Philippines which garnered a SUC Level IV status. This is based on the FY 2016 SUC Leveling results approved by the National Evaluation Committee through NEC Resolution No. 001-2018 dated June 14, 2018 and the Commission on Higher Education (CHED) through CEB Resolution No. 312-2018 dated June 18, 2018.

Institutional Sustainability Assessment. Pangasinan State university welcomed the assessors and guests from the Commission on Higher Education (CHED) during the Institutional Sustainability Assessment - Self Evaluation Document (ISA-SED) evaluation last July 17-19, 2018. PSU is the first SUC in the Region who passed the ISA-SED evaluation.

PSU Employees Received Performance Based Bonus. More than one thousand two hundred employees of Pangasinan State University received their Performance Based Bonus (PBB) in four consecutive years since 2015 after the Department of Budget and Management marked the institution's eligibility with isolation. The grant of PBB is based on the assessment and evaluation by the Inter-Agency Task Force on the Harmonization of National Government Performance Monitoring, Information and Reporting Systems that PSU has reached its targets.

ISO 9001:2015. PSU has received the Multi-Campus ISO9001:2015 certification by the AJA Registrars, Inc. in 2017 and was given re-certification in 2019. The University also started its journey towards attaining the Educational Organizations Management System (EOMS) journey.

Certificate of Accreditation to PSU Non-Teaching Employees' Association. The Civil Service Commission (CSC) awarded a Certificate of Accreditation to PSU Non-Teaching Employees Association (PSU-NTEA) led by Mr. Ferdinand M. Basilio, NTEA President at Dr. Telesforo N. Boquiren Convention Hall on August 5, 2019. The award served as a turning point for the group since its foundation in 2006 and further reorganization in 2017. It is also a reassurance of continuing improvement in service for the welfare of all non-teaching employees.

Creation of PSU Internal Audit System. The PSU-Internal Audit System is the university's newest office which is created by virtue of Board Resolution Number 102, s. 2019 based from AO No. 70 s. 2003, or "Strengthening of the Internal Control Systems of Government Offices including Government Financial Institutions (GFIs). The mission of the Internal Audit System (IAS) is to assist the University in accomplishing its objectives through a systematic and disciplined approach to evaluate and improve the effectiveness of the organization's risk management, control, and governance processes.

Launching of Electronic Records Management System Project. The project Electronic Records Management System was launched on October 29, 2019 at Dr. Telesforo N. Boquiren Convention Hall, Lingayen. This venture is jointly organized by the Office of the Records Management. The system aims to improve and boost records management as it goes digital using electronic portals and platforms.

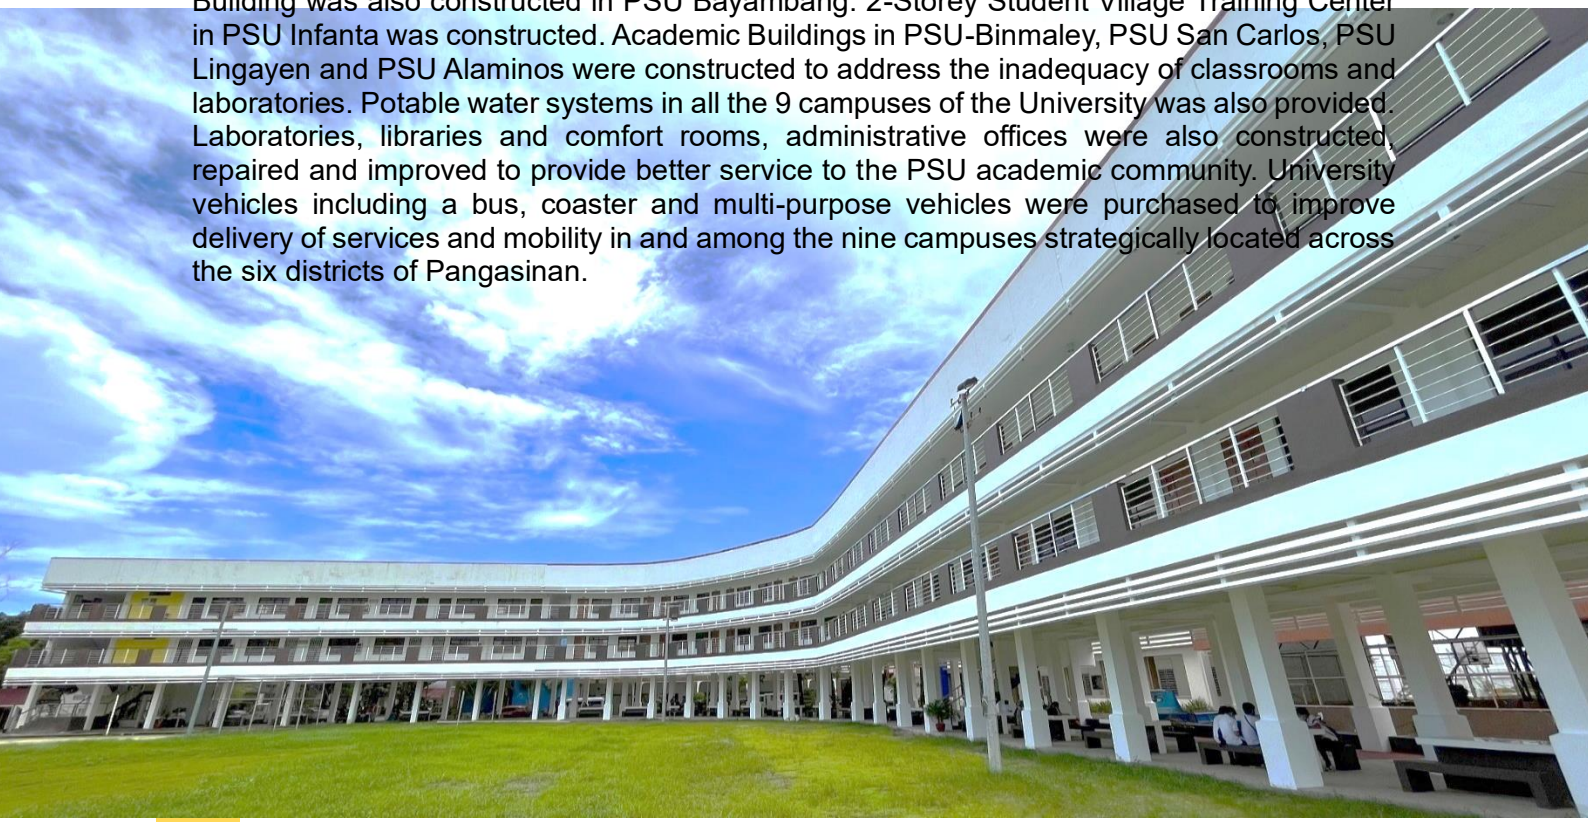

Creation of the Office of the Vice President for Quality Assurance. The creation of the additional division, the Office of the Planning and Quality Assurance headed by the Vice President for Planning and Quality Assurance (VPPQA), Dr. Ruby Rosa Cruz will be the implementing arm of all the quality assurance mechanisms to be implemented by the University to usher in the quality assurance era.

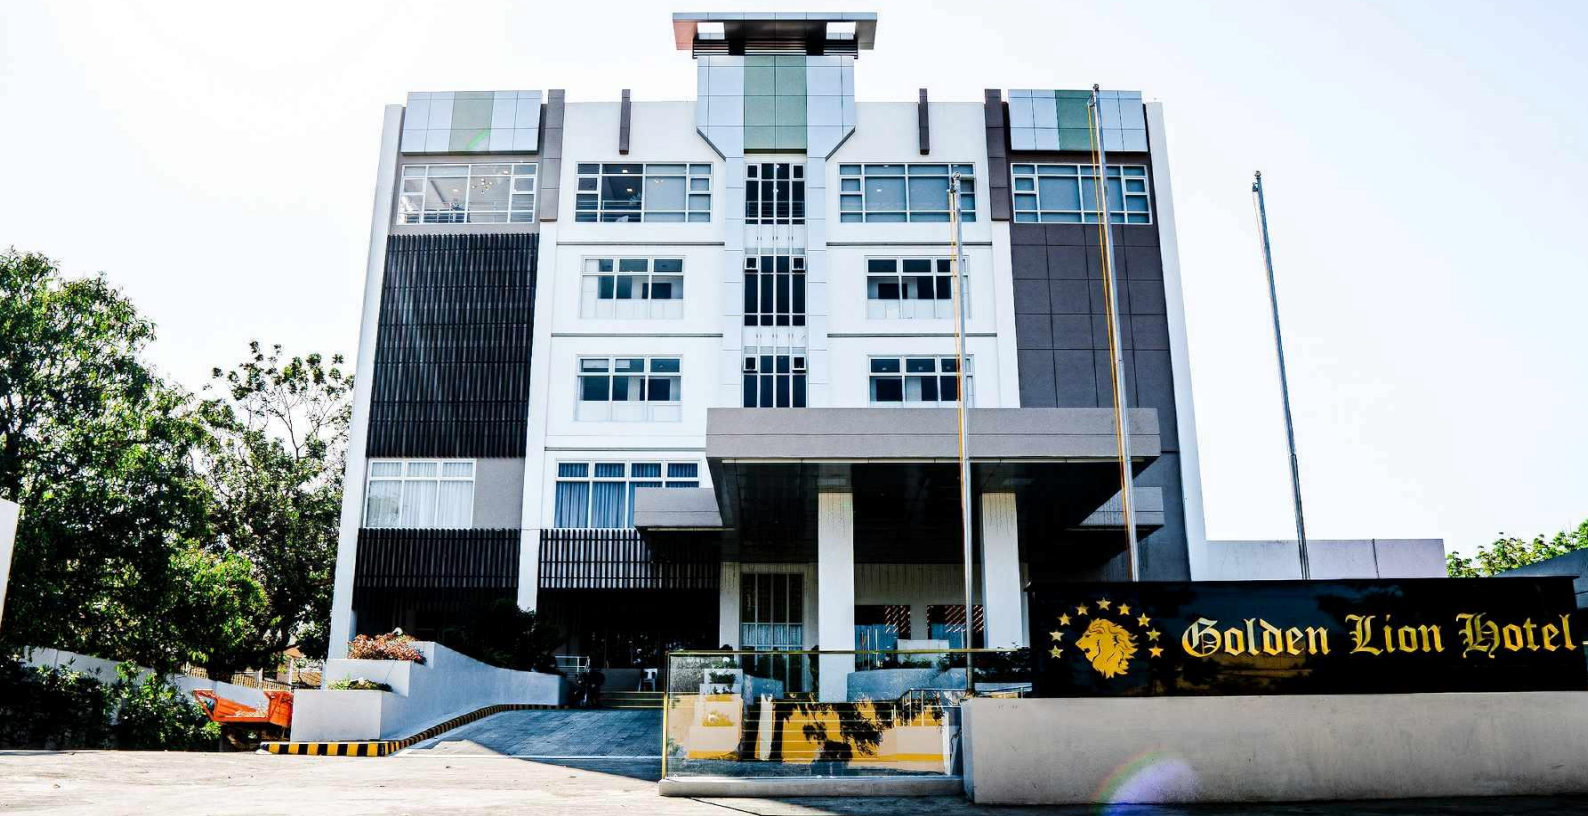

PSU PRIME-HRM Bronze Award: Seal of Meritocracy and Excellence. Through competence and commitment to achieve excellence in service delivery, the university had earned Maturity Level 2 in the criteria of Program to Institutionalize Meritocracy and Excellence in Human Resource Management or PRIME HRM- the flagship program of Civil Service Commission. To qualify for this award, the agency must meet the four core Human Resource Management (HRM) systems: Recruitment, Selection and Placement (RSP), Learning and Development (L&D), Performance Management (PM) and Rewards and Recognition (R&R). PSU is the only State University and College (SUC) in Region 1 granted with the said award at the 120th Civil Service Anniversary celebration and awarding ceremony.

Highest Form of COA Opinion Accorded to PSU. According to COA's Independent Auditors' Report, the auditor rendered an Unmodified or Unqualified Opinion on the fairness of the presentation of the financial statements of the University as of December 31, 2019. Unmodified auditor's opinion is the highest form of opinion that can be accorded to a government agency. It means that the financial statements of the agency are presented in accordance with applicable financial reporting frameworks and that they are in conformity with existing accounting rules and policies.

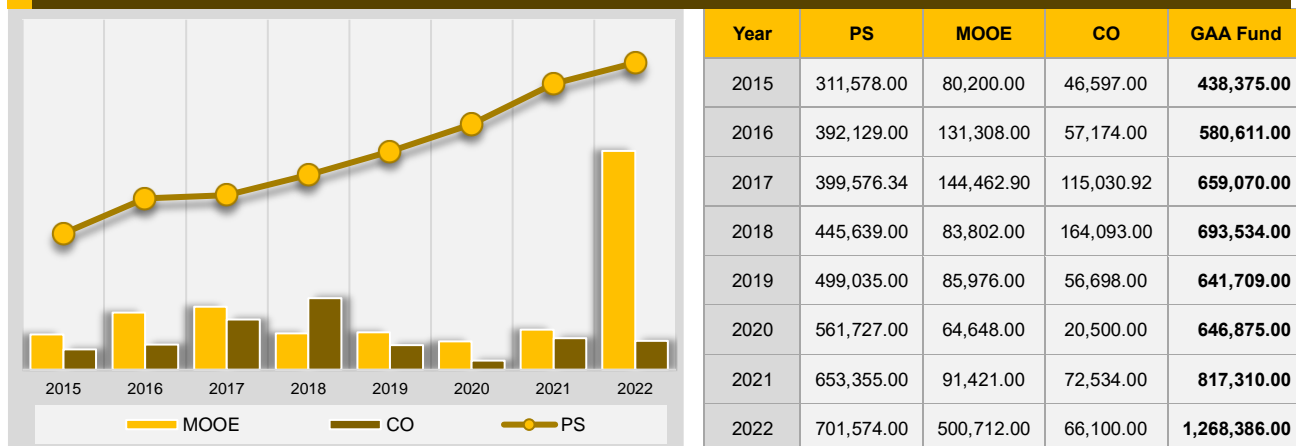

Work from Home Scheme during Pandemic. In PSU, only selected offices and personnel were only open as per advised by the Office of the University President. These frontliners of PSU were the security guards, utility, maintenance, BAC Secretariat, Budget Office, Cashier, Accounting Office, and the medical personnel. Skeletal workforce was also enforced during that time wherein frontliners were only allowed to report at least once a week. The work-from-home scheme was also implemented to limit face-to-face interaction among PSU employees. Reports, communications, and even corporate meetings were done online. New platforms of communications were adapted such as the use of the application Zoom. Faculty members also made sure that their students are updated as they classes were resumed through online platforms. Students were given a month to complete their requirements by sending them through email or by dropping the hardcopies to their respective campus drop boxes at certain schedules. Examinations were also conducted online.

Modern Infrastructures and Facilities. The 5-Storey PSU Golden Lion Hotel is now fully operational to cater to the accommodation and venue needs of various stakeholders in the province and in Region 1. An employee lounge and coaching café was also provided at the main campus. The TechVoc building provided additional classrooms and laboratories in PSU Lingayen as part of the Grand Legacy Building infrastructure project. Sports and Cultural Building was also constructed in PSU Bayambang. 2-Storey Student Village Training Center in PSU Infanta was constructed. Academic Buildings in PSU-Binmaley, PSU San Carlos, PSU Lingayen and PSU Alaminos were constructed to address the inadequacy of classrooms and laboratories. Potable water systems in all the 9 campuses of the University was also provided. Laboratories, libraries and comfort rooms, administrative offices were also constructed, repaired and improved to provide better service to the PSU academic community. University vehicles including a bus, coaster and multi-purpose vehicles were purchased to improve delivery of services and mobility in and among the nine campuses strategically located across the six districts of Pangasinan.

SG4: SUSTAINABLE SOCIAL RESPONSIVENESS

Barangay Forum on Extension Services. To upscale conduct of extension services as one of the university's core functions initiated a Barangay Forum on August 30, 2019 at PSU Lingayen HRMTC Function Hall. The activity captured significant inputs from different barangay officials vis-a-vis potential extension services that can be initialized with them.

PSU Launches SK Mandatory Training. Pangasinan State University launched an SK Mandatory Training for the newly elected SK officials of the different municipalities and cities of Pangasinan: Alaminos City, Bayambang, Binmaley, Bolinao, Lingayen, Malasiqui, Mangatarem, and San Carlos City on May 16-17, 2018. Pursuant of Republic Act No. 10742 or the Sangguniang Kabataan Reform Act of 2015, the mandatory training is bounded by Section 27 - Mandatory and Continuing Training Programs. PSU is one of the two Learning Resource Institutes (LRI) chosen by the DILG Regional Office to manage the training. Training Team includes selected HRMD Personnel as Onsite Leaders, while the teaching staff from served as facilitators and resource speakers.

PSU Partners with R1MC for Mass Blood Donation Drive. A Community-Based Blood Donation in partnership with Region I Medical Center (R1MC) was facilitated by the Medical-Dental Office of Pangasinan State University last May 28, 2018. Also, in support to the "Be there for someone. Give Blood, Share Life" advocacy of the Philippine Red Cross, PSU Lingayen and Alaminos City Campus and conducted a Mass Blood Donation on September 5, 2018.

Disaster Resiliency Mapping of Mission Critical Infrastructure and Investments of SUCs in the Philippines. A MOA signing was conducted between Cagayan State University and PSU on Disaster Resiliency Mapping of Mission Critical Infrastructure and Investments of SUCs in the Philippines project for a safer and stronger PSU community on March 21, 2019.

Bureau of Fire and PNP Conducts Safety and Security Management Seminar. Pangasinan State University together with the Bureau of Fire and Philippine National Police Lingayen spearheaded safety and security management seminar among students on April 11, 2019 at Dr. Telesforo N. Boquiren Convention Hall. The said seminar aims to train the students on basic life defense. The training involves actual demonstration on the basics of depending oneself from an unlawful act from their environment. Said training also emphasizes readiness, preparedness and alertness of everyone during fire hazards.

National Training program for Newly Hired Teachers with DOST and 3NS. The Department of Education (DepEd), Department of Science and Technology – Science Education Institute (DOST-SEI) and Philippine Normal University in participation of Pangasinan State University (PSU) as member of the National Network of Normal School (3NS) in the Philippines spearheaded the national training program for newly hired teachers under R.A. 10612. The phase 2 of the national training program for the batch 2 transpired last September 4-5, 11-12 and 18-19, 2020 with fifty-four (54) teacher-trainees. This training program is contextualized to immerse teachers in the reality of ICT-enabled learning environments. The training is designed to allow in-service trainees to access and interact with learning content online through PNU's learning management system (LMS). The learning tasks and activities were facilitated using varied ICT learning tools and platforms with the best outputs which were collaboratively selected and showcased by the teacher scholars through an e-Professional portfolio.

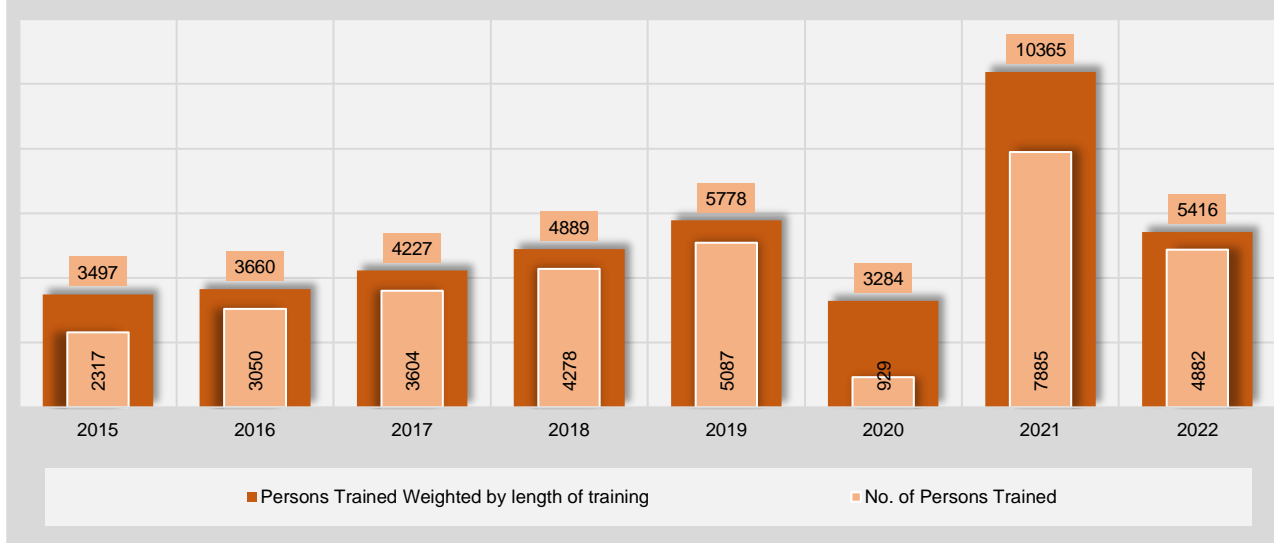

#TULONGSAPAG-AHON: Insignia of Hope to Devastated Communities. The University through the Extension Services Office (ESO) had organized the --- Tulong sa Pag-ahon Relief Operation to help the victims of the said typhoons. The ESO appealed to the good heart of PSUnians to offer charitable monetary donations for this cause. The University and Campus Extension Services Units have accepted donations from generous donors as well as the nine (9) campuses of PSU. Further, the university was able to extend help to the Taal eruption victims in Batangas.

PSU CARES for Indigenous Peoples of Mapita. Research studies involving the indigenous community of Mapita in Aguilar, Pangasinan were initiated to further the plight of indigenous peoples and understand their culture and heritage better. PSU-Lingayen Campus in partnership with Junior Chamber International (JCI) and Freemasonry organized a project to provide some farm equipment to the indigenous Mapita Farmers last August 25, 2020. The awarding of the donated equipment is a move to put into action and address one of the findings of a study on the IPs of Mapita, Aguilar conducted by PSU- Lingayen researchers.

PSU-DOST FIC Delivers COVID-19 Healthy Food Pack Aid. Pangasinan State University - Department of Science and Technology I Food Innovation Center (PSU-DOST I FIC) spearheaded an initiative of handing down healthy food packs to PUIs and PUMs. In addition, packs of gratitude for COVID-19 frontliners, through the management of Bayambang Municipal Disaster. The Healthy Food Packs given includes (1) mix vacuum fried vegetables (okra, onion and squash), (2) banana muffin, (3) lettuce-cucumber-singkamas-apple-tomato salad with mango vinaigrette, (4) pasta in red pesto tomato salsa sauce, and (5) bottled water which are all products of the PSU Food Innovation Center.

Tanggol Kalikasan Webinar Series on Good Governance for LGU. PSU and Tanggol Kalikasan hosted a Webinar Series on Good Governance for Local Government Units which started October 27, 2020 and culminated on November 26, 2020. The webinar aims to inform the participants on the concepts of coastal resource management and of the status of the province marine resources. The webinar was participated by coastal LGUs of Dagupan, Binmaley, Lingayen, Sual, Labrador and San Fabian.

Figure 4.1 Extension Services on Persons Trained and Weighted by Length of Training from 2014-2022

SG5: RESPONSIVE TO GLOBALIZATION & DIVERSITY

International Academic Summit. The 1st International Academic Summit was organized by the Pangasinan State University in collaboration with the Southeast Asian Ministers of Education Organization Innovation Technology (SEAMEO-INNOTECH) and the Province of Pangasinan and was conducted on May 15-16, 2014 at the Sison Auditorium in Lingayen, Pangasinan. More than 200 university officials of higher educational institutions from Luzon, Visayas and Mindanao and the presence of International universities from Thailand, Taiwan, Malaysia and Nigeria who participated in the said summit. The summit bannered the theme *“Maximizing Opportunities for Global Education Thru Internationalization”* and paved the way for academic and cultural exchanges for possible collaborations between ASEAN HEIs and Philippine HEIs. The University hosted the 2nd International Academic Summit with the theme, *“ASEAN U-LINK: Sustainable Partnership for Cross Border Convergence”* wherein representatives from Higher Education Institutions (HEIs) of the ASEAN (Association of Southeast Asian Nations) member countries converged on June 28-30, 2016 for a comprehensive academic discussion and sharing of best practices in education necessary in setting standards for educational institutions in the region. The three-day summit kicked-off at Don Leopoldo Sison Convention Center, Alaminos City, Pangasinan, where 150 University officials, directors and students from HEIs in Thailand, Indonesia and from State Universities and Colleges (SUCs) in the Philippines participated. A cultural exchange highlighting the diverse heritage and artistry of various ASEAN cultures was also undertaken. The 3rd International Academic Summit was hosted by the University on November 27-29, 2019 at Lingayen, Pangasinan.

In 2017, **Japan Philippines Industry-University Research Institute** through the Embassy of Japan, chose Pangasinan State University as one of the main venues in celebration of Japanese Festival to enhanced awareness of neighboring countries on Japanese Culture and

Arts conducted on November 7-9, 2017. Waidako was performed by Hiryu High School students from Japan.

Pangasinan State University welcomed the Education and Culture Attaché Office of Indonesian Embassy in Manila to support their intent of promoting Indonesian culture to the Filipino community through an event called "**Glimpse of Indonesia**" on June 4, 2019 held at the TechVoc Building, Lingayen Campus. Also, a Batik Workshop was organized by the Office of International and Local Affairs and was participated by around 150 PSUnians.

Hosting of International Events. PSU hosted the SEAMEO's 6th Evaluation Meeting of the Pre-Service Student Teacher Exchange in Southeast Asia (SEA Teacher Project) on October 16-17, 2018 at the PSU Convention Hall, Lingayen Pangasinan. University Presidents and Officials from different ASEAN countries like Thailand, Indonesia, Vietnam and Cambodia came to the Philippines for this significant event. On October 18-19, 2018, PSU welcomed the participants to the 4th SEAMEO Polytechnic Network Meeting - Agreement and Implementation for the 3rd Batch of SEA-TVET Student Internship Exchange at the PSU Convention Hall, Lingayen, Pangasinan, Philippines.

International Memberships. The University has the following international memberships in academic networks, namely: (1) AUAP (Association of Universities of Asia and the Pacific); (2) UMAP (University Mobility in Asia and the Pacific); (3) AFEN (ASEAN Fisheries Education Network); (4) AAUN (ASEAN Agriculture University Network); (5) SEAMEO (Southeast Asian Ministers of Education Organization); (6) SEAMEO School Network; (7) SEA TVET (Southeast Asia Technical and Vocational Education); and (8) SEA TEACHER (Service Student Teacher Exchange In Southeast Asia).

SEA TEACHER Project. In 2017 the University joined the SEA-TEACHER Student Exchange Program or the “Pre-Service Student Teacher Exchange in Southeast Asia” that aims to provide opportunity for pre-service student teachers from universities in Southeast Asia to have teaching experiences in schools in other countries in Southeast Asia. A total of 136 inbound international students from the international member HEIs of the Southeast Asian Ministers of Education Organization (SEAMEO) while 72 PSU students (outbound) were deployed in 29 various international HEI partners of the University based in Indonesia, Thailand and Malaysia. The exchange program engages 4th year students in 25 curricular programs whose major ranges from math, science, English and pre-school.

SEA TVET Project. In 2018, the University joined the SEA TVET Student Internship Exchange Program with a total of 88 inbound international students accepted by PSU in Alaminos City, Bayambang, Binmaley, Lingayen, San Carlos City, Sta. Maria and Urdaneta City campuses. The University partnered with a total of 40 international HEIs for the inbound SEA-TVET Program. The students were deployed in 23 industries. Moreover, there were 63 outbound students who were deployed in 32 international HEI partners and 38 industries. Most of the students enrolled in PSU Lingayen, PSU Urdaneta City, PSU Lingayen and PSU San Carlos City.

Credit Transfer Program. The Acceptance of Foreign Students from International Higher Education Institutions (HEIs) for Selective Transfer of Academic Units Program was approved by the Board with BOR Resolution No. 51 series 2021 during the 189th Board of Regents Meeting held at the Board Room, Administration Building, PSU Lingayen on April 13, 2021 via Virtual Application Platform Zoom. The University accepted a total of 406 international students from international HEI partners.

Virtual Practice Teaching Program. Due to the ongoing realities of the pandemic, internships and On-the-Job Trainings are restricted, thus the University looked for other service delivery modalities. A Memorandum of Agreement has been signed during a Virtual Ceremony on November 3, 2021 to seal the collaboration for the implementation of the Virtual Practice Teaching. PSU Bayambang was chosen to implement the Virtual Practice Teaching Program because its education program enjoys Level IV accreditation, is a Center of Excellence for the same program. PSU accepted 17 international students (inbound) from Universitas Pendidikan Ganesha, Universitas Sriwijaya and Universitas Tidar in Indonesia for the virtual teaching practicum program while 16 PSU Bayambang students (outbound) were also deployed in the said international HEI partners.

Visiting Professors/Lecturers. The proposal on Visiting Professor Program in the Next Normal was approved by the Board with BOR Resolution No. 50 series 2021 during the 189th Board of Regents Meeting held at the Board Room, Administration Building, PSU Lingayen on April 13, 2021 via Virtual Application Platform Zoom. There are 52 international Visiting Professors/Lecturers invited to teach at the School of Advanced Studies (SAS) and other campuses of the university. The highly competent professors/lecturers are from Thailand, Indonesia, Malaysia, Vietnam and Nigeria.

International Partnerships. The university forged partnerships with various international HEIs through Memorandum of Agreement (MOA) and Memorandum of Understanding (MOU) for academic cooperation and collaboration. The agreements/understandings covered the implementation of programs which includes faculty exchange, student exchange, visiting lecturers, joint research activities, participation in seminars, academic material exchange, and the provision of special short-term educational programs. As of December 2022, the university partnered with 176 international HEIs.

SG6: CUSTOMER FOCUS

Installation of Transparency Wall and Wall of Excellence in All Campuses. PSU institutionalized the installation of both the Transparency Wall and the Wall of Excellence to ensure that all its stakeholders get the necessary information they need and that excellent outputs produced are recognized, respectively. All Bids and Awards postings for PhilGEPS are reflected in the transparency wall including financial concerns complementing those articulated in the Transparency Seal of the University. Topnotchers, Student Awardees, Faculty Awardees, Alumni Awardees and Staff Awardees are being recognized through the Wall of Excellence.

PSU Installs Intercom and Public Internet Service. To provide better service to the university stakeholders and guests, a PABX Intercom Phone was installed at the PSU Administration Building. Moreover, a public internet service from Captive Portal was also installed to cater to students' need for internet connectivity. An initial two hours per day free internet access will later on be upgraded to unlimited access. The said projects were initiated by the Management Information System (MIS) Office.

PSU Gauges Client Satisfaction. To get feedback on the performance and service delivery of the University's frontline services, a survey has been conducted to its clientele by the Human Resources, Management and Development Office. The purpose of said initiative by the University is to gauge the satisfaction of its clients in the institution's frontline services in Admission, Guidance and Testing, Medical and Dental Services, Library, Registrar's Office, Student Services and ETEEAP. The results of said survey shall be used by the University as measure to formulate action plans to address areas that need improvement.

One-Stop Service Center. PSU's One Stop Service Center was launched on October 29, 2019 at the Dr. Telesforo N. Boquiren Convention Center. Around 250 PSU employees and interested individuals outside the university availed quick and easy access to basic services of the different government agencies such as Government Service Insurance System (GSIS), PAG IBIG Fund, Landbank of the Philippines, Social Security System (SSS), Bureau of Internal Revenue (BIR), Philippine Statistics Authority (PSA), Civil Service Commission (CSC), and Professional Regulation Commission (PRC).

SMART Infocast. Pangasinan State University and SMART partnered for the SMART Infocast project. A device to be used to implement the Smart Infocast will compliment as an additional information tool to communicate with the students. Infocast serves as an additional platform to connect when there is no internet connection during their learning. The said system will be operated by the MIS while the PRPIO is in-charge of creating information to be disseminated. The project is a response to the survey conducted by the University which showed that there are more than 70% problem in terms of connectivity which affects flexible learning. Another problem is lack of gadget for almost 95% of the students who are from the family of farmers and fishermen.

PSU e-Career Portal. The University launched the PSU e-Career Portal as a platform to let the stakeholders of PSU to meet with industry partners and check on their job postings for possible employment. Announcements from local and international partners are regularly updated on the said portal.

Message of Gratitude

By the grace of the Almighty, I became the 6th President of Pangasinan State University (PSU). It was a mandate that called for a brand of leadership that gives premium to public service.

The beginnings were difficult. It was a test of character and commitment to do what is right regardless of the infamies, for the interest of the many.

The journey is replete with experiences that I will value wherever destiny brings me - from the good and not so good. All of the challenges I faced will be cherished because I turned to be a better person and transformed PSU into its best.

All the accolades that PSU reaped for the past eight years under my tutelage is not for me to own, but is the legacy we made because all was there and believed in my vision for the University we all love.

I seek your understanding for all my shortcomings as a person and as a leader. And I extend my sincerest gratitude to everyone who helped in their own little ways for making the beautiful present that we all deserve.

Ako si Dexter Respicio Buted, naglilingkod, patuloy na maglilingkod at patuloy na gagawa ng kabutihan para sa kapwa, sa bayan at sa Diyos!

Maraming salamat sa pagtitiwala, paniniwala at pagmamahal!

Magnayon PSU! Agbiag PSU!

A photograph of Dexter R. Buted, the 6th President of PSU, wearing a blue academic gown with yellow stoles and a gold chain with a large circular medallion. He is smiling and looking slightly to the right. The background is a blurred indoor setting with blue and white architectural elements.

I have done my part to make this university a better university. A university that believes in the
POWER OF THE DREAM.

I'm proudly celebrating with you the success of our journey of excellence and always rooting for you on your next journey.

This is Dexter R. Buted, your 6th PSU President, now signing off.

& General Assembly

TRIBUTE FOR
DEXTER R. BUTED

*Never be afraid to do what is right in all instances.
Be the servant of the people and never be ruled by
personal interest.*

*To all who have walked with me in my eight years
journey of making PSU to what it is now, my
heartfelt gratitude.*

Pag-aalay at Pagpupugay para kay Dr. Dexter R. Buted mula sa Class of 2022

Taglay niya ang sining ng paglikha, mula sa pagbuo ng mga ideya, binibigkas ang mga ito nang mahusay at umaani ng matagumpay na bunga. Ang kanyang husay, kasigasigan, at sakripisyo ang nagtaguyod sa pamantasan sa tugatog ng katagumpayang inakala nating imposibleng marating.

Saksi ang bawat PSUnian sa pag-unlad ng Pangasinan State University sa ilalim ng kanyang matalino, inobatibo, at mapagkalingang pamamahala. Hindi maitatanggi na ang sa mahigit pitong taon ng kanyang pamumuno ay naging instrumento sa pagbubukas ng mga oportunidad para sa kapakanan ng bawat mag-aaral, kawani, at guro ng PSU.

Isinulong niya ang isang institusyong naniniwala sa kakayahan ng bawat mag-aaral na magdulot ng mabuti para sa kanilang kapuwa. Ano man ang handog na hamon ng panahon ay nakikita niya ito bilang tulay sa patuloy na paglago. Pamana niyang maituturing ang lahat ng mekanismo at inisyatiba na kanyang pinasimulan para sa higit na kagalingan ng pamantasan. Ang mga parangal at pagkilalang nakamit ng PSU ay patunay ng kanyang marubdob at tapat na serbisyo.

Matatapos man kanyang termino bilang pangulo ay hindi mapapatid ang impluwensiya at karununganang kanyang idinulot na tumatawid hanggang labas ng akademya. Ang kanyang pamana ay mananatili magpakailanman dahil hinubog lakip ng husay at kalinga.

Isang pasasalamat at pagpupugay sa pangulo na walang ibang hinangad kundi ang ikabubuti at ikahuhusay ng Pangasinan State University. Isang pagsaludo sa inyo, mahal na pangulong Dexter R. Buted!

**Saksi ang buong PSU sa
kadakilaan at kahanga-hangang
paglilingkod na inyong
inalay sa PSU.**

**Maraming salamat President
DEXTER R. BUTED**

**- mula sa Pangasinan State
University!**

STRATEGIC GOAL

01

EXCELLENT STUDENT LEARNING AND CAREER DEVELOPMENT

The Pangasinan State University produces another topnotcher in the field of Elementary Education.

Congratulations Thomas Jefferson A. Fernando of PSU-Asingan Campus for landing as Top 3 in the January 2022 Licensure Examination for Teachers!

Another addition to the roster of top examinees of our prestigious university.

PSUnian is Top 3 in Civil Engineer Licensure Exam

Living up to the title as the 'Home of Topnotchers', the Pangasinan State University congratulates another PSUnian for landing on the third spot in the May 2022 Licensure Examination for Civil Engineers.

Engr. Jason Salvador Mejia of PSU-Urdaneta City Campus garnered a score of 93.25, making him the newest addition to the growing number of PSU Topnotchers.

PSU-Urdaneta Campus garnered an overall passing rate of 73.63%, higher than the national passing rate of 42.35%.

The latest addition to PSU's roster of TopNotchers is **KING BASCOS BERGONIO** who clinched the **fifth spot (Top 5) in the November 2022 Licensure Examination for Agriculturists.**

Home of Top-Tier Professionals

Pangasinan State University, San Carlos City Campus, in pursuit of quality and excellence, unceasingly showed beyond doubt to be the “Home of Top-Tier Professionals” in July 23, 2022, Certified Human Resource Associate (CHRA) HREAP Assessment Examination regulated by Human Resource Educators Association of the Philippines, a professional association in the field of Human Resource Management and Development.

PSU-UC hits 100% passing rate in January 2022 Architect Licensure Examination

Three out of three examinees from Pangasinan State University Urdaneta Campus recently passed the January 2022 Architect Licensure Examination, recording a 100% passing rate for the university administered by the Professional Regulation Commission (PRC)

The results are released on January 27 or in four (4) working days after the exam. It is in alphabetical order as per R.A. 8981 otherwise, known as PRC Modernization Act of 2000 Section 7(m) "To monitor the performance of schools in licensure examinations and publish the results thereof in a newspaper of national circulation."

PRC conducted the licensure exam in Manila, Baguio, Cebu, Davao, Iloilo, Legaspi, Lucena, Pampanga, Tacloban, Tuguegarao, and Zamboanga on January 21 and 23.

After periods of hard work, team psu -uc ascertains their academic prowess!

Their entry, "Luwalhati Bridge" won the PEOPLE'S CHOICE AWARD and placed as one of the TOP TEN QUALIFIERS in the recently concluded National Civil Engineering Bridge Building Competition.

Hosted by the University of the Philippines Association of Civil Engineering Students, the competition was participated by 30 teams from 17 schools across the country.

Initiator of *Gawad Parangal Para sa mga Natatanging Mag-aaral ng PSU*

Recognizing the need for student achievements to be duly acknowledged, the University President, Dr. [Dexter Buted](#) initiated the conduct of the Gawad Parangal Para sa mga Natatanging Mag-aaral ng PSU. This annual award is considered to be the highest recognition that a PSUnian student can aspire for. The main objective of the search is to recognize students who have excelled in their academic endeavor coupled with their co-curricular and extra-curricular activities in order to become more competitive, responsive, and well-rounded individuals.

Dr. Buted's own experience as an award-winning student leader influenced his passion to provide students with various pathways for recognition that they truly deserved.

PSU holds Public Forum for Gawad Parangal 2022 Finalists

In pursuit of molding and recognizing exemplary students, the Pangasinan State University held its Public Forum on Gawad Parangal sa Mga Natatanging Mag-Aaral 2022 at the Dr. Telesforo N. Boquiren Convention Hall Lingayen-Main Campus recently.

The Gawad Parangal, initiated by University President Dr. Dexter R. Buted and led by the Vice President for Students and Alumni Affairs Dr. Manolito C. Manuel and his team, aims to demonstrate the university's commitment to the studentry.

It capitalizes on inspiring students to realize their full potential in all facets of their lives.

The Forum's objective is to assess the ability on critical thinking and public speaking of the Gawad Parangal Finalists which will make up 20% of the total score or rating that is used to determine rankings.

Students from each campuses: Jessa Marie Cabalbag of Alaminos; Maria Ronalyn L. Nonan of Asingan; John Darry C Malicdem of Bayambang; Adriane C Dela Cruz of Binmaley; Russel M. Mose of Infanta; Brisha Eryka Faye F. Recto of Lingayen; Meryll C Castro of San Carlos; Ariane L Pader of Sta. Maria; and Aljohn C Tomeldan of Urdaneta showcased their skills as they delivered their answers.

A panel of judges from PSU and various external institutions carefully evaluated the finalists by asking them five sets of questions. The judges include Dr. Evangeline Pescador, Dr. Christia Marie Flores, Ms. Jesille Viernes, Retired Philippine Army Col. Ramil Palisoc, Ms. April Bravo of PIA, and Hon. Andrea Cruz of Mangatarem, Pangasinan.

As gleaned from the Forum, PSUnians embody the Core Values of the university which are Accountability and Transparency, Credibility and Integrity, Competence and Commitment to Achieve, Excellence in Service Delivery, Social and Environmental Responsiveness, and Spirituality.

8th *Gawad Parangal Para sa mga Natatanging Mag-aaral ng PSU*

The Pangasinan State University laid out its red carpet once again to honor and recognize exemplary students in its annual ceremony dubbed “Gawad Parangal para sa mga Natatanging Mag-aaral 2022” at the Dr. Telesforo N. Boquiren Convention Hall on August 26, 2022.

Bannering the theme: “Galing at Tapat na Serbisyo ng PSUnian: Pinanday at Pinagtibay ng Mapaghamong Panahon”, the University acknowledges outstanding students who exemplify the ideal attributes of a true PSUnian showing excellence in academics and remarkable commitment to school involvement, community development, and nation-building taking pride in its time-enduring legacy.

Lingayen Campus rejoiced as they celebrated the comeback of their campus in winning the Gawad Parangal Award after the title was held by Bayambang Campus for three consecutive years.

Brisha Eryka Faye Recto, a fourth-year Bachelor of Secondary Education Major in Filipino student of Lingayen Campus

triumphed over the screening procedures and won the coveted title.

Recto related her endeavor towards realizing her goals in life, along with all the hardships and setbacks she overcame while completing her education.

“Ang buhay ko ay napakaraming pahina. Mga blangkong pahina na unti-unting nauubos dahil sa mga problemang patuloy na dumarating na para bang inuubos lahat ng mga nararamdaman na umaapaw at tanging pagpilas ng ibang pahina ang nag-iisang paraan upang lampasan ang bawat hirap at kayanin ang lahat”, she said.

Recto gave a heartfelt farewell speech in which she offered her success to the other Gawad Parangal Finalists and to every student fighting hard to finish school. She urged them to never give up on their aspirations or their goals.

Concluding her speech, Recto shared what she believes in, “Ang buhay weather-weather lang, ngunit naniniwala pa rin ako na sa palad natin nakasalalay ang kinabukasan na ating inaasam. Hindi man madali ang paglalakbay at napakaraming matatarik na daan man ang pagdaanan, kung talagang nais nating makamtan ang katagumpayan, patuloy pa rin tayong kakapit at sisikaping marating ang dulo ng daan.”

The equally impressive Gawad Parangal finalists across the nine (9) campuses were: Jessa Marie Cabalbag (Alaminos City Campus), Maria Ronalyn L. Nona (Asingan Campus), John Darryl C. Malicdem (Bayambang Campus), Adriane C. Dela Cruz (Binmaley Campus), Russel M. Mose (Infanta Campus), Meryll C. Castro (San Carlos City Campus), Ariane L. Pader (Sta. Maria Campus) and Aljohn C. Tomelden (Urdaneta Campus).

The visionary and ever-inspiring University President, Dr. Dexter R. Buted, expressed his sincerest gratitude by saying, “labis ang aking pasasalamat dahil sa inyong pagpupunyaging ipinakita upang mabigyan ng karangalan ang ating Unibersidad.”

“ Ang programa natin ngayong araw na ito ay bilang pagkilala rin sa natatangi ninyong kakayahan at katangian na siyang magiging tanglaw ng mga susunod sa inyo upang mahikayat natin silang maging kapaki-pakinabang na bahagi ng ating lipunan,” Dr. Buted added.

The “Pinakanatatanging Mag-aaral” fulfills a crucial function by personifying the Golden Lion Spirit of tenacity and bravery in the face of challenges and uncertainty and serving as an inspiration to the PSU community.

PSU rewards latest Board Topnotchers with monetary incentives

Passing a Board Examination is a formidable feat and topping these licensure tests is an achievement extraordinaire.

For this, Pangasinan State University President Dr. Dexter R. Buted devised a system of cash incentives for those who made it to the Top 10 of the Professional Regulations Commission (PRC)-sanctioned examinations.

The latest recipients of the institutionalized motivational systems known as the Board Topnotchers Awards are: THOMAS JEFFERSON FERNANDO of PSU-Asingan Campus who landed Top 3 in the January 2022 Licensure Examination for Teachers and ENGR. JASON S. MEJIA of PSU-Urdaneta City Campus who clinched the third spot in the May 2022 Licensure Examination for Civil Engineers.

The cash incentive of P100,000 was personally handed by Dr. Buted to each of the two topnotchers on May 17 at the university board room as witnessed by the Institution’s Vice-Presidents: Dr. Elbert Galas (Administration and Linkages), Dr. Manolito Manuel (Academic and Student Affairs), Dr. Paulo Cenas (Research and Extension), Dr. Corazon Puzon (Finance and Planning) and Dr. Marcelo Gutierrez (Quality Assurance), together with Office Directors and Unit Heads.

Fernando and Mejia expressed their gratitude to PSU for the cash incentives that would greatly help their families. (Read: Feature Story on the Topnotchers)

The recipients were accompanied by their parents, coaches and Campus Executive Directors Dr. Armando Junio (Asingan) and Dr. Honorio Cascolan (Urdaneta City).

The awarding of cash incentives aims to instill inspiration to students and faculty members of board programs to excel academically and to do their best in preparing for the licensure examinations.

CHED-UniFAST revisits PSU implementation of TES and TDP Programs

CHED-Unified Financial Assistance System for Tertiary Education (CHED-UniFAST) Team visited Pangasinan State University on July 26, 2022 and provided an orientation to respective TES and TDP grantees via Zoom.

The orientation was attended by Ms. Catherine Chan, Education Supervisor II, Project Staff Members: Ms. Janelle Petacio, Ms. Alexis Moira Dolores, Ms. Kristine Peralta and Mr. Patrick Joseph Dumuk, Prof. Celeste T. Mercado, Director of Student and Alumni Affairs, Mr. Rennie D. Martinez, Director of Accounting Services, Ms. Marina Ruby A. Sulipa, Lingayen Campus Accountant, 9 Campus Student Services Coordinators and the TES and TDP Grantees.

An Open Forum was conducted to address the concerns of the grantees which was answered and verified directly by Ms. Alexis Moira Dolores and the whole team. Currently, a total of 7,393 PSUnian grantees enjoy the benefits of being a TES and TDP programs.

Seminar on Basic Legislative Procedures

With a goal of arming the legislative department of student councils with proper knowledge on effective legislative proceedings, the Office of the Students and Alumni Affairs initiated a seminar regarding Basic Legislative Procedures on March 15 (Tuesday) at Don Telesforo N. Boquiren Convention Hall.

Over 80 student-leaders who are members of the Council's legislative and executive department, attended the seminar to improve their understanding on legislation as they performed their duties as Student Government.

Mr. Philip Cesar S. Segurola, a faculty member of Public Administration Department, discussed the principles of parliamentary procedures and the effective conduct of meetings. He emphasized the importance of practicing a step-by-step legislatorial proceedings to assure a peaceful

and organized meeting. While Mr. Jeffery De Asis of PSU Bayambang critiqued the resolutions of the participants as part of their activity in his discussion. While reviewing, Mr. de Asis highlighted that resolutions should be concise and clear to make sure that subject is visibly stated.

Ms. Christine Inez A. Padlan of English Languages Department shared some tips on how to write academic letter by giving some sample letters and common pitfalls on writing. Moreover, the participants also enjoyed the

topic of Mr. Bernie M. Pioquinto on 'Creating Impact thru Project Management', especially in their brainstorming activity of project proposal addressing issues under United Nations Sustainable Development Goal 4 or Quality Education.

PSU promotes 287 Faculty using the 8th Cycle NBC Evaluation Criteria

There are 287 faculty of Pangasinan State University promoted in the 8th cycle NBC evaluation. Currently, the university has 33 professors with the following breakdown: ten (10) Professor I, seven (7) Professor II, five (5) Professor III, six (6) Professor IV, two (2) Professor V, two (2) Professor VI and one (1) University Professor. The new professors are Dr. Nova E. Arquillano, Dr. Gemma M. De Vera, Dr. Wilma M. De Vera, Dr. Cesar G. Della, Dr. Elisa S. Della, Dr. Irma Mirasol C. Ferrer, Dr. Rodelio M. Garin, Dr. Sally A. Jarin, Dr. Manolito C. Manuel, Dr. Brenda C. Panelo, Dr. Jeff G. Pereyras, Dr. Liza L. Quimson, Dr. Amado Ramos and Dr. Razeale G. Resultay. Dr. Dexter R. Buted, our former University President, was promoted to University Professor. The reclassification of faculty positions was implemented on December 5, 2022.

Faculty Experts Validate 75 Instructional Materials

The Office of the Vice President for Academic Affairs led by Dr. Manolito C. Manuel And Dr. Razeale G. Resultay , in its continuing efforts to provide quality and relevant quality education, led the validation of 75 instructional materials produced by faculty from the nine campuses. Faculty experts were invited to evaluate the three batches of instructional materials done on May 13, 2022, May 25, 2022 and June 3, 2022. The Division plans to have all of these IMs utilized in 2023 once the certification for utilization are issued. Further, the new batch of IMs submitted to the office is due for evaluation on May 2023. The said IMs shall be used university-wide (where applicable) to harmonize the contents and instructional delivery of subjects for common programs. Further, these will help in ensuring the higher performance of our students in the licensure examination in their respective board programs.

PSU CONDUCTS VIRTUAL TEACHING INTERNSHIP TO 1,953 INTERNS

Pangasinan State University conducts virtual internships for 1,953 interns amidst the Pandemic.

PSU VISION & MISSION

VISION
To become an ASEAN Premier State University in 2025

MISSION
The Pangasinan State University, through instruction, research, extension and production, commits to develop highly principled, morally upright, innovative and globally competent individuals capable of meeting the needs of industry, public service and civil society.

QUALITY POLICY
The Pangasinan State University shall be recognized as an ASEAN premier state university that provides quality education and satisfactory service delivery through instruction, research, extension and production. We commit our expertise and resources to produce professionals who meet the expectations of the industry and other interested parties in the national and international community. We shall continuously improve our operations in response to the changing environment and in support of the institution's strategic direction.

CORE VALUES

- A Accountability and Transparency
- C Credibility and Integrity
- C Competence and Commitment to Achieve
- E Excellence in Service Delivery
- S Social and Environmental Responsiveness
- S Spirituality

PRE-ORIENTATION on Teaching Internship Program

FEBRUARY 15, 2022
9:00 a.m. via Microsoft Teams

Mrs. Betha Fe G. Cruz

See you virtually!

A series of webinar orientations and workshops were conducted to prepare our teacher-education students such as writing and delivering a lesson plan, developing and utilization of digital resources and instructional materials (portfolio, lesson plan and sample activities), campus and university-wide orientation on a teaching internship. The Head of Practice Teaching and Review Center, Prof. Perla Delos Santos under the leadership of the Vice President for Academic Affairs, Dr. Manolito C. Manuel, led the webinar series, monitoring and post-evaluation activities.

PINNING CEREMONY

PSU LC Alumnae Recognized by Provincial Government for Excellence in Academics and Leadership

The Pangasinan State University congratulates two PSU alumnae who were awarded the Governor's Excellence Award on March 18, 2022 at the Provincial Governor's Office in recognition of the outstanding and exemplary academic and leadership performance of graduating college students of Higher Educational Institutions.

Ms. Je Ann Z. De Vera, a former PSU Student Regent, received the Governor's Leadership Excellence Award while Ms. Renalyn Madriaga was bestowed the Governors Academic Excellence Award.

Both recipients are graduates of Bachelor of Science in Hospitality Management at the PSU-Lingayen Campus. They received a certificate of recognition, cash incentive and an excellence medallion.

On behalf of Governor Amado Espino III, Chief Administrative Officer Dr. Irmina Francisco led the brief awarding ceremony.

Ms. De Vera, in her message, expressed gratitude to University President Dr. Dexter

R. Buted saying, "Without your vision for a better PSU, I would not have the courage to lead the students of the University towards a better future."

After two years of conducting virtual ceremonies, Pangasinan State University finally had its comeback at the CSI Stadia for the 43rd Commencement Exercises from Tuesday (August 30) until Thursday (September 1).

The program was divided into five clusters in three days: (1) Lingayen Campus; (2) San Carlos City and Binmaley Campuses; (3) Bayambang and Infanta Campuses ;(4) Alaminos City, Asingan, Sta. Maria, and Urdaneta City Campuses; (5) School of Advanced Studies and Open University System.

First in line was Lingayen Campus led by Dr. Randy Joy M. Ventayen , Campus Executive Director, wherein some 1,671 graduates, together with their elated parents, promenaded during the processional march in their abarays–the grandeur sash that signifies a successful PSU graduate.

Dr. Dexter R. Buted, University President, expressed his gratitude and salutations to the PSUnians

“Mahalin ninyo ang bansang Pilipinas sapagkat kayo ang inaasahan namin na magtataguyod ng kapakanan ng ating lipunan...ang kabataan na mabuti, mahusay at may sapat na edukasyon ang tunay na pag-asa ng bayan”, he advised.

This cluster’s roster of graduates was addressed by guest of honor and speaker Hon. Sara Zimmerman Duterte-Carpio, Vice President of the Republic of the Philippines, represented by Hon. Brian C. Lim, Manager of the Office of the Vice President of the Philippines- Dagupan City Satellite Office.

Hon. Duterte-Carpio wished the graduates the best of luck and reminded them of their duties and responsibilities as Filipinos.

“I hope you can inspire more Filipinos to never let go of their dreams no matter how difficult the road may be,” she added.

Hon. Ramon C. Guico III, Provincial Governor of Pangasinan, was also in attendance to which he gave his regards to the students.

“It may be not clear right now, but in due time with hardwork, resilience, and trust in God, kung saan ka niya dadalhin... and lastly, we should do things excellently, hindi pwede ang “pwede na ‘yan,” he stated.

In honor of their perseverance in finishing their education, PSUnians are privileged to

be acknowledged in two ceremonial rites: campus-wide recognition of awardees and other graduates in their togas, and a university-wide commemoration by Dr. Dexter R. Buted, University President, the five Vice-Presidents and all university officials.

Academic Year 2022-2023

In line with the opening of Academic Year 2022-2023, the Pangasinan State University spearheaded a five-day webinar on Instructional Planning and Development via hybrid platform.

Dr. Manolito C. Manuel, Vice-president for Academic and Student Affairs (OVPASA), said the webinar aims to enhance all syllabi of courses of all the curricula programs as part of the institution's Continuous Quality Improvement (CQI).

Meanwhile, Dr. Razeale Resultay, director for Curriculum and Instruction said all focal persons are expected to create team in the MS teams for the Tik-TALK sessions, spearhead the conduct of syllabi enhancement by program, present outputs, identify a faculty in the team to prepare and submit proceedings and photos and submit duly signed syllabi of courses.

Attendees to the activity slated from September 5-13, 2022 included all campus executive directors, executive directors, college deans, School of Advanced Studies (SAA) and Open University Systems (OUS) programs advisers, lecturers, heads under the curriculum and instructors and all faculty members.

PSU re-opens face-to-face classes; orients students, personnel on guidelines

Pangasinan State University formally re-opened its gates for all students participating in the limited face-to-face classes. After more than two years of not having physical classes owing to the pandemic, campuses welcomed students back for the second semester of School Year 2021-2022 with all systems up in all the nine campuses.

Campus Executive Directors of Alaminos, Asingan, Bayambang, Binmaley, Infanta Lingayen, San Carlos, Sta. Maria and Urdaneta led their faculty members in welcoming the students in their respective campuses which was followed by an orientation program.

The orientation program aimed to guide students on the conduct of face-to-face classes under the "new normal".

Guidelines containing health protocols to be observed within the campus were discussed. It covered procedures for contact-tracing, lockdown of office/s once a case of COVID-19 is recorded, as well as isolation of virus-positive individuals.

Students were filled with excitement as their request to have their classes on the campus premises was granted. However, only those who have submitted their requirements are allowed to attend the physical setup with restrictions. The requirements include: vaccination card, health insurance issued by PhilHealth and informed consent signed by the student and their parent/guardian.

University President Dr. Dexter R. Buted and the five Vice-Presidents of the University, Dr. Manolito Manuel (Academic Affairs); Dr. Elbert Galas (Administration and Linkages), Dr. Paulo Cenas (REIGN); Dr. Corazon Puzon (Planning and Finance Management) and Dr. Marcelo Gutierrez (Quality Assurance), visited the nine campuses of PSU to personally monitor the opening of face-to-face classes.

“To our students, you are the reason why we are here. Kayo ang mga tunay naming mga ‘hari’ dito sa unibersidad, at sana kayo rin ay magkaroon ng kooperasyon, sundin sana natin ang mga health protocols,” said President Buted in his special message delivered at the campuses.

The transformative president also expressed his gratitude to the people behind the university administration for their invaluable contribution in improving service delivery and overseeing the construction and development of school infrastructure despite the ongoing crisis.

Pangasinan State University, a premier educational hub in the ASEAN, has invested vast resources to support the implementation of the F2F classes. Some of the investments include a P10-million Intelligent Building funded by the Commission on Higher Education; the P25-million Smart Campuses also funded by CHED; and some P19-million for Smart TVs and other gadgets.

Welcome back, students!!!

2 FSG officers join INTI Leadership Series

Aiming to strengthen their leadership skills, Pangasinan State University-Federated Student Government President Mr. Christian M. Madarang and Mr. Fariz M. Dela Cruz, Secretary of the Vice President for Communications connect to the INTI Leadership Series held via MS Teams Meetings, May 20, 2022.

INTI Leadership Series bannered with the slogan “We have a dream” was a webinar and a roundtable discussion along with the resource speaker that caters the top students in both Malaysia and the Philippines.

Resource Speaker Mr. Chu Jenn Weng, current Managing Director, President, and CEO of the ViTrox Corporation Bearhad, stressed the importance of having compassion towards the employees in aiming not just the profit, but also for the hearts of the customers.

“Always be accountable. Be a kind person. Pay respect to the people. The main goal of a company is not just to earn a profit, but also how to add value. More values, there will be more customers,” added Mr. Weng.

Furthermore, Mr. Chu discussed how he and Mr. Steven started the company by facing a lot of failures first before procuring the fruits of success in the present.

He stated, “Failure is not something to worry about. Every failure will make you better. Every criticism is a blessing.”

Mr. Dela Cruz shared that the webinar was a motivation to become a more impactful leader to his fellow students, especially during these times when they need help in various aspects.

Meanwhile, Mr. Madarang also asserted that he became more inspired as a role model and leader towards the studentry and exert more effort on how to be able to cope with the problems that students are encountering.

“A leader must be someone to influence to make others more successful than themselves. Try to find the purpose of life. Always listen to your heart and not to the people,” ended Mr. Chu in his discussion.

PSU Student Body Solidifies Camaraderie through Team Building

The Federated Student Government (FSG) of Pangasinan State University conducted its two-day Team Building Activity in Bolinao town aimed at capacitating the student leaders with necessary skills in leadership, team work and camaraderie.

Anchored on the theme, “Pasimbalo: Uplifting New Normal Leaders Through Collaborative Aspirations for Campus Building”, the said activity was participated in by the FSG Officers led by its President, Christian Madarang together with the SSC Advisers of the nine campuses of PSU including Mr. Rofer Ferrer, the FSG adviser and Mr. Marlon De Vera, the Deputy Director of Student Services and Alumni Affairs.

During the first day, participants attended several talks on leadership followed by a solidarity night that

showcased various performances. The second day was filled with series of challenging physical obstacles that fortified the strength and dependability of the officers.

The activity marks the very beginning of unleashing the new normal with collaborative aspirations as one academic institution towards achieving a common goal. It also provided a

platform for the student leaders of PSU to break the gaps and bring harmony that will pave the way of opportunities for a more solid and stronger team.

PSU President Dr. Dexter Buted highly encourages activities for students to develop highly principled, morally upright, innovative and globally competent individuals who shall be the next generation of leaders to highlight PSU an ASEAN Premier State University.

DOST Qualifiers in Pangasinan receive Scholars' Starterpack

The Department of Science and Technology (DOST) conducted an Orientation Program to 63 incoming scholars on July 7 (Thursday) at Don Telesforo N. Boquiren Convention Hall, Pangasinan State University to impart information on scholarship guidelines and benefits.

Together with their parents, qualifiers from Districts 1, 2 and 3 in Pangasinan also officially signed their Scholarship Agreement with DOST.

Dr. Dexter R. Buted, University President, did not miss the opportunity to inspire the participants by sharing his struggles and successes on being a student-scholar.

Also present in the event were Student and Alumni Affairs (SAA) Director, Prof. Celeste T. Mercado; SAA Deputy Director, Mr. Mark Marlon P. de Vera; and Provincial S&T Director, Engr. Arnold C. Santos.

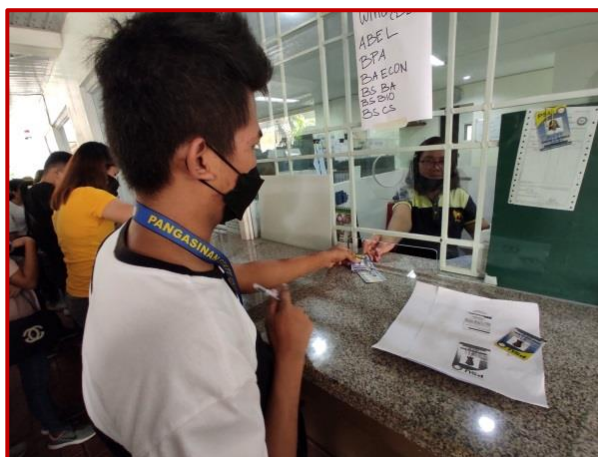

PSU, being an ASEAN Premier State University, puts premium on excellent student learning and career development. It offers several scholarships for academically talented students and financial grants sponsored by public and private organizations for poor but deserving students.

Some 499 students of the Lingayen Campus are currently receiving their stipend worth Php 1,500 from the Pangasinan State University.

The students are Academic Scholars or President's Listers for the First Semester of Academic Year 2021-2022.

PSU, an ASEAN premier state university, has devised the incentivization program to help support the students in their road to education excellence.

The Pangasinan State University has proven once again, that when it comes to taste, it is hands-down world-class!

The PSU – College of Tourism and Hospitality Management, representing the Philippine Team, bagged the third highest award at the Food Hotel Asia (FHA) Culinary Challenge as part of the Singapore Expo 2022 slated from September 5-8.

PSU's main competitor, Prof. Leoncio F. Barlan, Jr. of the CTHM, stood out in the Individual Challenge of the Culinary Art Display Category on Tapas/Finger Food, and clinched the Bronze award.

The FHA Culinary Challenge is a culinary showdown among best-of-class chefs in a series of

thematic challenges. It is an arena for culinary talents from around the world to display their skills and be accredited by a panel of internationally acclaimed judges recognized by the World Association of Chefs' Societies (WorldChefs). showdown amongst best-of-class chefs in a series of thematic.

University President Dr. Dexter R. Buted, who served as the PSU Team coach, said joining the international contest on the feast of gastronomic experiences was a laudable feat for the PSU team and winning the third highest award is an added bonus.

"The Expo is also one way to celebrate the rich food culture of the participating countries and honor the creativity of culinary talents. Once again, our PSUnians shone and roared," Dr. Buted said.

The PSU-Philippine Team delegates include: newly designated Dean of CTHM Prof. Jerry L. Ceballos, Jr, Director of the Presidential Liaison and Management Office Dr. Billy Festijo and Chief Administration Officer Dr. Ian Evangelista who headed the benchmarking activities of the PSU delegation in several Hospitality and Tourism Schools in Singapore.

The PSU Team also had the opportunity to bond with Philippine President Ferdinand Marcos Jr, during the Chief Executive's state visit to Singapore.

Cycling to School: PSU distributes road bikes to students

Amidst the challenges faced by students in the resumption of face-to-face learning modality, the Pangasinan State University provided a mechanism to help ease their burden.

Road bicycles, donated by Senator Pia Cayetano to PSU, were distributed to the nine campuses of the University for the availment of qualified students.

In a ceremony held at the Dr. Telesforo N. Boquiren Convention Hall on September 14, Campus Executive Directors of Alaminos, Asingan, Bayambang, Binalmaley, Infanta, Lingayen, San Carlos,

Sta. Maria and Urdaneta campuses, received the bicycles from University President Dr. Dexter R. Buted.

Dr. Buted was accompanied by Dr. Manolito C. Manuel, the Vice-President for Academic and Student Affairs, Prof. Celeste Mercado, the Director for Student Services and Alumni Affairs Office and Dr. Billy Festijo, the Director for Presidential Management and Liaison Office.

“The distribution of road bikes to qualified students is one of the institution’s answer to universal access to quality education. It reduces the burden on the student particularly transportation expenses especially that oil price and fare expenses hiked drastically in this post-pandemic period,” Dr. Buted said.

The University President added that the initiative will not only help reduce the cost of education but also promote a healthy lifestyle among the students. Guidelines will be issued to the recipients, he said.

Dr. Buted and the student-recipients went on to thank Sen. Pia Cayetano, chairperson of the Senate Committee on Youth, Women and Family, for her continuous support to the university and to the youth.

More than an academic institution, PSU imbibes a culture of generosity to those who are in dire need of help.

PSUnians shine in 33rd National Statistics Month Celeb

The Pangasinan State University, through the Center for Statistics and Computing Sciences, joined in celebrating the 33rd National Statistics Month with the theme “Boosting the Country’s Recovery with Informed Decisions, Better Policies” held at the Dr. Telesforo N. Boquiren Convention Hall.

The event was organized by the Philippine Statistical System and spearheaded by the Philippine Statistics Authority.

Representatives from the nine campuses showcased their skills and capabilities as they took part in various contests such as essay writing, poster-slogan making, oratorical, and statistics quiz.

The event kickstarted with a warm welcome by the Head of the Center for Statistics and Computing Sciences Mr. Bobby F. Roaring. This was followed by an inspirational message from the Director for Research and Development Dr. Larry A. Santos.

Statement of Purpose was clearly delivered Ms. Andhee M. Jacobe of Urdaneta City Campus while the participants were introduced by the Lingayen Campus.

University officials and employees from each campus also participated in the event and led in cheering and supporting their players.

Concluding the event was the announcement of winners, who will then

be moving forward in representing the university at the Provincial Level.

Undoubtedly, Pangasinan State University continues to produce young professionals who can be competitive in the national and international levels.

PSU gives recognition to Social Work Board Passers

The Pangasinan State University has once again proven its excellence in producing outstanding young professionals in the Social Work Licensure Exam held on September 2022.

PSUnians who took the exam and made it are now Registered Social Workers and were given Certificate of Recognition by the university headed by its President Dr. Dexter R. Buted, along with the Campus Executive Director of Lingayen, Dr. Randy Joy M. Ventayen.

“You should always think of the interest of many. When you decide, it’s always the interest of the many. Napakalaki ng inyong maiaambag sa lipunan”, Dr. Buted said as he gave appreciation to all the passers.

Several university officials, deans and heads also made an appearance at the event to show their support and gratitude for all the hard work of each PSUnian. Indeed, PSU is a home of quality education and a prime molder of responsible individuals.

PSU holds 12th Capping and Pinning Ceremony for Nursing students

Nursing students from Pangasinan State University (PSU) Bayambang Campus gathered at the Dr. Telesforo N. Boquiran Convention Hall for the 12th Capping, Pinning and Candle Lighting ceremony on October 14, 2022.

With the theme “Reigning the Nightingale’s Spirit For Today’s Frontliners of Tomorrow,” the Institute of Nursing of PSU Bayambang Campus conducted the annual ceremony for future Nightingales.

A total of ninety-three nursing students attended the program donning their white uniforms full of excitement for the placement of caps and lighting of candles.

The future nurses marched on the red carpet side-by-side their proud parents and guardians.

University President Dr. Dexter R. Buted emphasized in his speech the significance of the caps and pins that represent responsibility and the lamp which means light. He believes that these will guide them towards the path of nursing practice with pride and

humility.

“I strongly encourage you, our dear students to continue pressing forward for the profession you intend to fulfill. Be bold, be courageous, and be your best as you take your future career path...Seize every learning opportunity that is given to you, you never know, it may be the bridge towards a successful future,” Dr. Buted said.

The University President also applauded the future nurses of PSU for standing bravely to answer

the call of serving humanity as statistics shows scarcity of six (6) million nurses needed worldwide according to World Health Organization (WHO). “This only means that the world needs more heroes,” he added.

“My dear future nurses, your PSU family would love to see you write your own life story. We have sufficiently equipped you with tools and life hacks that you will need as you advance to the reality of this world of nursing profession,” Dr.

Buted said.

Bayambang Campus Executive Director Dr. Liza Quimson and Nursing Dean Dr. Cielo Fernandez also gave their warm wishes to the students.

A thanksgiving mass officiated by Fr. Matt Jason John Molina of the Virgen Dela Medalla Milagrosa Parish set off the program proper. To conclude the ceremony, Nursing students prepared a song number and handed red roses to their parents to show appreciation of their support and hardwork.

1,740 PSUnians receive scholarships from LGU-Pangasinan

Bigger smiles were flashed by some 1,740 students of Pangasinan State University as they received their scholarship grants from the provincial government of Pangasinan during the distribution ceremonies held at the Narciso Ramos gymnasium.

The financial assistance, with a total amount of Php17,400,000.00 pegged at Php10,000 per student, was released by the provincial government for students who are enrolled in the nine campuses of PSU.

The first batch of recipients received their scholarship grants on October 5 in a ceremony led by Vice- Governor Mark DG. Lambino and Special Assistant to the Governor Von Mark Mendoza.

These are the students from the PSU Campuses in Asingan (151), Binmaley (81), San Carlos (220), Sta. Maria (150) and Urdaneta City (206).

For the second batch, students from Alaminos City (150), Bayambang (300), Infanta (80) and Lingayen (402), received their assistance from Board Member Theodore Cruz and PSU President Dr. Dexter R. Buted during the distribution on October 7.

“Sa aming mga estudyante, para sa inyo ito. Sana’y maging mabuti kayo sa inyong pag-aaral. Huwag ninyong pabayaang masayang ang mga ganitong magagandang bagay na ipinagkakaloob sa inyo. Linangin natin ang tunay, mahusay, mabuti at deklaidad na pag-araal,” Dr. Buted said.

The University President also extended his gratitude to Gov. Ramon ‘Mon-Mon’ Guico III for the provision of financial assistance to the PSU students dubbed as ‘Mga Iskolar ng Bayan’.

Practice Teachers and Review Center Coordinators convene for monthly meeting

Ensuring that practice teaching experience and review centers are of the highest quality, the Pangasinan State University continuously hold meetings and monitor the activities for such.

Practice Teachers (PT) and Review Center (RC) Coordinators from the nine campuses convened at the Legacy Building Accreditation Room of the Main Campus on October 20 for a monthly meeting.

Ms. Perla Delos Santos, Head of the Practice Teaching and Review Center, said concerns tackled during the meeting include: updates on Field Study (FS) activities, revisiting and editing of FS2 worksheets and activities, finalization of the Practice Teaching (PT) Manual and PT uniforms.

Vice-President for Academic and Student Affairs Dr. Manolito Manuel said it is inherent in PSU to continuously improve its processes and systems to adhere to quality education and academic excellence.

PSU LC's technoids dominate DICT Regional Pitching Competition

Four strong teams from Lingayen Campus' College of Computing Sciences emerged victorious from the Department of Information, Communication, and Technology (DICT) Philippine Startup Challenge 7 – Regional Pitching Competition held on October 25.

24 competing teams across the Ilocos Region battled it out for the glory of being named as the 2022 DICT's Regional Champion, with PSU LC teams dominating the top four spots.

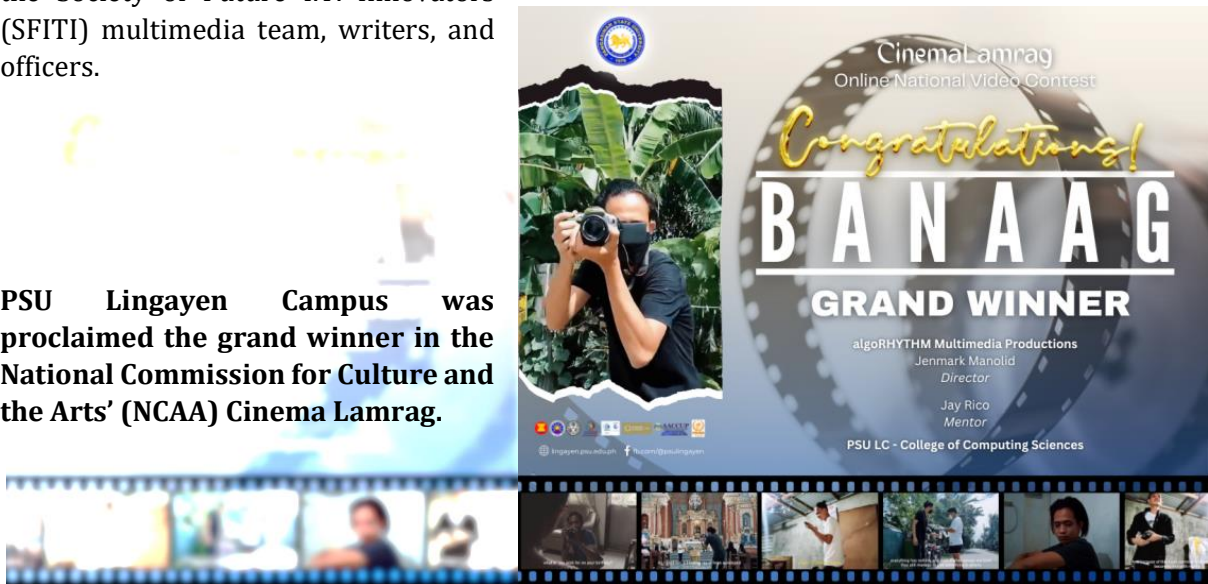

Clinching the championship was the PSU-IoTech team with Jonathan F. Quiles, Haryll L. Caido, Dexter L. Javelosa, Estrovery O. Parido, and Glaizahnel P. Vinoya, fourth-year BS in Information Technology (BSIT) students, who will represent the Region at the national level.

Claiming the runners-up spots were: PseUdocode's Victor Jan Idos, Angelo Tiangson, and Harold Moyano, third-year BS in Computer Science (BSCS) students; PSU-ARC's Angel Khey L. Baltazar, Rhoda Mae D. Aquino, Clifford D. Oclida, Arvin P. Dela Cruz, and Mariella S. Tabucol, fourth-year BSIT students; and PSUnion's Melamar Faustino, Michelle Viernes, and Sandy Gonzales, fourth-year BSCS students.

The Philippine Startup Challenge (PSC) is an annual startup competition that aims to encourage and inspire Filipinos to create innovative and relevant ICT Products and services that may also be viable business ventures and help solve social problems. This initiative is geared towards promoting the spirit of entrepreneurship in ICT among Filipinos and ensuring the continuous creation of investible ideas and startup founders that will liven the local ecosystem (startup.gov.ph).

The hard-earned feat was made possible by the staunch support of the CCS family—faculty, with Elmar B. Noche, Jay C. Rico, and Engr. Raymond Bryan M. Esmenda as the winning teams' mentors, the Society of Future I.T. Innovators (SFITI) multimedia team, writers, and officers.

PSU Lingayen Campus was proclaimed the grand winner in the National Commission for Culture and the Arts' (NCAA) Cinema Lamrag.

PSU welcomes the new set of SSC officers

School year 2022-2023 has commenced and part of strengthening the resilience of student participation is the election of the new set of officers of the Supreme Student Council (SSC).

After winning in an online election in their respective campuses, SSC officers paid a courtesy visit to University President Dr. Dexter R. Buted who also presided over the oath-taking ceremonies done in two batches at the Golden Lion Hotel.

SSC Officers from the campuses of Asingan, Binmaley, Infanta, San Carlos, Sta. Maria and Urdaneta took their oath on October 25 while the student leaders from Alaminos, Bayambang and Lingayen campuses were sworn to duty on October 26, 2022.

Dr. Buted said the administration will always be ready to support the endeavors of the SSC and asked for unity and cooperation from the students.

"Students are the bloodline of the university. Ang lahat ng ginagawa namin ay para sa ikabubuti ng mga mag-aaral. Ang kapakanan ninyo ang una naming iniisip. But you also have to do your share and your responsibilities. Discuss on what you can do to help the university," Dr. Buted said as he shared his first-hand experiences as a student-leader during his younger days.

The University President also reminded them to unite and put their strengths together to pursue one goal and one interest which is for the betterment of the studentry and refrain from defaming the university.

“Magkaisa kayo. We want all PSUnians to be achievers. PSU’s institutional learning outcome is to produce students na may kahusayan at kabutihan. These two must be inseparable,” he explained.

The student-leaders from the nine campuses, who were accompanied by their Campus Executive Directors and SSC Advisers, pledged to fulfill their duties and responsibilities with a commitment to lead their fellow learners.

As a treat to the student-leaders’ hard work and dedication to pursue quality education despite various challenges, PSU treated the SSC officers to a sumptuous lunch at the Golden Lion Restaurant.

Newly- elected FSG officers for AY 2022 -2023 take oath

Equipped with convictions of true leadership, the new set of elected Federated Student Government (FSG) Officers took their oath at the Golden Lion Hotel in Lingayen Campus on November 3, 2022.

A total of eighteen (18) FSG officers of different positions from the nine campuses of Pangasinan State University paid a courtesy visit to the University President Dr. Dexter R. Buted who warmly welcomed them as he presided over the oath-taking ceremony.

The FSG officers are student leaders of different councils of the nine campuses of PSU who won the election that transpired on October 28, 2022.

A total of ninety (90) voters exercised their right to vote through manual scheme using election ballots for their FSG bets at the Dr. Telesforo Bouquiren Convention Hall, PSU Main Campus.

This Academic year 2022 – 2023, Mr. Rogene Madarang of Infanta Campus won the Presidential race with 45 votes.

Prof. Celeste T. Mercado, Director for Students and Alumni Affairs,

together with the Deputy Director of OSAA Mr. Marlon P. De Vera, officiated the election.

Prof. Mercado congratulated everyone for a successful election and for choosing leaders who will uphold the values that reflect the kind of PSUnians they should be and who exemplify ethical and responsible leadership.

“To become a leader is a process of facing your fears, discomfort, and failure. A true leader will always learn from his past mistakes and will always try his best to correct those mistakes. If you want to be a good leader, start practicing gratitude and always be respectful to people irrespective of their position,” Prof. Mercado said.

Other newly elected FSG Officers occupied different positions in FSG are Jan RLee De Guzman for Executive Vice President, Randolph Glenn Tingco- VP for Communication, Luzcelyn Castro - VP for Projects and Activities, Leemark Jay Garcia -VP for Students Right and Welfare, Marjorie Erica Orate for Auditor, Arifa Hadji Abdullah and Bernadeth Meru for Business Managers, Hazel Baybayan and Kate Marian Echavez for PRO, Winnie Crisel Galliguez for House Speaker, Frenze Harvey Bascos for House Speaker, Harvey Juralbar for Majority Floor Leader, Garry Estrada for Minority Floor Leader, and Erine Mae Ramiscal appointed for Legislative Secretary.

University President Dr. Dexter R. Buted, himself a student-leader, supports and promotes learner centeredness and inclusivity in Student's life at the Pangasinan State University.

"PSU will always give its all-out support to the FSG because students are the kings and queens of the university. But of course, you must also do your share," Dr. Buted said.

The Federated Student Government, as the highest student-governing body, is a manifestation of its capability to mold future leaders capable of meeting the needs of society and global standards.

Bayambang Campus students line up, dance and sing to thank outgoing President

A long stretch of students and faculty lined-up early Friday morning at the Bayambang Campus of Pangasinan State University to welcome and show their love for President Dexter R. Buted in what could be dubbed as his last visit to the campus as its university leader before he steps down next month.

The 5,000-strong students from the College of Teacher Education (CTE), Institute of Nursing (IN) and the College of Arts, Sciences and Technology (CAST), teaching and non-teaching employees waved colorful balloons, led flash mob dances, choreographed presentations and musical ensembles to express utmost gratitude.

In a 'Pasasalamat' program held at the Benigno Aldana gymnasium, Campus Executive Director Liza L. Quimson expressed how much the Campus loves Dr. Buted and described him as not only a leader and mentor but also a friend who uplifts the spirit of the employees and boosts their morale.

"Si President Dex, talagang malaki ang puso, handang tumulong. He gave his all to ensure that PSU will never be the same again. Mahal na mahal ka namin, Sir Dex," Dr. Quimson said.

Campus Accountant Faye Bacolor who represented the non-teaching association, said the kind of leadership of Dr. Buted is one that is "hindi ka mahihiyang lapitan."

“Leadership is about making others better. Obviously, he made the entire university better and he is ending things beautifully with success and triumph,” she added.

Dr. Tuesday De Leon of the LIS, representing the High School and Elementary Departments, compared the president to a ground coffee that has infused the aroma which symbolizes his brand of leadership.

College Deans Dr. Cielo Fernandez, Dr. Gudelia Samson and Dr. Armando Ramos of IN, CAST and CTE also expressed their messages of thanks to the President.

In response, Dr. Buted thanked God for the strength and stamina for fulfilling two full terms. He said he went through so many trials and hardships, but these served as his inspiration to serve more people.

“Nagmula sa mahirap na pamilya, I dream to serve at PSU to transform the university. I dream for the people of Pangasinan dahil naniniwala ako na kapag ang kabataan nagnanais ng magandang kinabukasan, ang sandata ay mabuti, mahusay at dekalidad na edukasyon,” Dr. Buted said.

He emphasized that whatever transformation he has done is his way of giving back as no one can go wrong with kindness.

“Ang aking buong puso at pagkatao, tunay na nagmahal sa mga Pangasinense na nangarap ng magandang kinabukasan. Ako ay buong tapang na bababa na may dignidad at mananatili ang pagmamahal sa bawat isa sa inyo,” he said.

The president also thanked the five vice-presidents who were all present during the event as well as the university and campus officials.

The Pasasalamat tribute ended with an emotional rendition of the PSU Hymn.

SUC leaders and coaches serenaded at Presidents’ Night

Part of the opening program of the State Colleges and Universities Athletics Association (SCUAA) is a welcome dinner for all Presidents and officials of the six participating SUCs including their school officials, coaches and tournament managers.

As this year’s host-institution, Pangasinan State University led by Dr. Dexter R. Buted, opened the ASEAN Hall of the Golden Lion Hotel to provide the best service and experience to the officials and delegates.

Aside from the sumptuous food, CHED officials and the university leaders were also treated to fine music as they were serenaded by Ivory Music recording artist and GMA's The Clash top five finalist Renz Ruther Robosa.

Candidates for the SCUAA pageant were also introduced in this event.

Talking to the school officials, Dr. Buted emphasized that he is fulfilled as president of PSU because he has satisfied the expectations of the primary customers –the students.

“The students are our number one customers. They are

the reasons why we receive our paycheck and bonuses. Kaya ibigay natin ang tunay na serbisyo para sa ating mga estudyante. Ang paglilingkod ay kusang-loob,” the outgoing PSU President said.

SCUAA is under the auspices of the Philippine Association of State Universities and Colleges (PASUC) in Region I which Dr. Buted also chairs.

Delegates arrive at PSU for SCUAA 2022

Excitement is in the air as athlete-delegates started arriving in Pangasinan over the weekend to participate in the region's biggest sports and cultural event of the season- - the 2022 State Colleges and Universities Athletic Association (SCUAA).

Pangasinan State University, as this year's host, welcomed some 3, 000 student-athletes, accompanied by their coaches and advisers, to the week-long event slated November 21-25.

The six participating SUCs in Region I include the Don Mariano Marcos Memorial State University (DMMMSU), Ilocos Sur Polytechnic State College (ISPSC), Mariano Marcos State University (MMSU), North Luzon Philippines State College (NLPSC), University of Northern Philippines (UNP) and the Pangasinan State University (PSU).

PSU, as the host SUC, has lined up a grand parade and opening program on the first day that will precede the game proper. PSU's last hosting of the SCUAA was in 2016.

The SCUAA Regional Games is under the umbrella of the Philippine Association of State Universities and Colleges in consonance with the constitutional requirement that mandates the State to promote physical education and encourage regular sports activities in all educational institutions.

Region 1 SCUAA opens today at PSU

Some 3,000 student-athletes from six participating state-owned tertiary educational institutions in Region I are in Pangasinan today for the much anticipated opening of the 2022 State Colleges and Universities Athletic Association (SCUAA-I)

After a two-year hiatus from face-to-face competitions due to the pandemic, SCUAA, under the umbrella of the Philippine Association of State Universities and Colleges (PASUC-1), opens today at the Narciso Ramos Sports and Civic Complex in Lingayen town.

With Pangasinan State University as this year's host, the significant gathering features 18 sports events, arts and cultural activities that aim to promote camaraderie, instill discipline and strengthen the special bond among the SUCs.

This year's theme is SCUAA-1 2022: Renewed Strength and Aspiration Towards a Stable and Progressive Society.

Get Ready

Run for Victory

Play with Unity

Strike Impossibilities

Smash Uncertainties

Show the Power of Beauty and Wit

Slay your Fear

Welcome to SCUAA 2022!

Show of Unity and Force highlight SCUAA-1 Grand Parade

A festive atmosphere blanketed Lingayen town in the province of Pangasinan today as 3,000 energetic student-athletes marched their way through the main thoroughfares of the Capital town for the biggest sports and cultural event of the season - - the 2022 State Colleges and Universities Athletic Association (SCUAA-1).

The Grand Parade further illuminated the show of force, camaraderie and unity of the six participating SUCs in Region I which include the **Don Mariano Marcos Memorial State University (DMMMSU) 'Stingers'**, **Ilocos Sur Polytechnic State College (ISPSC) 'Panthers'**, **Mariano Marcos State University (MMSU) 'Stallions'**, **North Luzon Philippines State College (NLPSC) 'Tigers'**, **University of Northern Philippines (UNP) 'Sharks'** and the **Pangasinan State University (PSU) 'Golden Lions'**.

With assembly at the PSU grounds, parade marshals, accompanied by the University of Luzon Drum and Bugle Corps, led the delegates as they traversed through the Capitol compound, Maramba Boulevard and Plaza going to the Narciso Ramos Sports and Civic Center that served as the event venue.

Clad in their sports uniforms, the joyous crowd of paraders waved their banners and balloons as they were met with cheers and applause.

PSU, as the host institution, ensured the security and safety of the delegates during the entire parade with police escorts, barangay officials, fire trucks and ambulances on standby.

PSU hosting leaves SCUAA spectators in awe

Six years after hosting the State Colleges and Universities Athletics Association (SCUAA) Region 1 Sports Olympics, it was again Pangasinan State University's turn to mark a jaw-dropping opening ceremony in Narciso Ramos Sports and Civic Center on November 21.

The 2022 SCUAA Sports Olympics kicked-off with 2,435 delegates and over 4,000 spectators from six competing state universities and colleges.

“It is amazing, spectacular and explosive. We really expected this kind of celebration after more than two years of lockdown,” Dr. Danilo Bose, Commission on Higher Education (CHED) Regional Director, said.

The Director emphasized that during the planning stage, he anticipated the excitement of the student-athletes especially when PSU stepped up as this year’s host-university.

With over two months of preparation, the University headed by the Dr. Dexter R. Buted, made sure that the sporting event will be an avenue to develop a strong and vigorous community following all safety and health protocols.

“The exclusion of some sport events is bound by the guidelines presented in the Commission on Higher Education which mandates the gradual return of all collegiate athletic competitions following the health standards set by our government agencies,” the PSU President and Chair of the Philippine Association of State Universities and Colleges in Region 1 (PASUC-1) said.

Along with Dr. Buted were Dr. Shirley Agrupis, Mariano Marcos State University President; Dr. Jaime

Manuel Jr., Don Mariano Marcos Memorial State University President; Dr. Gilbert Arce, Ilocos Sur Polytechnic College President; and Dr. Erwin Cadorna, University of Northern Philippines President who enjoined together for the ceremonial hoisting of institutional banner to underline institutional rapport and camaraderie in the Sports Olympics.

During the ceremony that clocked in at slightly over three hours, a pearl-shaped cauldron at the right wing of the sports center was lit by 1992 Olympics Bronze Medalist Roel Velasco after delivering a message.

Velasco, a retired boxer from Negros Occidental, inspired the student-athletes to go an extra mile in reaching their athletic dream with his own version of a medal-finished ingredient, ‘STDDD’.

“Sabi ko nga lagi [hindi] naman ako magaling pero dinaan ko sa Sipag, Tiyaga, Disiplina, Determinasyon at Dasal. [Hindi] lang sa isports maski pati sa pamumuhay natin,” he said.

The Olympian who is also a winning National Coach, emphasized the value of support from school administration to the athletes especially in giving consideration as they juggle learning and sports.

Meanwhile, the sports center was quickly transitioned to a field of green lights as thousands of students of PE and NSTP in PSU-Lingayen presented a 17-minute non-stop mob dance highlighting the rich Pangasinan culture.

Marking the official opening, Hon. Mark Lambino, Vice Governor of Pangasinan, declared the inaugural of the five-day sporting event.

In the end, the opening program concluded with a pyrotechnical display which left the spectators in awe.

Around 3,000 student-athletes from six participating state-owned tertiary educational institutions in the Ilocos Region compete at different sports events in the five-day State Colleges and Universities Athletic Association I(SCUAA-I) meet in Lingayen, Pangasinan on Tuesday.

Matalunggaring Dance Troupe wins gold in PASUC I Culture and Arts Festival

PSU Bayambang pride Matalunggaring Dance Troupe (MDT) conquered the recently concluded PASUC I Culture and Arts Competition - Dance Category held at the Dr. Telesforo N. Boquiren Convention Hall, today, November 22.

MDT successfully bags first place in the Folk Dance category followed by Bin-i Dance Troupe of Mariano Marcos State University (MMSU) and Dangay-Saririt Cultural Dance Troupe of University of Northern Philippines (UNP). PSU was also hailed as champion in Contemporary Dance.

The said group was trained by their proud coaches, Mr. Jordan Neri, Mr. Generoso Rillion and Mr. Jeffrey Bachar under the supervision of Dr. Ramil Dacal, University Director for Culture and the Arts.

On the other hand, PSU Chorale performed their rendition of "Nosi Ba Lasi" in the Singing Category that made them land second place in the Show Choir competition. They were trained and accompanied by their coach Asst. Prof. Ma. Christina Gamo.

Culture and Arts Festival 2022

SCUAA – 1 SERIES | Mr. & Miss PASUC – 1 crowned

The thunderous cheers from the supporters echoed at the Dr. Telesforo N. Boquiren Convention Hall of Pangasinan State University, Lingayen Campus as twelve (12) candidates for the search for Mr. and Miss PASUC-1 2022 displayed the power of beauty and wit.

Candidates came in for three major competitions such as swimwear, formal wear, and final question and answer categories during the event held on November 23.

This Year's Mr. Philippine Association of State Universities and Colleges (PASUC) -1 is **Mr. Michael Cristophe Agustin** from **Mariano Marcos State University** while **Ms. Jan Rlee De Guzman** from **Pangasinan State University** bagged the title for Miss PASUC-1.

To show their support, SUC Presidents and Sports Directors of the six participating State Universities and Colleges of the North personally handed over major and minor awards to the winners.

PSU wins Ms. PASUC-1 2022 title

Hail and Bow to the Queen!

Besting other representatives from the Philippine Association of State Universities and Colleges (PASUC) Region 1, De Guzman wowed the crowd and bagged the crown along with several major awards, such as: Best in Modern Terno, Best in Swimwear and Best in Production Number.

De Guzman made the Golden Lion Hearts proud as she sashayed on stage, performed her number and answered tough questions from other participating state universities with wit and confidence.

Jan Rlee exuded sophistication and owned the stage the moment she stepped in, owing to her pageant experience as Binibining Bayambang 2021. Our PSUnian bet also represented Bayambang in the Miss Earth Philippines 2021.

Before the night ended, she earned the nod of the pageant judges who are all from the National Capital Region, amidst cheers and applause from the crowd.

A third-year Bachelor of Secondary Education, major in English student, Jan Rlee is the former editor-in-chief of The Leader, the official school publication of Bayambang

National High School. She was the pioneer and former Director of the Broadcast Media Circle of PSU Bayambang.

Being a natural leader, our pageant winner is the Supreme Student Council President of PSU Bayambang Campus and the Executive Vice-President of the Federated Student Government of PSU.

SCUAA-I DAY 4

It's a back-to-back win!

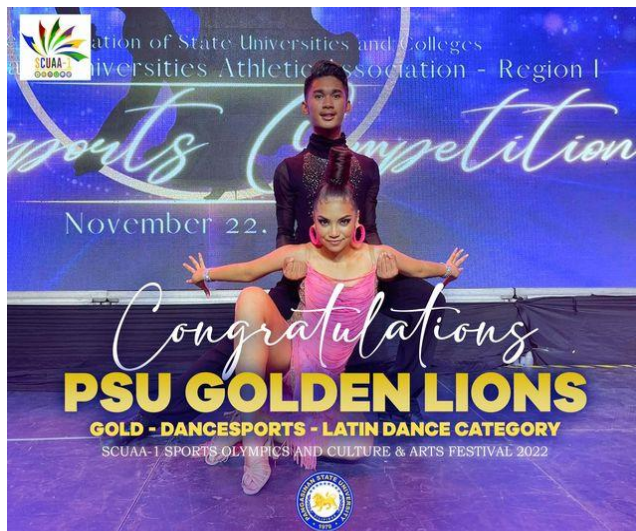

Congratulations, Golden Lions' Table Tennis players for Men and Women categories for winning Gold!

Smashing uncertainties, PSU players clinched the first place besting five other state colleges and universities in the SCUAA-1 2022 Sports Olympics.

Another PSU pride!

PSU Golden Lion dancers roared after bagging another gold in Dancesports – **Latin Dance** category.

PSU Chess Masters win Gold!

Checkmate!

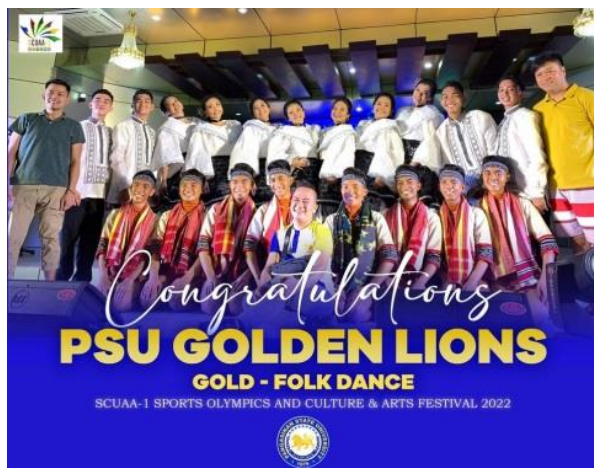

PSU Chess Master's last move led Golden Lions team to triumph over six competing SUCs in Chess game category.

SCUAA-1 SERIES | CULTURAL COMPETITION

PSU Dance Troupe bags GOLD in PASUC-1 Culture and Arts Festival

Dancing with passion as the main integrant, the Matalunggaring Dance Troupe (MDT) of Pangasinan State University, Bayambang Campus won gold in the PASUC I Culture and Arts Competition – Folk Dance Category.

The resounding beat of music accompanied with the graceful dance steps of the MDT thrilled spectators at the Dr. Telesforo N. Boquiren Convention Hall held on November 22.

Six competing dance troupes from different State Universities and Colleges in Ilocos Region performed for the dance category in the big event.

Dr. Ramil Dacal, PSU University Director for Culture and the Arts believed that MDT was able to preserve its outstanding

accomplishments through the guidance of its able trainers and coaches.

“As a testament to their commitment and dedication, the dance troupe yearly brings home the championship title in the dance category in PASUC-1 Culture and Arts Festival.

The dancers’ inspiration is rooted from its long-standing history and tradition of quality and excellence,” Dr. Dacal added.

Iden Lions roar for another gold in badminton men

A perfect smash released by the PSU players finished the good rally of the badminton game making the Golden Lions receive a gold award.

SCUAA-I Series | Taekwondo

IN THE NEWS | SCUAA R1 quenches the sports and culture torch

After consecutive days of dynamic action, the State Colleges and Universities Athletic Association Region 1 (SCUAA- R1) Sports Olympics and Culture & Arts Competition culminated in a closing ceremony at the Narciso Ramos Sports and Civic Center in Lingayen town on Friday.

The awarding of champions is the highlight of the program. The deliberation of the tally was carefully conducted by the Committees after a close proximity of scores delivered by the competitive athletes.

Pangasinan State University's Dr. Dexter R. Buted delivered his final speech as the President of the Philippine Association of State Universities and Colleges (PASUC) for Region 1 and officiated the turnover ceremony to the incoming president Dr. Erwin F. Cadorna of the University of Northern Philippines (UNP).

It was also announced that the venue for the SCUAA 2023 Athletic Meet will be at the Don Mariano Marcos Memorial State University (DMMMSU).

A recap of the five-day event was shown in an audio-visual presentation to the cheers of the crowd.

At the end of the day, all academic institutions convened in harmony with an "Awit ng Pagkakaisa" medley.

PSUnians bag overall championship in the COHREP 2022 National Skills Competition

The Pangasinan State University (Lingayen Campus) was declared as the over-all national champion in the 2022 National Skills Competition by the Council of Hotel and Restaurant Educators of the Philippines (COHREP) held on December 1-2.

The PSU Golden Lion team emerged victorious in different categories among 20 participating universities in the Philippines.

STRONG RESEARCH CULTURE AND TECHNOLOGY TRANSFER

PSU WELCOMES IPOPHL DELEGATES

The Pangasinan State University welcomes the delegates from the Intellectual Property Office of the Philippines (IPOPHL) on January 28, 2022.

On behalf of the PSU community, Dr. Paulo V. Cenas, Vice-President for Research, Extension, and Innovation; Dr. Catalina C. Platon, Director for Innovation and Technology Support Office; and other officials, warmly greeted the visitors from IPOPHL headed by Atty. Rowel S. Barba the director-general of IPOPHL, together with Atty. Teodoro C. Pascua and all other members present in the visitation.

Dr. Platon presented the accomplishments of PSU-ITSO from 2017 to 2021. She also introduced the three fundamental functions of an ITSO franchise: IP Creation, IP Protection, IP Utilization.

According to Dr. Platon, IP Creation opens doors to patent research facilities that could provide various patent information and skills, training, and patent searching, while IP Protection promotes domestic and globally recognized innovations.

Lastly, IP Utilization provides assistance in the commercial section of globally competitive innovations.

“These functions are the fuel of the ITSO Franchise of Pangasinan State University,” she added.

Dr. Paulo V. Cenas, on the other hand, presented the restructured model on research and extension and series of revisions for the process.

He pointed out that research and extension should be simultaneously done to be useful and helpful in the community.

Indeed, with PSU, we make the impossible, possible.

Once again the Pangasinan State University is incredibly honored to accommodate the Intellectual Property of the Philippines (IPOPHL) and exchange ideas with them.

DAP Graduate School and Pangasinan State University (PSU) Collaborate for a Research Study on the Futures of Salt

Dr. Lizan E. Perante-Calina, DAP Graduate School Dean had an initial meeting with Dr. Dexter Buted, PSU President for the GSPDM Research Program and the Certificate Course on Futures Thinking.

The Office of the Vice President for Research, Extension, Innovation, Gender and Development, headed by Dr. Paulo V. Cenas, presented the proposal for the construction of the Advanced Salt Innovation Center (ASIn Center) at PSU.

The Center shall act as the central avenue in advancing research and development initiatives on salt production processes, technologies and products. The proposal is considered a significant step in revitalizing the salt-making industry towards achieving national salt sufficiency and promoting sustainable and inclusive economic growth.

Through collaborations with other state universities in Region 1, the proposed project will involve (1) land sustainability assessment, socio-economic profiling and development of geo-database management systems for salt industry in Region 1; (2) design evaluation and occupational safety assessment on structures of various salt manufacturing facilities in Region 1; (3) characterization and optimization of salt production processes and products; (4) salt technology research innovation and process engineering; and (5) development of value-added salt products.

The DAP Graduate School looks forward to this partnership!

DOST Secretary Fortunato de la Peña and Undersecretary Sancho A. Mabborang arrive at the Pangasinan State University (PSU)- DOST 1 Food Innovation Center (FIC), Bayambang, Pangasinan.

PSU President Dr. Dexter R. Buted warmly welcomes DOST Secretary de la Peña, Undersecretary for Regional Operations Sancho A. Mabborang, DOST 1 Regional Director Armando Q. Ganal, Filipino Inventor's Society Producer Cooperative (FISPC) President Francisco "Popoy" Pagayon and the whole DOST team.

PSU- DOST 1 FIC provides mutual service facility to faculty, students and stakeholders of PSU for food research and development, serves as one-stop food research and development facility for MSM-scale food industry to innovate an old product, produce new ones, or create new benefits to agricultural and fishery resources to be more competitive locally and internationally. The facility also organizes trainings and seminars on food processing and preservation, food safety, and current Good Manufacturing Practices (cGMP), marketing, and simple accounting.

PSU- DOST 1 FIC is one of the lined projects that will be visited by the DOST Secretary and Undersecretary.- Carla Joyce B. Cajala

Science and Technology Secretary Fortunato dela Peña along with other officials and stakeholders visited the facilities at the Pangasinan State University (PSU)-DOST 1 Food Innovation Center (FIC) inside the PSU campus in Bayambang, Pangasinan on Thursday. Dela Pena's group was welcomed by PSU president Dr. Dexter Buted and other officials.

According to the DOST, the center provides service facility to faculty, students and stakeholders of PSU for food research and development, serves as one-stop food research and development facility for MSM-scale food industry to innovate an old product, produce new ones, or create new benefits to agricultural and fishery resources to be more competitive locally and internationally.

Bronze Awardee

Congratulations to Pangasinan State University for having been bestowed a bronze award in the recently conducted Grand Intellectual Property (IP) Forum with the theme "IP and Youth:

Innovating for a Silver-Bright Future", a gathering of young investors, creatives, and entrepreneurs as they showcase their works with the government and private institutions in support to youth empowerment through IP.

Kudos to Dr. Paulo V. Cenas, Vice President for Research, Extension, and Innovation, Dr. Catalina Platon, Head of the Intellectual Property and Research Utilization Office and to the entire Research and Development Unit! This achievement would not have been possible

without the unending support of our University President Dr. Dexter R. Buted.

The PSU Community ensures that quality internal and external IP services are delivered promptly, respectfully and willingly to clients and stakeholders; thus, it commits to continuously seek new knowledge and execute capacity-building activities to address the ever-changing demands of the society.

PSU- BC undergoes HEIRIT UPSCALE Assessment Visit

As one of the applicants for Higher Education Institution Readiness for Innovation and Technopreneurship or the HEIRIT program, the HEIRIT UPSCALE Team held an Assessment Visit at Pangasinan State University-Bayambang Campus thru a program at the Learning Resource Center, on May 10, 2022.

The said visit is a requirement for HEIs that are submitting proposals for the DOST HEIRIT Preparatory Training Program funding the establishment of university-based technology business incubators.

In her welcoming remarks, Dr. Liza L. Quimson, campus executive director, emphasized that the aim of the campus in joining the program is in line with the goal of the entire university to be globally acknowledged experts in pioneering and innovating research in the field of education, science, technology, and other related disciplines.

The University President, Dr. Dexter R. Buted, also showed his support to the campus through a pre-recorded message. “We considered this as a challenge and opportunity to nurture innovative minds..... Therefore, it is my great pleasure to engrave my commitment to this innovative and groundbreaking endeavor,” Buted stressed.

To formally start the assessment, Dr. Catalina C. Platon, Director of ITSO PSU, introduced the Technology and Business Incubation (TBI) team of the university. Afterwards, Dr. Christian Thom Tabisola, proceeded to the presentation of Technopreneurship and TBI Champions in Research and Academic wherein he emphasized the different enhancements in PSU which are the following; a. Human Resources Management; b. Land and Physical Resources; c. Financial and Administration; d. Machinery and Equipment Available and; e. Strong Network and Linkages.

Moreover, Dr. Tabisola discussed the reasons why the university needs TBI. According to him, TBI will be of great help to Academic / Instructions; Research / Innovation; Extension / Livelihood development, and; Production and Administration. Meanwhile, Ms. Meryl A. Bernardino, FIC project staff, discussed the use of the processing facility and the rental of equipment in the FIC.

Subsequently, Ms. Margarita Caparas, HEIRIT 2 UPSCALE Project Lead, presented some documentations and briefings about PSU Food Innovation Center Technopreneurship services to the assessors by highlighting the use of processing facility and rental of equipment, RND developed technologies, technical assistance, and consultancy services, transfer of technology and the extension and skills training.

Furthermore, Dr. Louie Sison, Project Leader of Upscale Innovation Hub, stated the four main advantages of the TBI program which are Bagong Produkto, Bagong Negosyo, Dagdag na kita and Dagdag na trabaho.

In the last part of the program, Dr. Veronica C. Austria, TBI Manager, instill the main goal of TBI team which is to become a catalyst of change and generator of business.

Before the program, PSU- BC welcomed the UPSCALE Team delegates to its multi-awarded PSU-DOST 1- Food Innovation Center (FIC) where they were introduced to the various processing equipment which improves product quality and increases the production. During the said visit, The FIC team also presented its award-winning products such as the Indian mango chips, onion chips, vacuum fried squash, crispy okra, burong walang amoy, pineapple plum, yummy tupig,

kalamay, etc.

PSU Qualifies for HEIRIT Program Funding

The Higher Education Institution Readiness for Innovation Technopreneurship (HEIRIT) Program is a two-year preparatory program which is applied to ensure that future Technology Business Incubator (TBI) Managers are equipped to plan, execute, build, and catalyze the emerging start up community in the region. As of now, there are 54 TBI facilities across the country.

Having a TBI within a University is an edge among other universities for it expands the role in the development of the region by providing access to facilities to benefit entrepreneurs. It also fosters entrepreneurial spirit for faculties and researchers to commercialize technologies, and it nurtures innovators and entrepreneurs in the region. With TBI, a university may attract more mentors, advisers, and partners from industry.

The objective of the program is to train at least 20-25 TBI Teams from selected Universities and assist at least 20-25 Universities to build the requirements for TBI. It also aims to facilitate the build-up of entrepreneurial culture within the University and the province/region where the TBI will be located. The program handholds the universities in its first year of TBI applications.

Out of 120 HEIs applicant for the HEIRIT Program of the Department of Science and Technology – Philippine Council for Industry, Energy and Emerging Technology Research and Development (PCIEERD), Pangasinan State University was luckily shortlisted and was included in the 26 HEIs to advance to the next stage of TBI Application presentation headed by the University President Dr. Dexter R. Buted, Vice President for Research and Development Dr. Paulo V. Cenas, Director for Innovation Technology and Support Office, Dr. Catalina Platon together with the TBI Team Headed by TBI Manager Dr. Veronica Austria, Assistant TBI Manager Dr. Gudelia M. Samson, Resident entrepreneur Mr. Norberto De Vera and two TBI Members Dr. Christian Thom A. Tabisola and Mr. Lester Arandia.

After thorough evaluation of each institution's proposal by PCIEERD, Pangasinan State University was qualified to be part of cohort institution that will undertake the HEIRIT Preparatory Program with a chance to submit a proposal to PCIEERD for TBI funding assistance and become a part of the HEIRIT Universities for 2022-2024. The preparatory program will be spearheaded by the University of the Philippines Mindanao's UPGRADE TBI.

HIHEIRIT PAMORE KICK-OFF : Turning Creative Minds into Master Crafters

Remaining true to one of its mission to continuously innovate, seek new knowledge and bolster creativity, Pangasinan State University 's Research team joined the kick-off ceremony of 'HIHEIRIT PA MORE 2022' held on June 22-23 in Davao City.

HEIRIT or the Higher Education Institutions Readiness for Innovation and Technopreneurship program, is designed to help universities meet the requirements for Philippine Council for Industry, Energy and Emerging Technology Research and Development (PCIEERD) for Technology Business Incubation (TBI) funding and train HEI managers to manage their own DOST-affiliated TBIs to cater to the growing demand for entrepreneurial support.

The activity was organized by the University of the Philippines Mindanao Growing and Developing Enterprise (UPGRADE), in partnership with UPSCALE Innovation Hub through the support of DOST-PCIEERD.

The HIHEIRET PAMORE launched a two-year structured and immersive capacity-building program for future technology incubators in selected HEIs.

In the same event, another feather was added to the institutions' cap as PSU was chosen as one of the Top 10 Best SUC Preparatory Training Program Grantees in the

Philippines out of 147 SUCs.

With the collaborative effort of PSU's TBI team composed of ITSO Manager Dr. Catalina C. Platon, TBI Manager Dr. Gudelia M. Samson, the TBI Members Dr. Christian Thom Tabisola, Ms. Roseann Jane Agustin, and Mr. Rocky Cardona, and the External Entrepreneur Mr. Norberto De Vera, PSU successfully qualified to undergo the training for the TBI program.

Along with the TBI Team is the Food Innovation Center (FIC) Team in Bayambang Campus led by Dr. Raquel Pambid, with Ms. Wilma De Vera, Ms. Veronica Austria, and the FIC staff

The TBI Team was responsible for the preparation of documents while University President Dr. Dexter R. Buted, as head of the agency, presented the

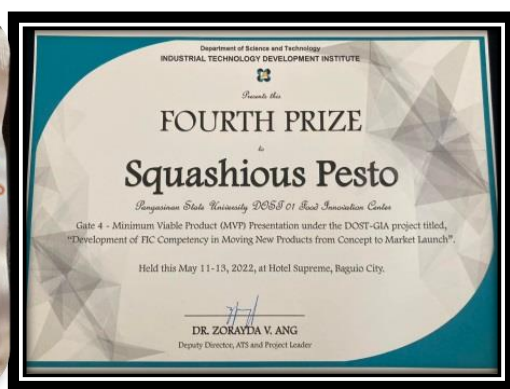

output which is the final requirement in the selection criteria, during the assessment visit of FIC to PSU on May 10, 2022.

Providing steadfast support to the two-day activity were Dr. Buted and Vice-President for Research, Extension, Innovation, and GAD, Dr. Paulo V. Cenas.

PSU believes that innovation and technology in education is crucial to an organization's success, thus the enormous support for its development.

FIC Top 10 Best Product Finalist

Six (6) FIC developed technologies from Region 1 state universities Pangasinan State University and Mariano Marcos Memorial State University were among the Top 10 Best Product Finalist awarded during the North Luzon FIC Cluster Fair Marketing Academy held last May 11 - 13, 2022 at the Hotel Supreme, Baguio City. There were a total of 22 competing products during the event which were presented during the minimum viable product (MVP) presentation of various participants from Region 1, 2, 3, and CAR.

Two (2) PSU DOST 1 Food Innovation Center developed technologies, the Squash Pesto Sauce and Tomato Salsa in Pouch were awarded as Fourth Prize and Finalist Award, respectively. Both products were produced utilizing the water retort machine, one of the HITS (High Impact Technology Solutions)

equipment rolled out by DOST to Regional FIC.

Mr. Felcris Z. Dy, PSU faculty researcher pitched the Squash Pesto Sauce while Ms. Meryl A. Bernardino, DOST1 FIC staff presented the Tomato Salsa technology. They were supported by Ms. Charissa De Vera, PSU faculty researcher and Ms. Jennifer Fernandez, DOST 1 -PSTC Pangasinan staff as part of the organizing committee and pioneer students of the Year 1 FIC Marketing Academy.

The FIC Marketing Academy is a part of the project of the DOST-Industrial Technology Development Institute (DOST-ITDI) led by Dr. Zorayda Ang. The 3-day event were organized by Cluster A led by PD Nora Garcia as the Cluster Dean. On the first day, all the products were showcased and

presented for pitching. A lecture on the Test Marketing Implementation was also delivered by Dr. Dave D. Centeno, Professor from UP Diliman. Awarding was done the next day followed by benchmarking to BSU ATBI/IC located in La Trinidad Benguet and to PSU DOST 1 Food Innovation Center in Bayambang, Pangasinan.

PSU-DOST 1 FIC Lecture Training on the Production of Non-wheat Flour and Equipment Operation Demonstration

The PSU DOST 1 – Food Innovation Center (PSU- DOST 1 FIC) located in Bayambang Campus is among the FICs in Region 1. It houses equipment locally designed by the Department of Science and Technology (DOST) such as a spray dryer, water retort machine, vacuum fryer, and freeze dryer. Serving as one-stop food research and development facility, the PSU- DOST 1 FIC provides local food processors the opportunity to innovate on old products, produce new ones, or create new benefits to agricultural and fishery resources.

In her message, Dr. Liza L. Quimson, Campus Executive Director emphasized that the establishment of Pangasinan State University DOST 1- FIC in the region has helped a lot of MSMEs, students, and researchers, and the center looks forward to more R&D outputs that will benefit

the community.

Another lecture training on the production of non-wheat flour and equipment demonstration was conducted on May 24. The lecture training was led by Dr. Wilma M. De Vera, FIC Manager together with the PSU- DOST 1 FIC team. Among the topics discussed was the lecture on the Processing of Cassava Flour and Butter Cake by Ms. Meryl A. Bernardino, DOST 1 Food Technologist, GMP and Food Safety by Ms. Charissa M. De Vera, Faculty-Researcher, Processing of Saba Flour and Pandesal by Mr. Felcris Dy, Processing of Sweet Potato Flour and Brownies by Ms. Catherine L. Lictao, Project Assistant I and Processing of Squash Flour by Mr. Emmanuel Abenes, Project Assistant I.

After the in-depth lectures, the afternoon session includes the Demonstration of FIC Equipment and the Squash Flour Demo by Mr. Samuel De Guzman and Mr. Emmanuel Abenes. The participants were given an opportunity to experience the lectures through hands-on demonstrations.

Welcome to the 1st PHILIPPINE SALT CONGRESS 2022!

The salt industry underpins many sectors of the Philippine economy from food manufacturing, chemicals, metals, textiles, pharmaceuticals, etc. Despite its importance, modernization of the salt industry has not taken place. As a result, the salt production continues to decline over the years resulting to the decrease in income, employment and the local production share.

To ignite the wheel of innovation that will revive the salt production and transform it into a 21st century industry, the Pangasinan State University undertakes the organization of the very 1st Philippine Salt Congress. The event will serve as a hallmark of the University's leadership in the development of salt processing and management through quality research, extension and innovation programs and will put the salt industry back on the map towards national recognition. The affair will put current researches and technological developments on salt production into the limelight and will provide avenue for various stakeholders to collaborate towards a productive, innovative, competitive and resilient Philippine Salt Industry.

PSU, other gov't agencies move to revitalize salt industry

The Regional Bantay ASIN Task Force (RBATF-1) has convened its members to take part in a Planning Workshop to formulate its operational plan for 2022-2025, today June 27 in La Union province.

Pangasinan State University's Vice-President for Research, Extension and Innovation, Dr. Paulo V. Cenas was tapped to present the Proposed Inclusion of Salt as a Strategic Commodity of Region I in the said workshop which was earlier introduced during the Economic and Development Sectoral Committee.

Other topics presented in the workshop include: Salt Iodization Situation in Region 1, Roles of Regional Line Agencies in Salt Iodization and the NSIP strategic plan (2017-2022).

The said workshop was spearheaded by the Department of Health-Center for Health Development, National Nutrition Council-1 and the Food and Drug Administration -1

Pangasinan derives its name from ASIN, making salt a valuable commodity. Consequently, the salt industry underpins many sectors of the Philippine economy.

To ignite the wheel of innovation that will revive the salt production and transform it into a 21st century industry, PSU undertakes the organization of the very first Philippine Salt Congress which will commence on September 2022.

Region I shines in the National SUC Fair 2022

Rehiyon Uno: Numero Uno. The team of state universities and colleges in Region I captured major awards during the recently- concluded National State Universities and Colleges (SUC) Fair 2022 after garnering the Best Agri- Food Product (Special Award) and clinching the 2nd Runner- up in the Best Booth/ Bazaar Competition respectively, June 28 to July 1 at SM Mall of Asia Music Hall.

Together with Mariano Marcos State University, University of Northern Philippines, Ilocos Sur Polytechnic State College, North Luzon Philippines State College, Don Mariano Marcos Memorial State University, and our very own Pangasinan State University, Team Region I parades various local delicacies and food innovations, locally-made items and works-of-art in its booth along with the other 19 participants from the neighboring regions in the country.

Spearheaded by the Commission on Higher Education (CHED), this year's fair focused on the theme: "Promoting Innovation, Entrepreneurship, Culture, and Arts for National Development and Global Competitiveness" with the tagline: #WeAreSUC – Sustained Excellence, Unified Efforts, Competitive Standards.

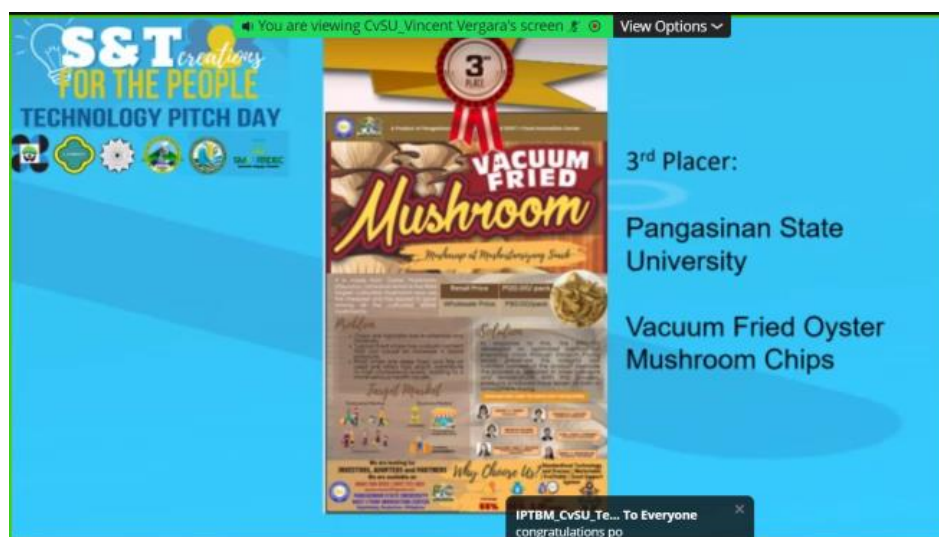

Through different competitions and displays, the SUC Fair gave participating schools the opportunity to display and emphasize their distinctive features thru their products and performances. Specifically, eighty-one state universities and colleges from Luzon, Visayas, and Mindanao displayed their academic designs, innovations, and products at the exhibition.

The fair culminated with a Cultural Fashion Show of students, SUC Presidents, Regional Directors, Commissioners, and CHED Officials which highlighted each region's distinct beauty and culture.

PSU bags prime awards in DOST's National Pitch Day

The Pangasinan State University again waved its banner high in the field of Research, Extension and Innovation as it bagged two primary awards in the recently concluded Science and Technology Creations for the People Technology Pitch Day organized by the Department of Science and Technology (DOST).

Various mature technologies of different Higher Education Institutions (HEIs) from the five member consortia of DOST- Philippine Council for Agriculture and Natural Resources Research and Development (PCAARRD) namely BCAARRD, ILAARRDEC, SMAARRDEC, STAARRDEC and WESVAARRDEC, were pitched to potential investors and industry partners during the event via Zoom teleconferencing and Facebook live on May 31.

The event commenced with a message from DOST Secretary Fortunato Dela Pena who stressed the importance of the power of Science and Technology Creations in the development of a fast-paced technology-driven community.

Technology Pitch Day is one of the activities under the DOST-PCAARRD program entitled "Boosting the Agri-Aqua Business Incubation in PSU through RAISE Program – a project which runs from January 1, 2022 – December 31, 2023 under the innovative hands of project leader Dr. Catalina C. Platon of the Innovation and Technology Support Office and the University Vice-President for Research, Extension and Production, Dr. Paulo V. Cenas.

Out of 40 entries in both Video and Poster pitches from three technology categories namely: Agri-Aqua Input and Products, Food and Beverages and Equipment and Machineries, PSU's entry entitled "Vacuum Fried Mushroom – Musharap at Mashushtansiyang Snack" won first place in Video Pitch (Best Video Pitch) and third place in Poster Pitch by Ms. Roseanne Jane C. Agustin of PSU Bayambang Campus.

"The award and recognition continue the winning streak of PSU from the recent technology pitches organized by DOST-PCAARRD," Dr. Platon said.

This latest achievement was made possible by the ardent support of University President Dr. Dexter R. Buted and the initiative of the researcher and developers of the said technology led by Dr. Racquel C. Pambid as the lead researcher, Dr. Wilma De Vera and Dr. Veronica C. Austria as

the technology developers, Mr. Cyril John Domingo and Ms. Meryl A. Bernardino as the technology team members and Ms. Roseann Jane Agustin as team member for marketing.

As PSU is a productivity -oriented, people-centered and passion-driven institution, its desire is to continuously source out and seek new knowledge and awareness in current educational and technological trends leading to sustainability and higher productivity.

PSU shares research gains on Salt Technology in Indonesia

The Pangasinan State University visited West Java, Indonesia in pursuit of unlocking more opportunities for growth and development in the field of Research.

PSU Vice-President for Research and Extension, Dr Paulo V. Cenas, together with Engr. Rex T. Basuel (head of MATIC Center) and Engr. Quincy Jones B. Bundal (head of Salt Technology and Innovation Center) travelled to the said ASEAN country to present the institution's research gains on Salt Technology as well as benchmark Indonesia's salt industry.

They met with the officials of the Ministry of Marine Resources and Fisheries led by its Director, Mohamad Zaki Mahasin, A.Pi, M.Si

The PSU team also conducted field visits on Indonesia's salt farms to include the Tunnel

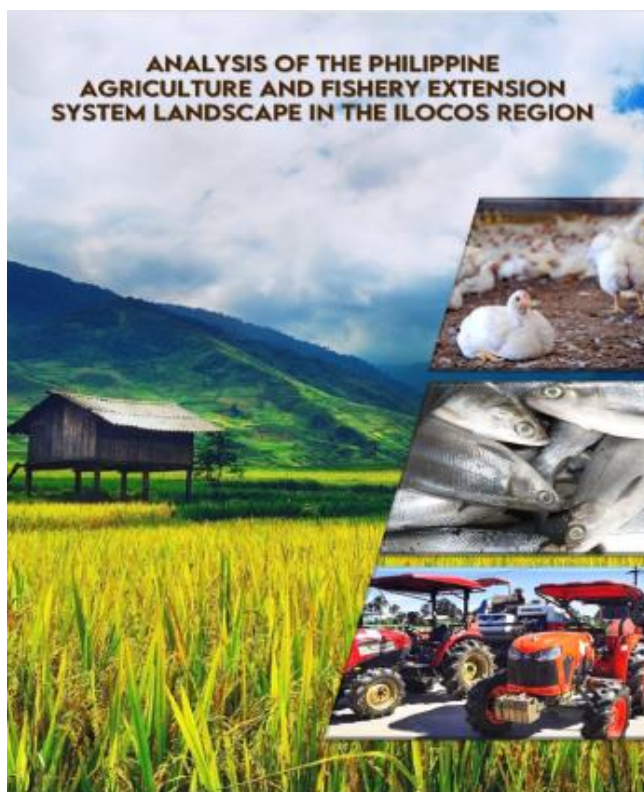

Technology, High Density Polyethylene (HDPE) technology, government -funded salt processing plants operated by a community-based association and the salt training centers.

PSU, as an ASEAN Premier State University, seeks to ignite the wheel of innovation that will revive the salt production and transform it into a 21st century industry. The University also undertakes the organization of the First Philippine Salt Congress in the latter part of the year.

PSU Research Team presents externally-funded project to ATI

The banner of Pangasinan State University's Research Area continues to fly high as another research project was successfully presented for external funding.

Dr. Paulo V. Cenas, vice-president for Research, Extension, Innovation and Gender and Development who also acted as the Project Leader, ably presented the study entitled "Analysis of the Philippine Agriculture and Fishery Extension System Landscape in the Ilocos Region," with funding assistance from the Agricultural Training Institute (ATI).

As part of the agreement entered into by the PSU and ATI, the PSU shall present the results, findings and recommendations to the ATI management.

Thus, on August 2, Dr. Cenas presented to the ATI officials in Quezon City the objectives of the study, methodology and sampling procedures, conceptual framework, scope and limitation, results and findings, conclusions and recommendations.

"The study aims to assess the current Ilocos agriculture and fisheries and extension landscape and provide a macro perspective of the situation of the region's training and advisory series," Dr. Cenas stated.

ATI Director Rosana Mula, OIC Assistant Director Antonieta Arceo and Dr. Rogelio Evangelista, center director for ATI Ilocos Region who endorsed the project, were present during the event.

PSU, as an ASEAN premier state university, puts premium in quality research, extension and innovation programs to ensure education advancement for all.

Agricultural Training Institute-R1 shows appreciation for PSU

The Agricultural Training Institute- Regional Training Center (ATI-RTC) in the Ilocos, paid a courtesy visit to the Pangasinan State University as a gesture of appreciation for the Research Team's initiatives in conducting a comprehensive study on Agriculture.

ATI-RTC-1 Center Director Dr. Rogelio Evangelista and Assistant Center Director Dr. Josephine Aben presented a certificate of appreciation to the University for conducting the "Analysis of the Philippine Agriculture and Fishery Extension System Landscape in the Ilocos Region"

Results of the said study were presented by PSU Vice-President for Research Extension, Innovation and Gender and Development Dr. Paulo V. Cenas to the management and staff of the Institute in their Manila office on August 2, 2022.

Aside from Dr. Cenas, the appreciation was also extended to the members of the PSU's Research Team namely Prof. Francis Albert Argente, Bobby Roaring, Thomas Ponce Reyes, Eva Jamaillah Pescador, Jennie Fernandez, Lester Arandia, Ace John Mafk Liwanag and John Austine Delos Santos.

Research, one of PSU's four-fold core functions, is given utmost support and importance by University President Dr. Dexter R. Buted who believes that an institution will not mature if it doesn't have researches.

PSU produces an average of 120 researches a year with 80 of these seeing the light of publication.

PSU Units gather for GAD Strategic Planning

Pangasinan State University Divisions and Units, in partnership with the Philippine Commission on Women (PCW), gathered together on September 14 for the Strategic Planning on Gender and Development.

Led by the Office of the Vice President for Research, Extension, Innovation and Gender and Development (REIGN) the activity was conducted in a hybrid platform with a face-to-face modality at the Dr. Telesforo N. Boquiren Convention Hall and via the Zoom platform.

Dr. Gilbert Moralista, the Director for Gender and Development, acknowledged the participants and stated the purpose of the seminar.

“This activity aims to discuss the GAD Research, Extension and Innovation agenda anchored on the university agenda and priority draft. It also serves as an avenue to develop a GAD Strategic Plan based on GAD Strategic Framework and to introduce the sex-disaggregated database as baseline information in gender analysis and in determining gender issues in the University and its clientele,” Dr. Moralista said.

The first topic dealt on the Formulation of the GAD Agenda which was presented and shared by Dr. Jhamie Tetz Infante-Mateo, the Director for Gender Resource Research and Development Center of Isabela State University, and a member of the PCW’s National Gender Resource Pool.

On the other hand, Dr. Joe G. Lagarteja, also from Isabela State University, and a Data Protection Expert, tackled the Sex and Gender Disaggregated Database and gave a walk-through of the system.

Vice-President for REIGn Dr. Paulo V. Cenas, thanked the GAD Coordinators of the nine campuses for giving their full support in attending and cooperating with the

strategic planning. Likewise, he acknowledged the focal persons of the four other divisions of PSU that includes Academic and Student Affairs, Planning and Finance Management, Administration and Linkages, and Quality Assurance who were present to share their respective agenda on GAD.

As a Level IV learning institution, Pangasinan State University will continuously enhance its effectiveness, adaptability, profitability, agility, and productivity because PSUnians believe that small advancements made every day will eventually provide extraordinary outcomes when these are needed.

Research works and innovative products take spotlight at PSU Exhibit

The festive atmosphere of PSU’s 43rd founding anniversary continues as the offices under Research Extension, Innovation and Gender and Development (REIGn) spruce up the Dr. Telesforo Boquiren Convention Hall to display the University’s products of hard work.

Alaminos City.

Taking the spotlight are research-based products from the University’s Food Innovation Centers and from the 12 Agriculture and Development Centers subdivided into two categories – the Socio Cultural and Analytics Support Center and the Technology Generating Centers.

These centers are based in the Campuses of Bayambang, Sta. Maria, Urdaneta City and

Proudly displayed are Certificates that indicate the functions of several Machines borne out of PSUnian research and innovation. These are already applied for registration with the Intellectual Property Office (IPO).

Mannequins donning the 'Abaray', a PSU by-product, can also be gleaned in the Display Area.

ISPSC benchmarks PSU DOST 1 FIC

BAYAMBANG, PANGASINAN—The highly- acclaimed and awarding-winning Pangasinan State University Department of Science and Technology 1 - Food Innovation Center (PSU DOST 1 FIC) played host to another academic institution, the Ilocos Sur Polytechnic State College (ISPSC) for its benchmarking activity yesterday, October 17.

The activity aimed to share the best practices of PSU DOST 1 FIC in its operation and management, including its equipment, to boost the Research, Development and Extension (RDE) of ISPSC as a higher education institution, to offer a top-notch higher education and to better serve the community.

Campus Executive Director Dr. Liza L. Quimson and FIC Center Head Dr. Wilma M. De Vera warmly welcomed the delegates from ISPSC and toured them around the center to show the various processing equipment and facilities.

"You are always welcome to visit here as Pangasinan State University is always willing to extend its help in various research endeavors, especially to its fellow SUCs," Dr. Quimson said during the courtesy call in her office.

Ms. Meryll A. Bernardino, the DOST Science and Research Specialist in charge of PSU's FIC, explained to the delegates how FIC machines work to produce various FIC products using crops accessible in the locality.

Present in the said activity were Mrs. Milagros O. Liberato, Head of SMART Agriculture, Mrs. Perlita F. Tomas, Acting Director for Extension, Mrs. Juvy D. Naungayan, Asst. Professor II, Mr. Zosimo A. Liberato, Assoc. Prof. V, Mr. Peter Paul L. Lazo, Science Research Specialist I, Mrs. Maria Angelica D. Evangelista, OPIRE Project Staff, and Engr. Edmund Vasquez, Manager, AVESECO.

PSU, aiming to be an ASEAN premier state university, places a high value on the quality of its research and innovative products, as seen by the numerous awards it has earned and the community beneficiaries it has assisted. Physical benchmarking has been welcomed by the University in sharing its best practices for the growth of quality education to other academic institutions.

PSU Solidifies Volunteerism Spirit through PNVSCA collab

Initiatives to upscale volunteerism efforts and determine what State Universities and Colleges can do to institutionalize volunteerism as a development strategy were some of the topics tackled

during a collaborative meeting between the Pangasinan State University and the Philippine National Volunteer Service Coordinating Agency (PNVSCA).

PNVSCA Executive Director Donald Gawe led his team, along with representatives from the National Economic Development Authority (NEDA), to discuss the promotion and harnessing of voluntary services and resources

with PSU through relevant and responsive plans, policies, advocacies, technical assistance, and coordination.

“It is PNVSCA’s long-term vision to inculcate volunteerism as a way of life of every Filipino,” Gawe said during the exchange of ideas held at the PSU Boardroom on June 2.

The delegates were welcomed and joined by the University Vice-Presidents - Dr. Paulo V. Cenas for Research, Extension and Innovation; Dr. Corazon B. Puzon for Planning and Finance Management; Dr. Elbert M. Galas for Administration and Linkages; Dr. Manolito C. Manuel for Academic and Student Affairs; and Dr. Marcelo C. Gutierrez, Jr. for Quality Assurance, along with other university officials.

In his message, Dr. Cenas said he is delighted with the vision of advocating volunteerism in the academe and added that PSU has long been practicing volunteer work in its various endeavors.

“We are one with you in building hopes and improving lives”, the vice-president quipped.

Aiming for a self-reliant, empowered, and progressive society, PSU will always show support to other agencies by opening its doors for interactive learning, sharing of best practices, and management processes toward a better future.

PSU leads 1st Philippine Salt Congress

Igniting the wheel of innovation that will revive the salt production in the country and transform it into a 21st century industry, the Pangasinan State University (PSU) organized the very first Philippine Salt Congress held on November 26-27, 2022.

Policy makers, local government officials, members of the academe, salt manufacturers and salt farmers from all over the country gathered at the Sison Auditorium of Lingayen town in the province of Pangasinan to take part in the two-day event that serves as a hall mark of the University's leadership in the development of salt processing and management through quality research, extension and innovation program.

PSU President Dr. Dexter R. Buted, said it is important to revive the Philippine salt industry which has languished despite having one of the world's longest shorelines and consequently take advantage of the global demand for sea salt.

"Ultimately, boosting the country's salt industry would not only benefit salt farmers and their families but also every Filipino

consumer and the local economy –while preserving traditional salt-making methods in the process," Dr. Buted said in his message.

The academic leader lamented that the country imports around 93 percent of its salt which is why PSU, as the only state-run university in the province of Pangasinan heeded to the call of revitalizing the rich tradition and identity of salt mining.

Pangasinan Governor Ramon 'Mon-Mon' Guico III said salt is important in life therefore it needs more attention, budgeting, research and participation from all stakeholders.

"I'm requesting all salt associations to unite for a vision where we will no longer need to import salt because there is enough supply, enough workers and enough cooperatives," the governor said during the national salt congress.

An overview of the salt industry was presented by Dr. Paulo Cenas, PSU Vice-President for Research, Extension, Innovation and Gender and Development (REIGN) while Mr. Gerard Khonghun, president of PhilAsin, discussed the PhilAsin Roadmap.

“Ang pangarap ng mag-aasin ay gumawa ng asin para sa Pilipinas,” said Khonghun stating his dream for the salt industry.

Meanwhile, KABAYAN Partylist Representative Ron P. Salo, presented House Bill No. 1976 which stakeholders are pushing for the immediate passage.

Rep. Salo emphasized that this endeavor to revitalize salt is not only today as it has started a long time ago but is not given much attention.

“Our vision, hindi lang tayo maging salt-sufficient but we will also become exporters of salt,” he added.

The congressman thanked his fellow champions in the salt industry revitalization like the Pangasinan State University.

GOOD GOVERNANCE

Open House Site Visit Activity- January 17, 2022

The Pangasinan State University conducted its open house site visit activity at PSU Bayambang Campus on January 17, 2022. The said activity was an exchange of ideas in preparation for the limited face-to-face classes. This was attended by the Vice Presidents; Dr. Elbert M. Galas, Dr. Manolito C. Manuel, Dr. Marcelo C. Gutierrez Jr., and Dr. Paulo V. Cenas, together with the CED of Bayambang, the host campus, Dr. Liza L. Quimson and other University Officials.

The first part of the benchmarking activity started with an Audiovisual Presentation of the Bayambang Campus showing their actions and precautionary measures toward the COVID-19 Pandemic and ended with an open forum where the meeting of minds was done. Some topics and ideas were about the online appointment system, personal protective equipment (PPE), vaccination, proper disposal of facemasks, gloves, etc., offered courses and more to assist the limited face-to-face classes.

The second part is the open house site visit proper whereby the University Officials looked into each room to be used for the limited face-to-face class. They've observed the proper measures cited on the guidelines provided by the authority. Supplies and equipment were also inspected for the operation.

Hence, the Pangasinan State University, as a pioneering institution, will continue to go beyond the normal and provide the best education amidst the pandemic.

The University President Dr. Dexter Buted, an advocate of strategic foresight, gladly welcomed the resource persons as he stressed to the participants the need to embrace the future by making sure that higher education institutions particularly SUCs are prepared to face challenges that the future may bring.

PhilFutures President and Dean of DAP Graduate School of Public and Development Management; Dr. Lizan E. Perante-Calina; Mr. Emmanuel De Guia, resident futurist from the said Senate committee; and Dr. Michville Rivera, Dean of Student Affairs and Services and Director of Relations and Linkages of the Pamantasan ng Lungsod ng Valenzuela conveyed the commitment of their organization to inform the public on futures thinking as well as the necessity for higher institutions to adopt it as part of their strategic planning and operations.

The officers of the PhilFutures discussed topics such as Funding for Futures Thinking and Strategic Foresight, Regional Futures Framework, and PhilFutures Programs Intended for SUCs' Capacity Development.

"We want SUCs to particularly lead a Futures Thinking, or futuring, or visioning of what might the regions be in 2050. Yun po ang kailangan natin. Magkaroon ng isang Regional Futures Plan that is SUC-led and SUC-driven" Mr. De Guia declared.

Presidents and top officials of SUCs in Region 1, University and Campus officials were in attendance through Zoom while the University vice presidents joined Dr. Buted and the resource speakers in the Board Room.

The quest for quality assurance continues...

PSU-LC UNDERGOES ONLINE INSTITUTIONAL ACCREDITATION

TO SECURE THE NICHE in academic and global competence and quality assurance, Pangasinan State University - Lingayen Campus (PSU-LC) submits itself anew to the first-ever online Institutional Accreditation (IA) – Level IV by the Accrediting Agency of Chartered Colleges and Universities in the Philippines Inc. (AACCUP) on January 31- February 4, 2022.

PSU- LC aspires for a Level IV Accreditation Status, the highest certification a State University and College (SUC) can achieve if it passes the quality assurance standards of AACCUP. Such recognition will be a big boost to the university in terms of SUC levelling, fund allocation, and in forging international linkages.

The team of accreditors, headed by Dr. Edgardo E. Tulin of Visayas State University, scrutinized the Lingayen Campus in nine areas, namely: governance and management (Area I); teaching, learning and evaluation (Area II); faculty and staff (Area III); research (Area IV); extension,

consultancy, and linkages (area V); support to students (area VI); library (area VII); infrastructure and other learning resources (area VIII); and quality assurance culture (area IX).

Despite the COVID-19 pandemic, PSU-LC marked a milestone in history by having consecutive weeks of virtual accreditation – a clear manifestation that the university fully embraced this noble endeavor.

Meanwhile, during the opening program last January 31 at Don Telesforo Bouquiren Convention Hall, PSU President Dr. Dexter R. Buted commended the members of the university workforce for their commitment in ensuring that the university attains quality and excellence in higher education despite the challenges posed by pandemic.

He also stressed the challenges of the accreditation survey on strong governance, operational efficiency, and outstanding instruction.

Despite these challenges, the University president believed that PSU-LC is ready for the Institutional Accreditation, as it is willing to embrace opportunities to “step up the gameplay” and “advance the landscape”.

Likewise, Dr. Randy Joy M. Ventayen, PSU-LC Campus Executive Director, presented the key officials, campus IA Team and local counterparts of the nine areas, namely: Dr. Randy Joy M. Ventayen (Area I); Dr. Julio Cervantes (Area II); Dr. Erna Salazar (Area III); Dr. Jun S. Camara (Area IV); Mr. Jandy Cacapit (Area V); Mr. Francis Gerald Amansec (Area VI); Ms. Mary Ann C. Mangapot (Area VII); Dr. Robert G. Sison (Area VIII); Mr. Frienzy Macayana (Area IX).

He further emphasized that he is most proud of the virtual cinematic campus tour created by the IT students of PSU-LC, which can be viewed on the PSU-LC IA portal landing page, to experience the 360° panoramic views of the University.

A briefing was done on the first day of the event. Succeeding days includes the perusal of documents for various areas and interviews with the area counterparts and other stakeholders of the University.

During the exit conference and closing program held on February 4, Dr. Tulin expressed his impressions, good words and appreciation to the preparation of the University for the Institutional Accreditation despite the limitations brought about by the pandemic. He also mentioned that the recommendations of the accrediting team are 'nutrients'

for the University to continue to grow.

PSU-LC continued to demonstrate that there is always room for improvement in the University's administrative and academic operations.

On behalf of the PSU-LC community, Dr. Buted accepted the comments and recommendations and expressed the words of commitment as one PSU.

Moreover, Dr. Buted pointed out that subjecting the University to accreditation is not just for the sake of recognition but for sustainability and competency of operations and instruction.

Said week-long event was successfully driven under the leadership of Dr. Dexter R. Buted (University President), Dr. Marcelo C. Gutierrez Jr. (VP for Quality Assurance), Dr. Elbert M. Galas (VP for Administration), Dr. Manolito Manuel (VP for Academic and Student Affairs), Dr. Maria Corazon B. Puzon (VP for Planning and Finance Management), Dr. Paulo V. Cenas (VP for Research, Extension, and Innovation), Dr. Billy Festijo (Director for Quality Assurance Office), and the assigned area team leaders of the PSU IA Technical Working Group.

The virtual Institutional Accreditation Team was composed of these esteemed accreditors: Dr. Edgardo E. Tulin (Team Leader), Dr. Maria Glenda O. De Lara, Dr. Myrna Q. Mallari, and Dra.

Anthony M. Penaso (Lead Accreditors), Dr. Arnita Sornito (Librarian). Dr. Milabel E. Ho served as the Team Coordinator and Mr. Dominic T. Martinez served as the IT Technical Support.

AACCUP is an accrediting agency which aims to “develop a mechanism of, and conduct the evaluation of programs and institutions.” Being commended by this agency will benefit the University by increasing its local and global opportunities and establishing a high-stake reputation.

AACCUP Accreditation of May 2022 Batch Programs

Six programs from the Pangasinan State University campuses of Lingayen, Urdaneta City and San Carlos City and the School of Advanced Studies were included in the Online Accreditation Survey Visit by the Accrediting Agency of Chartered Colleges and Universities Inc. (AACCUP).

The activity, slated from May 16-20, 2022, had its opening program at the Dr.

Telesforo N. Boquiren Convention Hall today, Monday via the online platform.

Bolstering the university's journey to the zenith of excellence, the accreditation of each campus aims to improve the institutional programs to continuously attain high performance and meet the needs of the industry, public service and civil society.

PSU Binmaley Campus gears up for Level IV AACCUP Accreditation

The Binmaley Campus of the Pangasinan State University is all geared up for the Level IV Accreditation of its Bachelor of Science in Fisheries program.

The Binmaley Campus submitted its program for the said status to the Accreditation Survey Visit conducted by the Accrediting Agency of Chartered Colleges and Universities Inc. (AACCUP).

The event, held from June 13-15, 2022, began with an opening program attended by the University President Dr. Dexter R. Buted, the Vice Presidents, and other university officials at the Dr. Telesforo N. Boquiren Convention Hall and via the Zoom Platform.

The accreditation of the campus aims to achieve the Level IV re-accredited status using the New AACCUP Guidelines for Level IV Accreditation. It currently holds the Level III re-accredited status.

It also strives to improve institutional programs to continuously achieve high performance and meet the needs of industry, government, and civil society, bolstering the university's

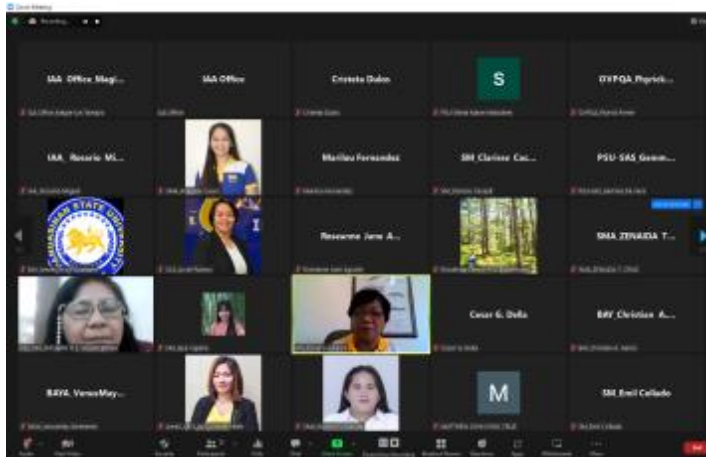

journey to the pinnacle of excellence.

IAA conducts orientation for programs due for AACCUP level III evaluation

Local accreditors shared their knowledge and expertise to equip the accreditation team in meeting the requirements and the guidelines set for AACCUP Level III evaluation of programs.

Dr. Rosario Valencerina discussed the basic requisites and documents to be showcased in the area of extension, Dr. Gemma De Vera on Licensure, Dr. Cristeta Dulos on Linkages/Consortia, Dr. Razeale Resultay on Instruction and Dr. Rosie Abalos on Faculty Development. The programs due for 3rd Survey Visit Phase 2 evaluation of Bayambang, Lingayen, San Carlos and Sta. Maria

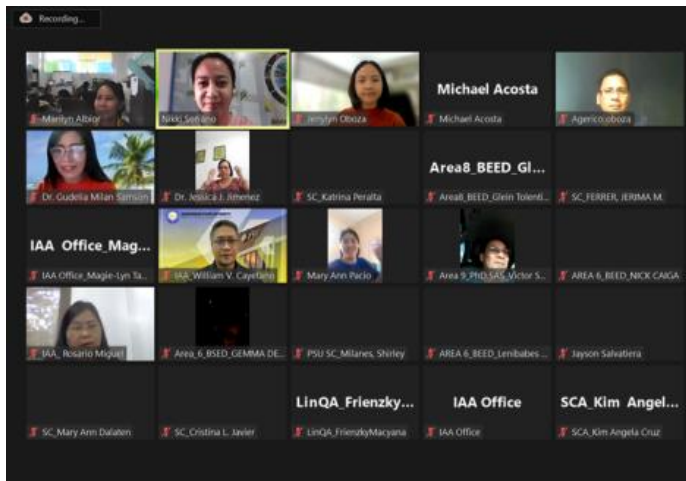

campuses will be on August 15-19, 2022. The activity was held via Zoom on July 11 through the Institutional Assessment and Accreditation Office of the Quality Assurance Division.

“We are gathered virtually to facilitate our preparation and further ensure that we are gauging in the right direction towards our targets. The process may have been complex, but it is fulfilling afterward when the tasks are accomplished,” said Dr. Marcelo C. Gutierrez, Jr., Vice President for Quality Assurance during his closing remarks.

Final Local Accreditation (August batch programs)

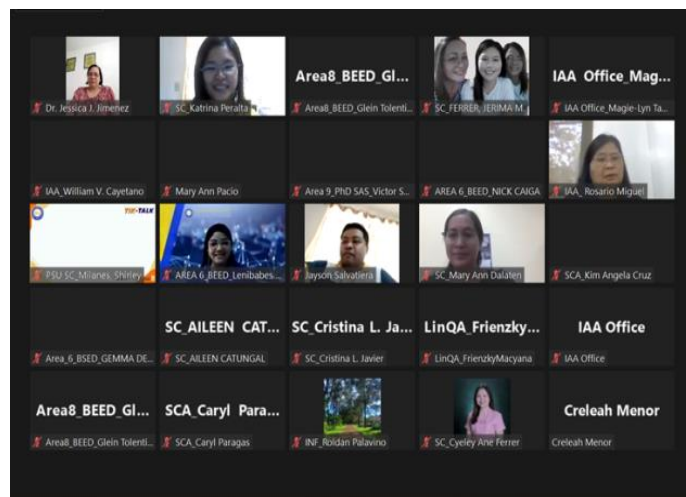

The conduct of the local assessment of programs was held via Zoom today to check the readiness of documents prior to submitting them to the AACUP accreditors.

The online AACUP accreditation is set on August 15-19 for programs applying for 1st Survey (Bachelor of Secondary Education of Infanta campus and Doctor of Philosophy of School of Advanced Studies) and on August 15-17 for programs applying for 3rd Survey (BS Hospitality Management of Lingayen campus and Bachelor in Elementary Education of San Carlos City Campus).

Dr. Jessica Jimenez led the team of accreditors for programs applying 1st Survey. Her team of accreditors include Dr. Milleonhes Reyes, Dr. Michael Acosta, Dr. Mary Ann Bullagay, Dr. Weenalei Fajardo, Dr. Gudelia Samson, Ms. Joy Winona Perado, Dr. Juanito Maneclang, Dr. Agerico Oboza, and Dr. Joseph Campit. On the other hand, Dr. Ramil Dacal is the lead accreditor for programs applying 3rd Survey with his team of accreditors: Prof. Maila Puzon, Dr. Jennylyn Oboza, Dr. Marmie Poquiz, Dr. Billy Festijo, Prof. Celeste Mercado, Dr. Honelly Mae Cascola, Dr. Milagrosa Malicdem, Dr. Razeale Resultay, Ms.

Winona Joy Perado, Engr. Rodel Hacla, Dr. Madlyn Tingco, and Engr. Marilyn Albior.

PSU submits 6 programs for AACCUP Accreditation

As the first and only educational institution accorded the highest recognition or the Philippine Quality Award (PQA) Level III for Mastery in Quality Management, the Pangasinan State University does not rest on its laurels and continues to improve its systems and processes for education advancement.

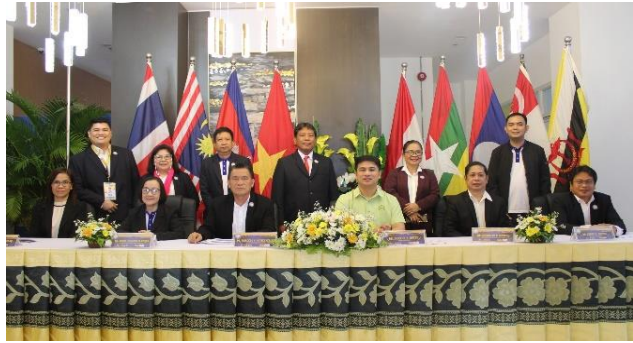

PSU submitted six of its programs for the 4th Survey Phase 1 – first and second cycle accreditation from the campuses of Bayambang and Asingan to the Accredited Agency of Chartered Colleges and Universities of the Philippines (AACCUP) on November 14-17 for validation of their processes against AACCUP standards as basis for performance excellence and continuous enhancement.

“I am confident that these programs will prove themselves worthy of recognition as each campus prepared their evidence for submission to our dear accreditors to experience the transformation

that our university has undertaken,” University President Dr. Dexter R. Buted said in his welcome remarks.

Dr. Buted added that so much growth has been seen in PSU’s operations, support services and governance throughout the years.

In response, Dr. Marietta B. Arinto of the Leyte Normal University, who served as the over-all coordinator for the batch of program accreditation, thanked the PSU for virtually opening the doors for the accreditation of the six programs and assured fair and objective assessment.

“The task ahead seems daunting but with all the support, we can look forward to a smooth-running, demanding but productive and pleasant accreditation process,” Dr. Arinto stated.

Dr. Marcelo Gutierrez, PSU Vice-President for Quality Assurance, introduced the accreditors for the six programs.

Accreditors for library services include Dr. Noralyn Natura (Nueva Vizcaya State University) and Dr. Ruvy Tuble (Carlos Hilado Memorial SU) while accreditors for the Bachelor of Early Childhood Education include Dr. Marlene Gloria (West Visayas SU) and Dr. April Bagon-Faeldon (Mindoro SU).

For the Bachelor of Elementary Education, Dr. Carlo Vadil (Nueva Vizcaya SU) leads the team with Dr. Christina Maglipong (USTSP) and accreditors for the Bachelor of Secondary Education include Dr. Evelyn Taban (NVSU) and Dr. Milagros Matillano of WVSU.

Ronald Galindo (Cebu Technological University).

Meanwhile, the Bachelor of Technology and Livelihood Education has Dr. Amelia Silva (University of Antique) and Dr. Felcitas Quilondrino (Tarlac SU) and accreditors for the Bachelor of Physical Education are Dr. Israeli Caminos (Cebu Technological U) and Dr. Albert Albina (Negros Oriental SU) while the Bachelor of Industrial Technology accrediting team was led by Dr. Roland Valencia (Rizal Technological U) and Dr.

PSU local counterparts are the Campus Executive Directors of Bayambang, Dr. Liza Quimson, whose programs will be reviewed for the 4th Survey-2nd Cycle and Asingan, Dr. Armando Junio whose programs will be visited for 4th Survey-1st Cycle.

The opening program was fully supported by the five vice-presidents, campus executive directors, college deans, department chairpersons and campus local accreditation counterparts.

PSU programs undergo Level IV AACCUP accreditation

Committed to excellence, two programs of the Pangasinan State University underwent 4th Survey Visit Phase 2 accreditation with the Accredited Agency of Chartered Colleges and Universities of the Philippines (AACCUP) on December 7- 9.

The Bachelor of Arts in English Language (ABEL) in Lingayen Campus and Bachelor of Science (BS) in Agriculture in Sta. Maria Campus took another step to quality education bearing the degree programs accredited in the visit.

University President Dr. Dexter Buted whose last day in office fell on the same day (December 7), was represented by Dr. Marcelo C. Gutierrez, Jr., the Vice President for Quality Assurance, in welcoming the accreditors.

“The conduct of these accreditations is also an avenue for us to gauge our academic services and to forwardly-look at the opportunities to further streamline our systems. This is all because we inherently uphold quality assurance at all times,” Dr. Gutierrez said.

The virtual 4th Survey Visit headed by the overall coordinator of AACCUP accreditors Dr. Marlene B. Atinyao, commended PSU for being credible in showing notable efforts in pursuing accreditations.

“Accreditation is not meant to find fault or criticize but rather to shape focus on areas that need to be improved. A Level 4 accredited status is a program which is highly respected with a very high quality in the Philippines and with prestige and authority comparable to similar programs in excellent foreign universities. Lyon po ang gusto nating ma-attain,” Dr. Atinyao expressed.

The Lead Accreditor added that the area undertakings in the visit are excellent outcomes in research and publications, teaching and learning outcomes as proven in noteworthy performance of the graduates, community service such as the impact in the economic and social upliftment, international linkages, and a well-developed planning process which supports quality assurance.

Other AACCUP Accreditors present were Dr. Erlinda S. Jiz De Ortega and Dr. Luz N. Corpuz for the AB in English Language program, while Dr. Luis O. Amano and Dr. Agnes C. Perey are the accreditors for the BS in Agriculture program.

The PSU local counterparts were the committees from the two campuses headed by Dr. Randy Joy M. Ventayen, Campus Executive Director in Lingayen and Dr. Elmer C. Vingua, Campus Executive Director for Sta. Maria Campus.

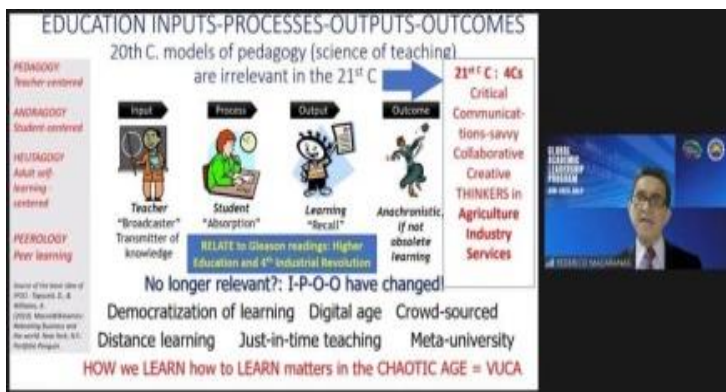

University officials of PSU representing the five units were also around to give support, to include Dr. Larry A. Santos for REIGN, Dr. Evangeline O. Pescador for Administration and Linkages, Mr. Rennie D. Martinez Director for Planning and Finance, Prof. Celeste T. Mercado for Academic and Student Affairs and Prof. William V. Cayetano for Quality Assurance.

PSU, known for its quest for excellence, puts premium on continuous learning and development for all its programs, employees and students.

AACCUP Trains 11 University and Campus Officials as Senior and Institutional Accreditors

Continuing its relentless quest to strengthen outcomes-based quality assurance, the Accrediting Agency of Chartered Colleges and Universities in the Philippines (AACCUP) conducted a virtual training for Senior and Institutional Accreditors last April 11 and 12, 2022.

During the first day, Dr. Edgardo E Tulin, President of AACCUP welcomed all the delegates. The said webinar gathered accreditors from institutionally accredited SUCs such as Pangasinan State University, Tarlac State University, and Visayas State University as well as participants for program accreditation from Bicol University, Mariano Marcos State University, Camarines Sur Polytechnic College, Central Mindanao State University, Bulacan State University, West Visayas State University, Aurora State College of Technology, Guimaras State College, Philippine Normal University, University of Northern Philippines, Tarlac Agricultural University, Don Mariano Marcos Memorial State University, and Batangas State University.

After which, Dr. Milabel E. Ho, AACCUP Executive Director, presented the topic AACCUP: Preparing Accreditors to New Paradigms of Assessment for Program and Institutional Accreditation. The afternoon session highlighted the talk of Dr. Federico M. Macaranas of the Asian Institute of Management. He discussed the problems of AACCUP

accreditation and the system to prepare the work of AACCUP in the 21st century. The different SUCs were then tasked to prepare a SWOT analysis of their institutions vis-a-vis the different areas of program and institutional accreditation.

On the second day, Dr. Macaranas continued his talk as he presented proposed solutions over fast-changing situations in the quality assurance areas using management science frameworks. Learning teams composed of the different SUCs then presented their outputs for the second day's task on reinventing the contents of Day 1's SWOT analysis in line with the rapidly changing challenges posed by the 21st century.

The delegates of PSU are the following: Dr. Elbert M. Galas, Vice President for Administration and Linkages Office; Dr. Jenylyn V. Oboza, Campus Executive Director of Alaminos City; Dr. Liza L. Quimson, Campus Executive Director of Bayambang; Dr. Randy Joy M. Ventayen, Campus Executive Director of Lingayen; Dr. Billy T. Festijo, Director for Institutional Assessment and Accreditation; Dr. Narciso F. Castro, Director for Income Generating Projects; Dr. Renato E. Salcedo, Acting Director of Public Relations, Publications, and Information Office; Dr. Ramil L. Dacal, Director for Cultural Affairs; Dr. Larry A. Santos, Director for Research and Development; and Dr. Cielo C. Fernandez, Dean of the Institute of Nursing of Bayambang Campus.

AACCUP Results

CONGRATULATIONS TO THE FOLLOWING PROGRAMS FOR BEING AWARDED WITH LEVEL III AND LEVEL IV RE-ACCREDITED STATUS USING THE AACCUP NEW GUIDELINES OF 2020	
PROGRAMS	ACCREDITATION STATUS
Lingayen Campus	
• Bachelor of Public Administration	Level III Re-accredited
• BS in Business Administration	Level III Re-accredited
Asingan Campus	
• Bachelor of Elementary Education	Level III Re-accredited
• Bachelor of Secondary Education (Majors: English, Mathematics, Science)	Level III Re-accredited

HRMDO CONDUCTS PRE-QUALIFYING EXAMINATION FOR QUALIFIED APPLICANTS

Two hundred Fifteen (215) qualified applicants with different positions underwent the pre-qualifying examination as part of the screening process for vacant non-teaching positions administered by the Human Resource Management and Development Office (HRMDO) on **January 20-21, 2022.**

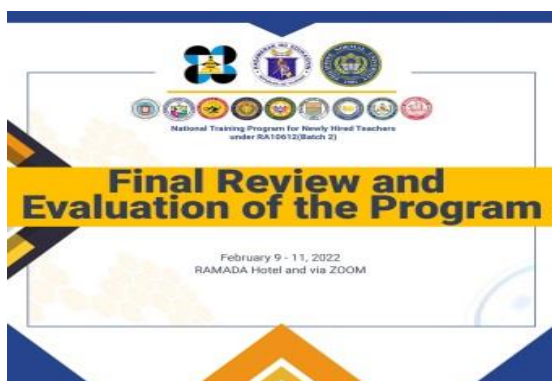

As part of the pre-qualifying examination, the qualified applicants were subjected to aptitude test, personality test, and essay questions specific to their position. Qualified applicants who will pass the said examination will proceed to the next stage of the screening process composed of panel interview.

National Training for Newly Hired Teachers under RA 10612 Batch 2 Cocludes: PangSU Training Program Rated with Outstanding Evaluation

The Training Team of Pangasinan State University attended the Final Review and Evaluation program of the National Training for Newly Hired Teachers Under RA 10612 Batch 2 via Zoom. The program was attended by key officials from the Department of Education –Teacher Education Council (Dr. Runvi Manguerra), Department of Science and Technology-Science Education Institute or SEI (Dr. Josette Biyo), National Network of Normal Schools with Philippine Normal University (President Bert J. Tuga) , the National Center for Teacher Education as the lead

shepherd, the training directors from 3NS and the teacher-scholars who showcased their final outputs, shared insights and appreciation for the opportunity to fine tune their teaching craft along pedagogy and other relevant issues and themes surrounding the educational arena.

According to Prof. Mercado, “There were numerous challenges along the way. The program was launched a month before the lockdown and so it required us to recalibrate the deliverables and the approaches to ensure quality and adaptability

to the pandemic. But knowing the Training Team, there was not so much problem encountered as everyone was very cooperative and did their jobs excellently. Being one of the service providers for this training is indeed something we are thankful for”.

According to the program results, the over-all program was successful as evidenced by the outcomes gathered after the series of monitoring and evaluation processes. PangSU, as one of the partner institutions obtained an outstanding evaluation from the participants who are coming from Region 1 and CAR.

Congratulations to PangSU Training Team headed by Dr. Dexter R. Buted as the Institutional Consultant, Dr. Liza Quimson, the Institutional Coordinator, Prof. Celeste Mercado as the Training Director and all the Resource Persons, Online Facilitators, Technical Report writers and technical assistants who made it all a success.

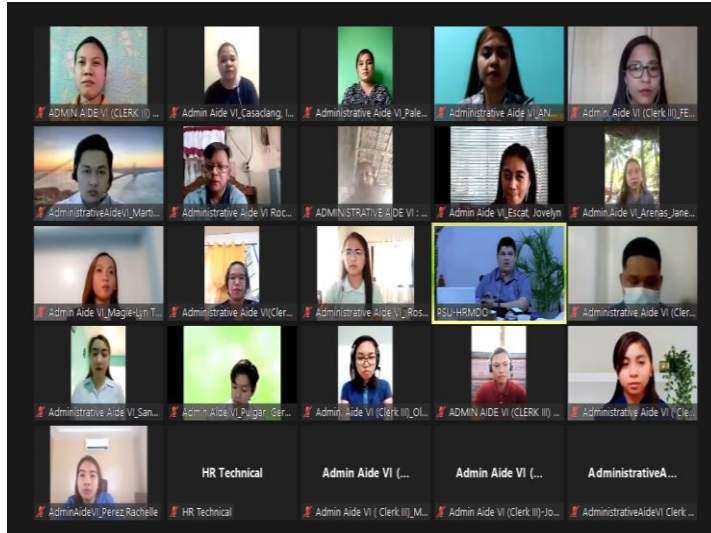

HRMDO Conducts Panel Interview to Qualified Non-Teaching Applicants

Eighty (80) applicants vying for vacant non-teaching positions went through the final stage of screening process administered by the Human Resource Management and Development Office (HRMDO), held via Zoom platform and at the University Board Room, Lingayen Campus on **February 10-11, 2022**.

The said aspirants were subjected to panel interview by the Human Resource Merit Promotion and Selection Board (HRMPSB) composed of the Chief Administrative Officer - Administration Dr. Ian D. Evangelista as the Chairperson, Vice President for Administration and Linkages Dr. Elbert M. Galas, Federated Non-teaching Employees Association (F-NTEA) President Mr. Melvin Evarist R. Santos, Alternate Members from the 1st Level position Ms. Maricel A. Bongolan and from the 2nd Level position Ms. Faye R. Bacolor, and HRMDO Director Dr. Lorena B. Echalar (Head Secretariat) as members.

PSU PRESIDENT MEETS THE NEWLY HIRED AND PROMOTED NON-TEACHING PERSONNEL

Out of 80 qualified applicants, 16 luckily surpassed the ordeal of the selection process held via Zoom and at the University Board Room, Lingayen Campus, on February 10-11, 2022. These newly hired and promoted personnel were invited to meet the University President, Dr. Dexter R. Buted on March 18, 2022 at the Dr. Telesforo N. Boquiren Convention Hall.

mentality of a lion.

Dr. Buted also officiated the oath-taking of the newly-hired and promoted non-teaching personnel together with Dr. Elbert M. Galas, Vice President for Administration and Linkages, and Dr. Ian D. Evangelista, Chief Administrative Officer - Administration.

PSU- OUS Trains Professors on Syllabi and Course Guide Development

The Pangasinan State University, through the Open University System, conducted a two-day Training Workshop on Syllabi and Course Guide Development for the 2nd Semester of S.Y. 2021-2022.

This training was conducted on February 21-22, 2022 at the Dr. Telesforo N. Boquiren Convention Hall and Audio-Visual Room in Lingayen, Pangasinan, respectively.

The training workshop was led by PSU-OUS Executive Director Dr. Phillip G. Queroda, together with the OUS Deputy Executive Director for Administration and Quality Assurance Dr. Romary R. Lincod, the OUS Deputy Executive Director for Academic,

Research and Extension Dr. Erna Salazar, the Campus Executive Director of Lingayen Dr. Randy Joy Ventayen and other university officials.

Furthermore, the Director for Curriculum and Instruction (CI), Dr. Razeale F. Resultay, was invited to be a resource person in conducting the training workshop. Her presentation included the “new normal” in education which features the Education System, Responsibility and Stakeholders Management, Approach to Effectiveness and to Quality of School Experience, Approach to Curriculum Design and Learning Progression, Focus of Monitoring, Student Assessment, and Role of Students.

This workshop on syllabi and course guide development was organized to aid the professors to improve and modify the syllabi and course guidelines in accordance with the requirements of the institution, CHED and other agencies.

Different programs have presented their outputs, as well, for review if there may be revisions needed for improvement of the said syllabi and course guide.

Hence, PSU will continue to conduct these kinds of seminars in order to enhance and build a better institution for future professionals.

PSU-SAS Inks Memorandum of Agreement with DepEd

Known to advance quality research in the field of education, PSU School of Advanced Studies forged a partnership with the Schools Division Office Pangasinan II on February 9, 2022 at the division’s function hall.

Said activity is attended by SAS Officials headed by Dr. Rosario DL Valencerina, the Executive Director, Deputy Directors Dr. Cristeta C. Dulos and Dr. Gemma De Vera together with other SAS officials and Dr. Danilo C. Sison, CESO V as the division’s superintendent.

The partnership is expected to catalyze joint research endeavours between the two institutions.

Opening of the Quality Management System (QMS) 2nd Surveillance Audit

The conduct of Pangasinan State University Quality Management System 2nd Surveillance Audit scheduled on March 3-4, 2022, at the University board room and via zoom platform kickstarted yesterday.

It was facilitated by the Quality Assurance Office led by Dr. Marcelo C. Gutierrez Jr.

This meeting was participated in by the President, all the Vice Presidents, the Process Owners of the Campuses to be audited and other concerned officials.

They were joined by Lead Auditor Laureen Grace Calmerin and the Support Auditors Mr. Michael Matundan, Mr. Allen Roy Cruz, Mr. Joseph Denoga, and Ms. Ingrid Manglapus.

PSU-UC holds Online Accreditation Survey Visit for IT and Mathematics Enhanced Level III

The Online Accreditation Survey Visit for programs of College of Computing (BS in Information Technology and BS in Mathematics) Enhanced Level III at Pangasinan State University - Urdaneta City Campus Commenced on March 28, 2022 at 9:00 am via Zoom Platform. The Campus is headed by its Executive Director, Dr. Honorio L. Cascolan.

Dr. Billy T. Festijo, the Director for Institutional Assessment and Accreditation, led the recitation of the PSU Quality Policy. An audio-visual presentation of the university's Corporate Video was also presented, followed by the

presentation of the university and campus officials. Then, the welcome remarks were given by the University President, Dr. Dexter R. Buted.

This was followed by the Introduction of the AACUP Accreditation Survey Team per Program, given by Dr. Marcelo C. Gutierrez, Jr, the Vice President for Quality Assurance . For BS Information Technology, the accreditors were Prof. Nancy M. Santiago (Team Leader) and Dr. Jaime P. Pulumbarit from Bulacan State Univsity, while Dr. Analyn M. Gamit (Team Leader) from NEUST and Dr. Corazon M. Cudia from NVSU worked as accreditors for BS in Mathematics.

After the opening program, participants were sent to their respective breakout rooms for interview and review of accreditation documents.

HRMDO CONDUCTS SCREENING FOR NEW ROSTER OF POTENTIAL INSTRUCTORS

One Hundred Twenty-three (123) qualified applicants vying for vacant teaching positions in various fields of expertise were assessed in terms of their intelligence and competence in the recently concluded panel interview and teaching demonstration administered by the Human Resource Management and Development Office (HRMDO) at the Audio-Visual Room and at the University Board Room, Lingayen Campus on **March 21-24, 2022**.

The evaluation and hiring committee were led by the Faculty Selection Board (FSB) composed of the Vice-President for Academic and Student Affairs Dr. Manolito C. Manuel as Chairperson, Vice-President for Administration and Linkages Dr. Elbert M. Galas as Vice-Chairperson, and Campus

Executive Director, College Dean of the Specialization, Senior Faculty of the Specialization, Campus Faculty Association President, HRMDO Director Dr. Lorena B. Echalar (Head Secretariat) as members.

PSU-WE EVOLVE!

The Pangasinan State University conducted a Personnel Development Program, entitled “PSU-WE EVOLVE! Pangasinan State University’s Workforce Empowerment thru Education and Virtual Opportunities Leading to Valuable Engagement” on March 08, 2022 (Tuesday), for all PSU employees.

The said webinar is in line with the continuous development of all the employees of PSU, which aims to give a chance for people to become more committed to their own personal development. Its goal is to come up with practical ways for balancing the professional, personal, and spiritual areas of one’s life. It also intends to provide educators with strong personalities and capability which will help them deal with job obstacles, as well as to advocate ways for improving effective facilitation skills.

The program started with the preliminaries, which included messages from the Vice President for Administration and Linkages Dr. Elbert M. Galas, and the Chairperson of the Senate Committee on Higher Technical Education and a member of PSU Board of Regents Sen. Joel J. Villanueva.

A talk about Balancing Professional, Personal, and Spiritual Life was delivered by the President and CEO of TrainStation Manila, Hongkong, & Singapore Ms. Carelle M. Herrera, who happens to be a pure-blooded Pangasinense from the town of Sta. Maria and the City of San Carlos.

Ms. Herrera, started by having an ice breaker to keep the energy alive. Then she moved on with discussing a mental training to reduce Post Traumatic Stress Disorder (PTSD) which may be experienced by a lot of individuals nowadays.

During her speech, she also mentioned that “Weapons are nothing when the warrior is weak”, which deals with the interconnection of the individual and instruments. Taking an educator for example, no matter how many or how great his or her materials used in teaching the students, but he or she cannot deliver it well or has difficulty in using and operating the instrument it will be useless, it will not impart right knowledge to students.

“Run the day, or the day runs you”, Ms. Carelle stated, which was another remarkable quotation reminding everyone that it depends on the individual how he/she will start the day. “Never let the day run you because you might get tired and exhausted. Rather, run the day and make the most out of it”.

After that, a topic on Developing Effective Facilitating Skills was delivered by Dr. Carl E. Balita the Chairman at CEB Group of Companies. Dr. Balita shared his thoughts and knowledge on enhancing

effective facilitating skills, which is great help to all the employees of the Pangasinan State University.

Lastly, a discussion on Educator's Well-Being Challenges and Solutions was given by Dr. Linda A. Landicho a Clinical-Psychologist in LPU Batangas. Dr. Landicho started by stating "itong trabaho natin as educators or teachers is really valuable, very rewarding, but admit it, it's physically and emotionally draining", which has a strong point especially in this time of pandemic.

Dr. Landicho also assisted on identifying what anxiety disorder and insomnia is. Most of the individuals may experience symptoms and insisting that they're just tired, little do they know that those are indications of a more serious matter.

"The mind and the body are not separate what affects one, affects the other", Dr. Landicho emphasized. She also introduced the ABC Concept, which pertains to Activating event, Belief, and Consequence. That the consequence of every present situation depends on the belief or mindset of the individual.

Ending the talk with an amazing quote from Dr. Landicho, "Everyone is fighting a battle you know nothing". Therefore, in every situation, every individual must be sensitive and gentle in communicating with each other.

After those inspiring speeches from our notable speakers, the Chief Administrative Officer Dr. Ian D. Evangelista made his closing remarks, whereby he pointed out that those topics given were the top feedbacks from the survey conducted by the HRMDO among the PSU employees.

It was indeed a great, effective, and informative webinar which shows an interactive communication among the participants.

Therefore, as a PQA Level 3 Mastery in Quality Management, the Pangasinan State University will continue on empowering the workforce to provide quality education in molding excellent professionals in the future.

Understand and Be Safe

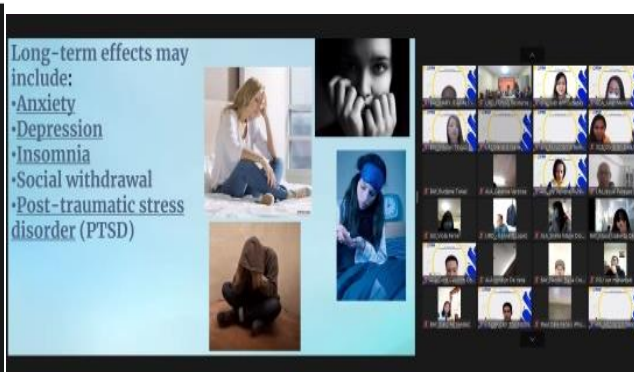

As part of the HRMDO's Health and Wellness Webinar Series entitled: **Getting Healthier as We Move Forward Together**, the first part of the series entitled: **Safe University For All: Understanding Emotional and Sexual Abuse** commenced on April 4, 2022 and was conducted via zoom.

Gracing as esteemed resource speakers are **Dr. Camille Garcia**, Clinical Psychologist and CEO of Clinic of Holy Spirit; and **Dr. Margarita Go-Singco Holmes**, Psychologist and Sex Therapy Expert. Dr. Garcia talked about emotional abuse and the appropriate actions to deal with it. While Dr. Holmes expounded about sexual abuse and the proper means of addressing the issue.

The said webinar that aims to enlighten participants about emotional and sexual abuse was actively participated by teaching and non-teaching personnel from across the different campuses of the university.

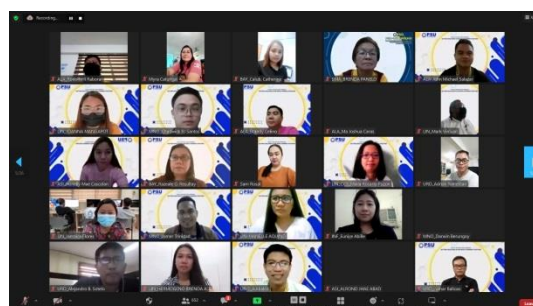

Learning How to Get Healthier and Better, Together

As part of the **HRMDO's Health and Wellness Webinar Series 2-7 entitled: Getting Healthier as We Move Forward Together**, the last part of the said series commenced on **November 11, 2022** and was attended by all PSUnians, both teaching and non-teaching personnel via Zoom.

as resource speakers are medical officers from the UP-Philippine General Hospital namely: Dr. Ephraim P. Leynes, Dr. Juan Paulo P. Pulanco, and Dr. Janessa S. Chua. A panel discussion moderated by Dr. Ian Jonathan N. Tiotangco, also of UP-PGH, was also conducted to accommodate and answer health related inquiries of the PSU community.

The said webinar series was divided into two sessions - morning and afternoon sessions. The morning session focused on holistic health where topics such as "Female and Male Common Diseases", "Misconceptions: Ailments and Rarely Talked About Illnesses", and "Work-related Health Hazards" were tackled. For these, gracing

On the other hand, the afternoon session focused on personality development where Mr. Nomer M. Yuzon, graced as the resource speaker and helped PSUnians understand better how they can and should take care of themselves.

The said webinar aims to enlighten PSUnians about holistic health and good personality development which are both crucial in maintaining a healthy and sound workforce.

DRB spearheads PSU SCC Open House Site Visit

Through the years, Dr. Dexter R. Buted has been visionary and transformative to his stratagems in Pangasinan State University, making it a premier university in the region and in the ASEAN.

As a vital part of this thrust, an Open House Site Visit Activity is conducted to every campus in perduring development of the institution's infrastructure, facilities, workforce, and quality services.

Being the third campus to be visited, PSU-SCC gladly welcomes Dr. Dexter R. Buted (PSU, President) together with the dynamic university officials: Dr. Manolito C. Manuel (VP, Academic & Student Affairs), Dr. Maria Corazon B. Puzon (VP, Planning & Finance Management), Dr. Macelo C. Gutierrez, Jr. (VP, Quality Assurance/ QMR), Dr. Elbert M. Galas (VP, Administration, and Linkages), Dr. Renato E. Salcedo (Director, Presidential Management & Liaison/PRPIO), Prof. Celeste T. Mercado (Director, Students & Alumni Affairs), Dr. Armando D. Junio (CED, Asingan), Dr. Liza L. Quimson (CED, Bayambang),

Dr. Roy C. Ferrer (CED, Binmaley), Dr. Ian Evangelista (CED, Infanta), Dr. Randy Joy Ventayen (CED, Lingayen), Dr. Honorio L. Cascolan (CED, Urdaneta City), Dr. Phillip G. Queroda (CED, OUS), Dr. Billy T. Festijo (Director, Institutional Assessment & Accreditation), Ms. Evangeline O. Pesdacor (Focal Person, Internal Audit System), Mr. Kimber Jun M. Fernandez (Director, Procurement Services), Mr. John F. Quinto (Director, Supply Management), Dr. Potenciano D. Conte Jr. (Director, General Services), and Dr. Thea Marie Flores, (Head, Medical and Dental Services) during the Open House Campus Tour of PSU-SCC, March 15, 2022.

The venture has started at the Learning Resource Center where university officials had a jentacular stint with the campus workforce headed by Dr. Marie Claire B. Briones (CED).

Moreover, officials have also graced the Kalachuchi Flower (Plumeria Rubra) cultivation at the adaxial part of the PSU SCC Campus Administrative Building for the #ProjectBloom (Kalachuchi Legacy Garden) of DRB.

Cogitatively, apart from its fragrance, the Kalachuchi plant embodies the ideals of University President Dexter R. Buted, representing Devotion which expresses deep love and loyalty; Resilience as the plant that produces plumeria flower blooms even after it has been uprooted; and Buoyancy displaying an optimistic and cheerful disposition.

To boot, officials peregrinate and inspect PSU-SCC buildings, offices, and laboratories for further development and improvement as a core stratagem of DRB in achieving success and building progress in the nine campuses.

Further, an assemblage is ushered at the MG Events for the president's pronouncement of observations and

results of the said open house site visit activity.

DRB accentuates the significance of commitment, taking initiative, branding, and competence in service delivery that as one PSU, "we shall continue perduring our brand for the future of every PSUnian".

CHED Commissioner lauds PSU's evident transformation

Commissioner Ronald L. Adamat of the Commission on Higher Education (CHED) lauded Pangasinan State University for its evident transformation not only physically but also academically.

In his campus visit to PSU Lingayen on Friday, Commissioner Adamat said it seemed impossible to transform the university from the past but now every PSUnian can be proud of the change in physical appearance and academic excellence that the faculty and students have obtained as evidenced by the Philippine Quality Award -Level III recognition.

Comm. Adamat, who also serves as the Chairperson of the PSU Board of Regents, credits the university's achievements to the outstanding leadership of PSU President Dr. Dexter R. Buted and the full support of the PSU community.

"No dreams are too big for dreamers who know nothing but to dream big... But the leadership can only do so much. Had it not been for your full support, (this

would not have been attained)," Dr. Adamat said citing a quote from his book '100 and more Inspiring Quotes".

The Commissioner, with Dr. Buted, led the ribbon cutting and unveiling of the markers of the Grand Legacy Building Phase 2 and the Student Center.

The Grand Legacy building will house classrooms with conducive setting and other laboratories which will be equipped with necessary materials to make teaching and learning more interactive and engaging.

The Student Center, on the other hand, will house the Student Services Office, Supreme Student Council Office, the newly established Learning Development Center and a Prayer Room which is multi-faith in nature in acknowledgment of religious diversity among PSU students and employees.

Meanwhile, Dr. Buted, in his message, expressed gratitude to Comm. Adamat and the Board of Regents for approving the said projects as they saw the need and the potential gains for educating the students thru the facilities.

“These have been part and parcel of what I envision the university to become many years ago. I wanted to provide our students the improved notion and version of what other people would say about public schools. I want our students to feel pride and honor donning the banner of the university—a state-run university with facilities at par with prestigious and well-funded private universities,” Dr. Buted explained.

Dr. Buted added that all the nine PSU campuses are in full gear in retrofitting the learning and service facilities in preparation for the conduct of the limited face-to-face classes and announced that its all- systems-go as PSU opens its gates to welcome back students in limited face-to-face class.

Also in attendance during the ceremony were CHED officials, PSU Board of Regents and university officials.

Kasintenaryo: Kasonata, Kahistorya

Aside from the numerous competent professionals, PSU-BC has produced, it has also accumulated invaluable artifacts and memorabilia that symbolize its rich cultural heritage. It is, for this reason, part of the year-long Centennial Celebration is the launching of the state-of-the-art museum named after Sen. Geronima T. Pecson, Centennial Marker, Centennial Song, and Centennial Merchandise on March 29, at Benigno Aldana Gymnasium.

The program was spearheaded by the Social Sciences Department led by Dr. Cheryl Mendoza to commemorate the institution’s zeal for quality and excellence. Also present during the said occasion are the Campus Officials led by Dr. Liza L. Quimson together with the three College Deans, Dr. Luzviminda Q. Ramos (CTE), Dr. Gudelia Samson (CAST), and Dr. Cielo Fernandez (IN).

After the museum and marker launch, Dr. Allan Macaraeg, Education Program Supervisor I, DepEd San Carlos City (BSE Social Studies, Batch 97), Dr. Imelda Mendoza, President of Alumni Association,

and Dr. Clarita Jimenez, Former Dean of College of Education, represented the alumni for their response.

Lastly, the Centennial Song entitled, ‘Aming Pamantasan, Aming Tahanan’ was performed by Mr. Christian I. Chan (LIS Batch 93), Prof. Melanie R. Junio (BSE Batch 93), and Dr. Ma. Berenice Glizzel M. Catabay (LIS batch 90).

PSU Team Attends MOA Signing, Coordination Meeting with 3NS

PSU President Dr. Dexter R. Buted, together with Dr. Liza Quimson, CED of Bayambang Campus, Dr. Razeale Resultay, Director for Curriculum and Instruction and Prof. Celeste Mercado, LiSQuP Program Head attended a face-to-face assembly at B Hotel, Quezon City together with other members of the National Network of Normal Schools with Philippine Normal University as the lead convenor.

The

assembly aims to strengthen current efforts on developing a teacher education framework that is more resilient, responsive and future oriented; builds stronger professional rapport and relationship between current and new university officials of 3NS; discuss the university directions, initiatives and policies currently being developed for the educational transition to the new normal; and strengthen the continuing partnership among 3NS member institutions through the development of a teacher education framework and the co-delivery of the Linking Standards and Quality Practice (LiSQuP) Program.

Key officials who took part in the assembly are the University Presidents of the 3NS institutions for the Memorandum of Agreement Ceremonial Signing, CHED Commissioner Dr. Aldrin A. Darilag, Atty. Nepomuceno A. Malaluan, Undersecretary and Chief of Staff of DepEd who gave their inputs for the Round Table Discussions, DepEd Secretary Leonor Magtolis-Briones for her virtual Inspirational Message, and Dr. Gina Gonong, the Director of Philippine National Research Center for Teacher Quality for some policies shaping teacher education.

It was a nostalgic assembly as the Network is also celebrating its 10th year of existence and making a difference in education sector.

LINGAYEN, Pangasinan — The College of Business and Public Administration of Pangasinan State University Lingayen Campus proudly congratulates one of its faculty members under the Public Administration Department, Mr. Philip Cesar C. Segurolo for having successfully being chosen as one of the delegates in the Seventh Session of the Global Platform for Disaster Risk Reduction 2022 by the United Nations Disaster Risk Reduction (UNDRR), the only delegate from a State University and Local Government Unit to represent the Republic of the Philippines.

Organizing Team members

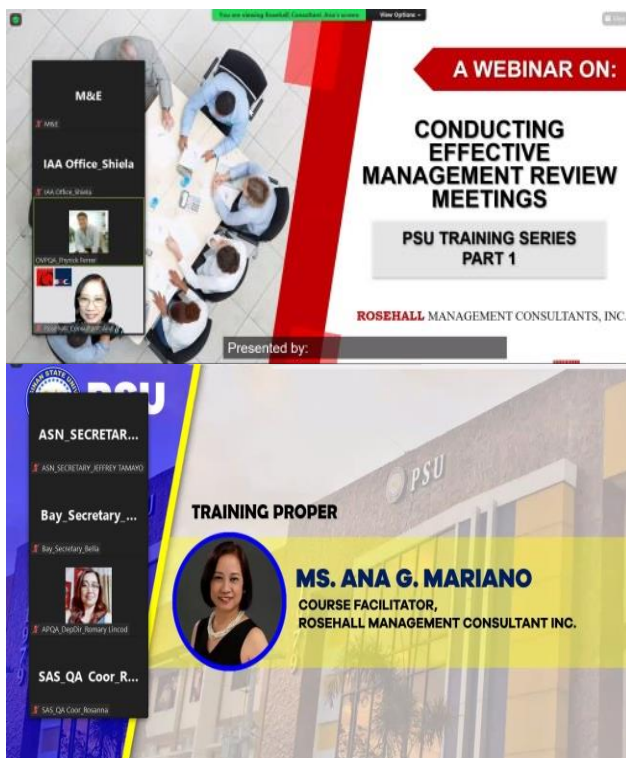

- Morocco/Min Ind, Trade, Green and Digital Economy (Bahari Imad)
- Fiji / Geneva mission (Anare)
- UN Capital Development Fund (Krishnan Narasimhan)
- UNDP-OCHA Connecting Business initiative (Florian Rhiza Nery)
- Caribbean Office of the International Tsunami Information Center (Christa von Hillebrandt-Andrade)
- Philippines Dagupan local govt (Philip Cesar Segurolo)
- UN Sustainable Development Network Youth representative (Olive Mumbo)
- University of Manchester (Duncan Shaw)
- UNU (Jennifer Phillips)

According to the UNDRR, the Global Platform for Disaster Risk Reduction is the main global forum to assess and discuss progress on the implementation of the Sendai Framework for Disaster Risk Reduction. The seventh session of the Global Platform (GP2022) will be organized by the UN Office for Disaster Risk Reduction (UNDRR) from 23 to 28 of May 2022, in Bali, Indonesia, hosted by the Government of Indonesia. The event will be co-chaired by the Government of Indonesia and UNDRR.

In addition, Mr. Segurolo is also a member of the Organizing Teams under Thematic Session 10: Building Resilience Through Recovery, together with various international organizations and State representatives.

Conducting Effective Management Review Meetings: Series of training by Rosehall

In coordination with Rosehall Consultancy, the university's partner in pursuing continuous improvement, a 'One-day Training Course on Conducting Effective Management Review Meetings' was hosted by the Office of the Vice President for Quality Assurance, which aims to enable participants to know the objectives, benefits, and good practices on conducting Management Review.

The Rosehall Consultancy was represented by Ms. Ana G. Mariano who served as the Resource Speaker during the webinar held on April 25, 2022. Ms. Mariano is a Quality Management Systems Auditor since 2015 and she has assisted various private and government agencies towards ISO certification. She emphasized that the effectiveness of actions from the management review against risks and opportunities is significant to formulating a conclusion that is viable to the QMS of the university.

The activity is a part of a series of seminars hosted by the office to comply with the recommendation of the external auditors to train and update the auditors and key personnel on the process of conducting an internal audit, documenting information, and assessing risk management and others.

It was participated by Campus QA Coordinators, Executive Secretaries to the Office of the Vice Presidents and Office of the Campus Executive Directors, SAS and OUS QA Coordinators, and university officials composed of Campus Executive Directors, Executive Directors of SAS and OUS, Director for IAA, Head for ISO/PQA initiatives, Deputy Directors for Administration, Planning and Quality Assurance of SAS and OUS.

PSU pursues quest for ISO 21001:2018

Bounded by the unrelenting pursuit for the development of management systems, the Pangasinan State University resumes its quest for higher International Standards.

The preparations for ISO 21001:2018 continues this month with the transition from the Quality Management Standards (QMS) to the Educational Organization Management Systems (EOMS).

Engr. Angelica C. Fragnal, Managing Director of the ACF Consultancy and Training Services, serves as the university's EOMS consultant who provided a walk-through of the university's next steps in the quest for excellence. The outline includes: re-visiting the requirements of ISO 21001:2018; 'To Do's' based on gap analysis and responsibilities; EOMS documentation, template and status; and implementation plan and timetable.

The EOMS Consultant encouraged all process owners to find time to submit all the requirements stipulated in the guidelines and timetable, without prejudice to the regular tasks assigned to them.

The meeting was initiated by PSU President Dr. Dexter R. Buted and attended by the university's Vice-Presidents, to wit, Dr. Elbert

Galas, Dr. Manolito Manuel, Dr Marcelo Gutierrez, Dr. Paulo Cenas and Dr. Corazon Puson, along with the Campus Executive Directors, Office Directors and Unit Heads.

PSU, the sole educational institution accorded the Philippine Quality Award Level III Recognition, remains a stalwart of academic excellence and quality management services, responsive to the needs of its clientele in the countryside.

Better Together: PRPIO boosts team skills and bolsters workforce bonds

Fostering a cohesive workplace culture, the Public Relations, Publication, and Information Office (PRPIO), PSU's information and communication arm, engaged in a two-day staff development activity on June 7-8, 2022, in Iba, Zambales.

Anchored in upskilling capabilities and upholding workforce unity, the activity convened PRPIO Main Office staff and campus coordinators, the Office of the Vice President for Administration and Linkages team, and select active social media page administrators.

Dr. Elbert M. Galas, VP for Administration and Linkages, foregrounded the unit's initiative to facilitate an effective staff development practice, saying, "This activity serves as a manifestation of your (referring to PRPIO) commitment to continuously improve your system processes mandated by the University's Quality Policy." Making headway in skills development

The PRPIO-spearheaded event hallmarks two fundamental topics in the unit's operations, featuring the local media industry's pride journalists, PIA-Ilocos Norte's Information Center Manager, Ma. Joreina Therese A. Blanco on "Digital Designing and Branding and Effective Social Media Engagement," and Philippine Daily Inquirer's award-winning photojournalist, Wilfredo Lomibao on "Professional Photography using DSLR Camera and Cellphone."

Participants in featured sessions presented their outputs and underwent critiquing. They are expected to apply the learned techniques in capturing photographs and managing their campus pages to maximize audience engagement.

Creating a strong culture of teamwork

The secret to a successful team hinge on collaboration, and PSU's tenet, "We are better together," reverberates a strong emphasis on the power of 'we.'

Thus, the staff development activities entrenched core collaboration and communication skills, promoting positive dynamics and a systematic approach to problem-solving.

The fun-filled and meaningful activities on Day 1 capped off through the symbolic solidarity night, where the team shared dinner at one table as one family within an organization.

Day 2 accorded the workforce an avenue to loosen up and partake in a dialogue with Dr. Galas for possible concerns and suggestions; it also served as a platform for discussing forward-looking directions.

Hitting the homestretch, the closing activity enthralled the team to an awe-enchanting total immersion in nature as they visited the historical and picturesque Anawangin Cove in San Antonio, Zambales.

As an Investors in People (IiP) Gold awardee, PSU stands as a paragon of excellence in people management, exemplified in its world-class best practices in assessing, evaluating, and responding to the needs of its people as a key factor in quality service delivery to stakeholders in turn.

Finance Division Employees' Dev't Program : Wholeness in Togetherness

Bolstering a stronger workforce and a more cohesive work process, Pangasinan State University's Finance Management Division engaged in two-day employee development and team-building activity on June 10-11, 2022, in Caliraya Lumban, Laguna.

The exercise brought together the whole finance management division of PSU's nine campuses with the goal of upskilling the potential of the employees and maintaining worker unity and building the effectiveness of the group while having a little fun.

Carefully planned and organized by University Officials under the Finance Management Division led by Vice President Dr. Maria Corazon B. Puzon along with Mr. Rennie D. Martinez (Acting Director for Accounting Services), Dr. Narciso F. Castro (Director for IGP & Auxiliary Services), Ms. Jeanilyn L. Villanueva (Director for Budget Services) and Ms. Jesille Q. Viernes (University Cashier), the team building activity was attended by more than seventy (70) participants from FMD.

"It is beneficial to undergo such a venture in order to establish camaraderie, realize strengths and weaknesses and improve the mindset of employees to help achieve the University's goals," Dr. Puzon stressed during the opening program.

The two-day event was made possible through the unwavering support of the visionary University President Dr. Dexter R. Buted who believes that manpower plays an essential role for an organization to become successful.

VICTORY THROUGH SYNERGY: THE OUS WAY

Developing a cohesive and efficient team, the Pangasinan State University Open University Systems (OUS) conducted its two-day Faculty and Staff Development and Team Building Cum – 2023 OUS Planning with the theme 'Victory Through Synergy: The OUS Way' at the Onion Capital of the Philippines, Bongabon Nueva Ecija on June 22-23, 2022.

The activity brought together the entire Open University Systems with the intention of enhancing employee potential, preserving worker solidarity, and enhancing group effectiveness while having some fun.

Bent on achieving inspirational goals and positive dynamics, Day 1 started with an opening

address and statement of purpose given by the Executive Director of the Open University Systems Dr. Phillip G. Queroda followed by the presentation of the first and second quarter accomplishment reports delivered by the Deputy Director for Administration, Planning, and Quality Assurance Dr. Romary R. Lincod.

The 2023 AOP and OUS planning was also presented by other officials held responsible for the different parts of the plan while the Deputy Director for

Academic, Research and Extension Dr. Erna M. Salazar gave her closing remarks to formally end the first part of the activity.

The execution of several team-building exercises that tested the staff's collaboration, coordination, teamwork, and communication followed. Each game or activity was enthusiastically and joyfully engaged by the entire crew, who were split into three teams, blue, yellow, and red.

Full of bliss and improved collaboration, the PSU OUS wishes to express its sincere appreciation for the leadership and initiative of those in the OUS family who made the aforementioned activity successful including the ever-inspiring visionary University President, Dr. Dexter R. Buted.

The perfect get-away day helped incorporate many opportunities for the leaders and team members to get to know each other better, share visions and goals and discuss or tackle important issues to continue to hone PSU's human assets for greater education victory.

to hone PSU's human assets for greater education victory.

PSU leads Futures-Thinking Seminar for Planning Officers

Capitalizing on strategic foresight and futures-thinking, planning officers of the University engaged in a task that they do best – PLAN for the future of the institution, the personnel, students and the community in general.

Some 22 personnel from the Office of the Vice President for Planning and Finance Management (OVPPFM) immersed in a two-day Seminar on Strategic Foresight, Futures Thinking and Scenario Planning at The Greenery Bulacan on June 28-29, 2022.

With the theme 'Gearing Towards Futures-Ready PSU', the activities conducted do not only provide an alternative platform for the upskilling and retooling of the Planning Team but is also anchored on the objective of enhancing the skills and strengthening the bond among its members.

The seminar cum team building was led by the Vice-President for PPFM

Dr. Corazon Puzon, the Planning Director, Planning Officers, staff and all Campus Planning Coordinators from the nine campuses of PSU including representatives of the School of Advanced Studies (SAS) and Open University Systems (OUS).

The learning providers were Dr. Madlyn D. Tingco, Planning Director and Gregorio F. Delos Angeles Jr., Planning Officer whose discussions pivoted on the basic principles and framework of Strategic Foresight and Futures Thinking. The underpinnings of the topics discussed are the

modules crafted by professors of the Development Academy of the Philippines where Dr. Tingco and Mr. Delos Angeles are completing a Certificate Course on said topics.

On the other hand, the team building activities were facilitated by Mr. Erwin Valenzuela, College Professor and Asian Tour Guide Officer.

PSU, with its visionary President Dr. Dexter R. Buted at the helm, stands as a paragon of excellence in people management and plan-crafting that would redound to benefit the stakeholders in pursuit of academic excellence.

Quality Assurance Team ensures efficiency of PSU operations in StratPlan 2022

Bent on ensuring the effectiveness and efficiency of University operations, hand-in-hand with

growing a stronger bond, the Pangasinan State University Quality Assurance (PSU-QA) Team conducted its two-day Strategic Planning cum Team Building with the theme: “Transforming Strategies into Outcomes through Productivity Enrichment and Quality Framework” at the Dawal Beach Resort, Candelaria in Zambales town on July 25-26, 2022.

In order to maximize employee potential, maintain worker unity, and increase group performance while having fun, the activity brought together the Quality Assurance Team headed by the Vice-President for Quality Assurance Dr. Marcelo C. Gutierrez, Jr.

The Campus QA Coordinators and Document Control Custodians also participated in the said activity.

Day 1 began with welcome remarks and a statement of objectives coming from Dr. Gutierrez, followed by the turn-over ceremony of the former Director for Institutional Assurance and Accreditation Dr. Billy C. Festijo to the incoming IAA Director Prof. William V. Cayetano and the Director for Monitoring and Evaluation Dr. David Livingstone T. Ramos.

The program then transitioned to the presentation of the Quality Assurance Division’s Annual Operational Plan which was discussed by Information Officer Ms. Nikki B. Soriano.

The Vice-President for Administration and Linkages Dr. Elbert C. Galas who served as the guest speaker for the activity, shared the planning and goal setting with a topic ‘In the Eye of A Futurist: The Core Elements of Strategic Planning’.

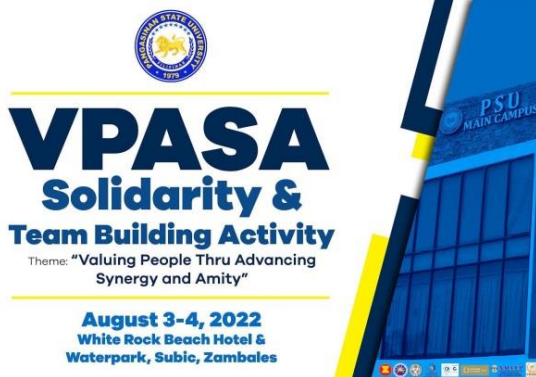

Concluding Day 1 was the awarding of certificates to resource speakers and the awarding of plaques and certificates of recognition to participants.

The second day was filled with team-building activities that fostered camaraderie and team work among the QA group.

The PSU QA expresses its profound gratitude to the ever-inspiring visionary University President, Dr. Dexter R. Buted for engaging the employees to be involved in activities such as this that provided chances for the team's leaders and members to get to know one another better, exchange thoughts and goals, and debate or address crucial topics in order to continue to develop PSU's Quality Assurance for higher educational success.

OVPASA Undergoes Individual and Team Development Assessment

Nurturing and developing closer bonds, the Pangasinan State University - Office of the Vice President for Academic & Student Affairs (PSU-OVPASA) held its two-day Solidarity and Team Building Activity with a theme: "Valuing People by Advancing Synergy and Amity" at the White Rock Beach Hotel and Water Park Subic, Zambales on August 03-04, 2022.

The activity brought together the whole VPASA Team headed by the Vice President for Academic & Student Affairs Dr. Manolito C. Manuel, with a focus on keeping the bonds for a more efficient and productive team. Present at the event were different Campus Executive Directors, Executive Directors of OUS and SAS, Deputy Directors, and other University Officials who made the assessment and team building more enjoyable. The program started with a prayer followed by a welcome remark and a statement of purpose by

Dr. Christia Marie P. Flores, head of the Medical and Dental Services Unit, Dr. Razeale F. Resultay, director for Curriculum and Instruction, and Prof. Celeste T. Mercado, director for Students and

Alumni Affairs Office, respectively.

Concluding the afternoon event was an inspirational talk by Dr. Manolito C. Manuel uttering one of his favorite phrases from the University President Dr. Dexter R. Buted, "Kung may gagawin kang isang bagay, gawin mo nang maayos tutal kaya mo naman, o kakayanin mo naman kung talagang gusto mo." Part two of the program were fun-filled activities and exercises at the grounds

of the White Rock Beach Hotel and Water Park which showed teamwork and employed out-of-the-box strategies to finish the tasks given by the facilitator.

The last part of the assessment and team-building activity was a reflection of the VPASA Journey throughout the years. Sharing their ups and downs were Dr. Armando Junio, Dr. Erna M. Salazar, Dr. Roy C. Ferrer Prof. Mercado, Dr. Resultay, Dr. Phillip G. Queroda, Dr. Rosario DL. Valencerina and Dr. Randy Joy C. Ventayen. Dr. Manuel ended the reflection activity by thanking his team with a heartfelt message: “Bottomline, kung wala kayo, walang magagawa ang VPASA, walang magagawa ang Vice President for Academic and Student Affairs.”

The OVPASA Team expresses its sincerest gratitude to the innovative and visionary University President, Dr. Dexter R. Buted for involving the staff in events like the team building activity that gave the team leaders and members the chance to get to know one another better, share ideas and objectives, and discuss or debate important issues for the progress of Pangasinan State University.

The Pangasinan State University- School of Advanced Studies held its very first team building activity on July 28 to 30, 2022, in Pansol, Laguna.

After jumping through various hoops in championing accreditations and bringing better services of the Graduate school, the delegate of forty-four PSUnians from both the academic and non-teaching units led by the Executive Director Dr. Rosario DL. Valencerina along with Deputy Director for Academics, Research, and Extension Dr. Gemma M. De Vera, and Deputy Director for Administration, Planning and Quality Assurance Dr. Cristeta C. Dulos, finally took a much needed break to reboot the spirit, reconnect with each other, and rebuild relationships.

Under the theme of ‘PSU-SAS- Stronger Together’, the activity sought to reinforce the resilience that the whole unit has manifested at the onset and during the pandemic as the university recuperates and completely transitions its conduct of operations in the post COVID-19 conditions.

The event was graced by one of PSU-SAS’ part-time professor Dr. Florentina V. Javier, a former

Executive Vice President and Vice President for Academic Affairs at the Lyceum of the Philippines University-Laguna and a Jose P. Laurel Lifetime Achievement Award recipient.

Dr. Flora, as she is fondly called by her colleagues at graduate school, shared during her talk the importance of not taking for granted even the smallest part of one’s job no matter how trivial they may seem to be.

Further, the percipient professor stressed that as a superior handling people, one should not rely heavily on their subordinates as succors citing her personal experience from the perspective of a non-tech-savvy educator having a hard time adjusting to the demands of the blended learning modality at the onset of the pandemic and how she was compelled to learn the ropes in carrying out the hybrid learning setup under her own steam.

Dr. Valencerina along with Dr. Dulos and Dr. De Vera took the opportunity to express their gratitude to the University President, Dr. Dexter R. Buted for his relentless support not only to the entire workforce but to the graduate school as a whole. At the team building proper the vigor of the members were put to the test through fun and enjoyable, yet puzzling and physically-challenging activities each well-thought-out to make each of them feel closer to the wider team by reinforcing team spirit, deepen trust and confidence in each other, and increase greater collaboration by improving their communication and problem-solving skills.

The said event was preceded by a benchmarking activity with UPLB's Graduate School where the PSUnians learned about the unit's processes and management and got to meet and dine with the prestigious institution's head Chancellor Dr. Jose V. Camacho along with the rest of his staff.

PSU frontliners undergo Basic Sign Language training

Adhering to the universal mantra of Education for All, the Pangasinan State University embarked on a Basic Filipino Sign Language training to give more opportunities for differently-abled students to complete an academic degree.

Organized by the Admission and Guidance Services Unit under the Students and Alumni Affairs Office, along with the Gender and Development Unit, the activity had the frontline personnel from PSU's offices as participants.

The five-day training slated from May 23-26, 2022, was conducted online, while the last day (June 1) was held face-to-face at the university's audio-visual room.

Ms. Marinuelle Aquino, Head of the Admission and Guidance Services, said learning sign language words is a great way to build a basic vocabulary foundation to ensure that clients with hearing impairment will be adequately attended to with their needs.

Studying sign language encourages personnel and students to become more aware of and sensitive to members of the deaf and hard-of-hearing population. Studies also show that using it will enhance one's cognitive functions, resulting in higher abstract and creative thinking, better problem-solving skills, better listening skills, and greater academic achievement.

The University gives the inclusive education program high regard as it inculcates to its teaching, non-teaching

staff, and students the benefits and importance of diversity, cooperation, and consideration of others.

Internal Audit Training Courses: Training auditors for QMS Audit using 9001:2015 Standard

The series of training by Rosehall Management Consultants, Inc. resumed yesterday, June 20, 2022, with Consultant/Trainer/Auditor Ms. Ma. Cecilia M. Fabian for the course entitled, "Conducting QMS audit using 9001:2015 standard based on ISO 19011:2018 audit guidelines"

It was participated by PSU auditors composed of teaching and non-teaching personnel held at TN Convention Hall. The OVPQA through the IAA is hosting these trainings intended for the PSU IQA Internal Audit team to capacitate its auditors on the QMS framework through documenting policies, processes, procedures, and responsibilities. The training courses are slated from June 20 to June 27, 2022.

PSU Library personnel undergo digitalization and system training

Cognizant of the vital role of all units in providing effective and excellent service to its students and other stakeholders, Pangasinan State University remains steadfast in its commitment to developing its most important resource—its human assets.

Thus, PSU personnel continuously undergo trainings and staff development activities to upskill and capacitate the staff.

On June 21, personnel of the Library Services Unit, under the Office of the Vice President for Academic Affairs and Student Services, attended an In-house Training and Development at the Learning Resource Center, PSU Bayambang Campus.

The training was conducted to re-orient the University's campus librarians, faculty-in-charge, and library staff about the Technology Empowerment for Education, Employment, Entrepreneurs, and Economic Development (Tech4ED) program of the Department of Information and Communications Technology (DICT) as well as to capacitate them in Thesis Digitalization and Library System.

Mr. Elvis E. Cayabyab, officer-in-charge, provincial officer of DICT Region I in Pangasinan in his talk, reiterated the aim of the Tech4ED program in harnessing ICT to bridge the digital divide and alleviate poverty in the unserved and underserved communities in the Philippines.

"It is important to establish sustainable Tech4ED Centers nationwide as a delivery channel of ICT-enabled services and content for the socio-economic development towards the quality of life," Cayabyab said.

Following his talk was a refresher on Tech4ED program conducted by Ms. Frauline G. Bentayon, DICT Region I's Project Development Officer I.

Tech4ED is a national digital inclusion initiative establishing eCenters that provide critical e-government and ICT-enabled services in communities with minimal or no access to information and government services.

To better equip the library personnel in operating the Digital Thesis and Dissertations System Kiosk, a hands-on workshop was conducted by Mr. Jonathan Pantaleon, Assistant Librarian of PSU Lingayen Campus.

Ms. Mary Ann Mangapot, Head of the University Library

Services, encouraged all the participants to elevate the library as a true shrine of learning.

PSU's Public Ad College Holds Benchmarking at UP and DAP

The College of Business and Public Administration of Pangasinan State University Lingayen Campus embarked on a benchmarking activity at the University of the Philippines National College of Public Administration and Governance (UP-NCPAG) and the Development Academy of the Philippines Graduate School of Public and Development Management (DAP-GSPDM) on July 26-27, 2022.

The activity capitalized on the best practices and updates, new methods and strategies in the four pillars of higher education—instruction, research, extension, and production.

Enthusiastic faculty members of the College headed by Associate Professor and College Dean Dr. Nova E. Arquillano, joined the activity. The CBPA teaching force were personally met by Associate Professor and Dean of UP-NCPAG Dan P. Saguil and Dean Dr. Lizan Perante-Calina of DAP-GSPDM.

"I am looking forward to fruitful collaborative work and future projects that will further develop and enhance the Philippine public service, administrative system, and education," Dean Dan Saguil said as he welcomed the partnership of PSU and UP.

Also, as Chairperson of the Public Administration Curriculum Development, he emphasized the need for schools in Public Ad to strengthen their ties and collaborate more to improve public administration and management education in the Philippines. This partnership shall be forged through a Memorandum of Understanding between UP-NCPAG and PSU-CBPA, he added.

Dr. Alex B. Brilliantes, former Chairman of CHED and now Secretary-General of the Eastern Regional Organization of Public Administration (EROPA) invited PSU to link with the international body of Public Administration experts. EROPA is an international organization of states, groups, and individuals in the region of Asia and the Pacific. It was founded in 1960 and was the first organization in the region to be devoted to the development of public administration in order to advance the economic and social development of countries in Asia and the Pacific.

Membership of EROPA is highly prestigious; any intention to become part of it shall undergo the approval of its Executive Council. PSU is fortunate to be invited by the Secretary-General himself. The Executive Council meeting is set for September 2022 which will be participated in by member-states, various groups, and experts in the field of Public Administration.

Next stop of the PSU Team was at the Development Academy of the Philippines (DAP) in Ortigas Center, Pasig City.

The group was warmly accommodated by Dean Dr. Lizan Perante-Calina who happens to be the President of the Philippine Society of Public Administration (PSPA). Dean Calina showcased the unique and firebrand strategy of instruction, research, and community involvement of the DAP and said that quality and globally competitive education are important to develop a student and/or professional to the fullest extent of his/her capacity.

DAP is well-known for its prestige in development studies. It is at the forefront and founder of public-sector productivity and futures-thinking programs of public management education in the Philippines. Dean Calina expresses her interest in having PSU CBPA as one of its partners in promoting and advocating for public service enhancement and improvement.

Aside from learning new techniques in instruction and research topics, establishing linkages and networks were worthwhile fruits of the benchmarking activity. This is the continuing thrust of the University that never wavers—a center of development, progress, and advancement in higher education in Southeast Asia, in the service of humanity, for God and country.

PSU inks partnership with DA for campus radio expansion

Hitting the airwaves soon is Pangasinan State University's very own Campus Radio Station.

PSU, a highly recognized academic institution, is mandated to continuously undertake instruction, research, production and extension training activities aimed at enhancing the quality of higher education and countryside development.

As an ASEAN premier educational hub, PSU desires to establish a radio station in its campus to serve as a training laboratory for faculty, students and researchers of the Development Communication Degree program.

With Pangasinan being an agricultural province, the radio station shall also serve as a medium to disseminate useful and relevant agricultural technologies including its various research studies as part of the extension services to the community.

Thus, PSU formalized its partnership with the Department of Agriculture (DA) through the signing of a Memorandum of Agreement led by Agriculture Secretary William Dar and PSU President Dr. Dexter R. Buted on June 25, 2022.

Standing in as witnesses to the agreement are Board Secretary Ms. Aileen Batang, as represented by Ms. Jenelyn Manlincon and Mr. Isaiah Diza and the OIC-Director of the Public Relations, Publication and Information Office (PRPIO) Asst. Prof. Venus May Sarmiento with Ms. Fhoebe Kates Castillo.

From the DA side, those who witnessed the MOA signing were: Regional Director Nestor Domenden, Regional Technical Director for Operations Erlinda Manipon, OIC-RTD for Research and Regulation Florentino Adarme and OIC-Division Chief for Field Operations Loida Pacursa.

Both parties shall collectively develop a five-year Operation and Financial Plan as stipulated in the MOA.

In 2021, PSU has established the building to be used as a broadcast studio and management office. It has also procured and set-up broadcast equipment with training component in radio broadcasting.

The operation of PSU Campus Radio Station, using the call sign DZPS and radio frequency 101.3 mhz, is another hallmark testament to PSU's endeavor to boost the engagement of faculty, students and the community in pursuing education advancement for all.

DOLE's Government Internship Program (GIP) kicks off in Pangasinan State University

On August 22, 2022, five deserving GIP interns were placed in various offices on the PSU Lingayen Campus and Main Office, they will report for a minimum of three (3) to a maximum of (6) months.

Government Internship Program or GIP is a component of KABATAAN 2000 under Executive Order (EO) no. 139 s. 1993, and DOLE Administrative Order No. 260-15 that aims to give young workers, especially those who are poor or unemployed and young workers, the chance to showcase their talents and skills in the field of public service with the ultimate goal of luring the best and the brightest who want to pursue a career in government service, especially in the fields and disciplines related to labor and employment.

PSU-SEC partnership unlocks more doors for growth and dev't

Reverberating another cause for development and more opportunities for growth, the Pangasinan State University warmly welcomed today the delegates from the Securities and Exchange Commission (SEC) for the latter's benchmarking activity.

In a three-part dialogue and exchange of ideas, the PSU shared its best practices on PRIME-HRM and the journey towards achieving the Investors in People Gold Award and the Philippine Quality Award Level III for Mastery in Quality Management in SEC's face-to-face visit and via the online platform.

SEC Assistant Director Nolivienne Ermitano of the Learning Resource and Information Division said the Commission hopes to improve its human resource strategies in achieving the aspirations of the SEC.

"We want to assess our own strategies versus the strategies that PSU has employed to harmonize and integrate human resource management in the areas of learning and development, recruitment and selection, performance management and rewards and incentives," Ermitano said noting the many milestones awards that PSU has received.

Additionally, Assistant Director Ricky Abundo of the HR Management Division praised PSU for transforming the vision into actions.

The activity also served as avenue for SEC to present its programs for collaboration.

On the part of PSU, University President Dexter R. Buted expressed elation that aside from other state universities and colleges, even national government institutions, like SEC, recognize PSU.

"It's a non-stop journey. We must respond to the call of uplifting the lives of people by giving quality

education. That is why we have to instill a quality mechanism. Ang goal natin is magawa natin ang trabaho nang tama, maganda at maayos," Dr. Buted said.

The transformative university leader also expressed interest to collaborate with SEC in areas such as internship program, financial and investment literacy webinar for its personnel and part-time teaching jobs.

Also present during the SEC benchmarking were PSU Vice-Presidents Dr. Elbert Galas for Administration and Linkages; Dr. Corazon Puzon for Planning and Finance Management; Dr. Marcelo C. Gutierrez for Quality Assurance. University Directors and other officials.

PSU, now on its 43rd year, prides itself in making the impossible, brilliantly possible.

PSU renews ties with PLDT for digitalization

The Pangasinan State University, in its earnest desire to continuously improve its operations to respond to the changing environment and reinforce the strategic directions, renewed its partnership with the Philippine Long Distance Telephone Company (PLDT).

A formal contract signing commenced on August 16, 2022, at the Dr. Telesforo N. Boquiren Convention Hall attended by the PSU Community led by University President Dr. Dexter R. Buted and the PLDT group headed by Assistant Vice President and Corporate Relationship Management Head Dennis G. Magbatoc.

Dr. Buted said digitalization is in line with PSU's advocacy for comprehensive and relevant quality education.

"The students of PSU deserve more than what is present in private schools because we are using the taxpayers money," the university leaders said.

Dr. Julius Cesar Mamaril, director of PSU's Information, Communication Technology and Management Office (ICTMO) added that with stable internet connectivity provided by the iGate service and FiberBiz including the Giga Study Plans of Smart Bizload and Microsoft Office 365 A3 (Cloud Service), all nine campuses of PSU were able to conduct the blended learning modality and improve the digitalization of the university to become more globally competitive.

The event brought better opportunities not only for the students but also for the teaching and non-teaching personnel of the PSU as PLDT Enterprises shared their services and solutions that will help improve the digital academic activities for the PSUnians..

The contract signing was witnessed by the PSU Vice Presidents, university officials and PLDT executives.

Envisioning to become an ASEAN Premier State University in 2025, the Pangasinan State University continuously develops and uplifts its education for all mantra by providing the best tools and instruments to students and employees.

PSU takes part in 122nd Philippine Civil Service Celeb

The Pangasinan State University, through the Human Resource Management and Development Office (HRMDO), joined the nation in the celebration of the 122nd Philippine Civil Service Anniversary with the theme “Transforming Public Service in the Next Decade: Honing Agile and Future-Ready Servant-Heroes”.

PSU teaching and non-teaching personnel from various departments gathered at the Dr. Telesforo N. Boquiren Convention Hall for an electrifying Zumba exercise and a Thanksgiving Mass followed by a Commemoration Program. The Holy Mass was presided over by Msgr. Martin Peralta.

Welcoming the employees, HRMDO Director Dr. Lorena Echalar encouraged every PSU employee to clap for themselves because they deserve it for jobs well done.

“We will stand resilient, courageous and faithful in the performance of our duties and responsibilities. By being so, we will be able to hurdle the challenges that will come our way,” Dr. Echalar said.

University President Dr. Dexter R. Buted, who initiated a Calachuchi flower plantation throughout the campuses, said the Calachuchi symbolizes RESILIENCE which is one of the legacies he would want to leave behind for PSUnian employees, for them to be able to stay afloat, whatever storms life may throw at them.

CSC recognizes PSU as supportive partner

The Pangasinan State University was recognized by the Civil Service Commission (CSC) as a “hardworking and supportive partner” during the 2022 Regional Recognition and Awards Rites as part of the 122nd Anniversary of the Philippine Civil Service.

In a ceremony on September 28, 2022 City of San Fernando La Union, PSU Appreciation for its invaluable and and thrusts of the Civil Service

at the CSC RO-I Hall of Learning in the was awarded a Plaque of continuous support to the programs Commission Regional Office I.

Dr. Lorena B. Echalar, the Director for Human Resource Management and Development Office, represented Dr. Dexter R. Buted and the Pangasinan State University in accepting the Regional Award handed by CSC Regional Director, Dr. Hedy Jose B. Lardizabal.

Dr. Lardizabal commended all the awardees for their efforts and sacrifices especially during the pandemic.

“The challenge is still here. We are faced with uncertainties but we know that we are doing these (our jobs) for the community and our countrymen,” Dr. Lardizabal said.

The event was also attended by various government offices, departments and units in Region 1.

Pangasinan State University will continuously strive to enhance its institutional programs to maintain its high performance and satisfy the demands of the industry, public service, and civil society.

Pangasinan Provincial Tourism Collaborates with PSU on Tourism Dev't

The Pangasinan Provincial Tourism Office proposed its intention to grow and collaborate with the Pangasinan State University, particularly on its Tourism Development Program, Culture and Arts, Community Development, Research and on other initiatives deemed important to several facets of government.

In this connection, a collaborative meeting was held at the PSU Main Audio-Visual Room on September 21, 2022, which was attended by different University and Campus officials – Dr. Dexter Buted, Dr. Elbert M. Galas, Dr. Marcelo D. Gutierrez Jr., Dr. Manolito C. Manuel, and Dr. Ma. Corazon B. Puzon.

Partners from the Provincial Tourism and Cultural Affairs headed by Ms. Malu Elduayan duly represented by Ms. Monika Labaupa, the Tourism Operations Officer, and guests from the Center

for Pangasinan Studies headed by Dr. Perla Legaspi, the Executive Director for CPS, were present in the event.

University President Dr. Dexter R. Buted thanked everyone present for another milestone endeavor and shared the objectives and agenda of the meeting.

“Our objective for today is to express or ipakilala kung anong meron ang bawat isa sa atin which will pave the way for what we can accomplish as partners,” Dr. Buted said.

On the other hand, the Executive Director of the Center for Pangasinan Studies Dr. Legaspi extended her warmest gratitude to the university for the collaboration and progress of the whole Province of Pangasinan.

With industry 4.0, Pangasinan State University will continuously initiate the promotion of internal and external collaborations to uplift the quality of services of the university.

DILG taps PSU for Capacity Dev't Talk

Another feather was added to the cap of Pangasinan State University as it continues to be a fountain of knowledge for other government institutions.

Dr. Phillip Queroda, executive director of PSU's Open University System (OUS), was tapped to give a talk during the Training of Trainers on the Capacity Development Program for Civil Society Organizations (CSOs) in the Local Special Bodies organized by the Department of the Interior and Local Government-Local Governance Regional Resource Center I- (DILG-LGRRC) held in the Province of La Union.

DILG Regional Director Julie Daquioag said the activity aims to provide the CSOs with the knowledge and abilities they need to be more effective members in the LSBs of local government units.

Dr. Queroda expounded on the topic ‘Local School Board as Catalyst of Education’ which aims to strengthen the CSO’s involvement in local governance and in the LSB.

“It is always a privilege to share and impart knowledge and first-hand experiences to fellow educators and introduce to the civil societies what the PSU and the education sector as a whole, are undertaking to invigorate community involvement and provide quality learning for everyone,” Dr. Queroda said.

The OUS Executive Director is one of the top researchers and authors of PSU whose works have been cited for about 117 times in local and international research citations.

Other topics discussed during the face-to-face training include: Education as an Empowerer: State of Education in the Philippines, the Finance of Education and the SEF Budget, the Role of CSOs in LSBs and a Best Practice presentation.

PSU 43rd Anniversary Celeb kicks-off with a grand motorcade

Various vehicles adorned with blue and yellow balloons filled the streets of Lingayen and Binmaley towns early morning today as the Pangasinan State University kicked-off its 43rd Anniversary Celebration with a grand motorcade.

University President Dr. Dexter R. Buted led more than a hundred vehicles that included motorcycles, cars, buses and trucks as the motorcade traversed the main thoroughfares of the towns accompanied by the Drum and Lyre Corps of the Zaratan Educational Institute.

Teaching and non-teaching employees from the nine campuses of the University jubilantly took part in the activity that also showcased the awards and recognitions received by PSU for the past 43 years.

The activity signaled the start of a week-long celebration filled with thanksgiving, fun, laughter and camaraderie that includes a Eucharistic

Celebration, Research Exhibit, Boodle Fight and the PSU Atutay’ Dila: Family Feud for the first day (October 3).

Stay glued to PSU’s official social media platforms for more of the Golden Lion anniversary.

PSU obtains fruitful collab with Pangasinan Provincial Board

Pangasinan State University (PSU) President Dr. Dexter Buted faces the Pangasinan Provincial Board anew but this time, he left the room with smiles and a bright hope for new beginnings and fruitful collaboration.

In a Monday meeting with Vice Governor Mark Ronald DG. Lambino and members of the Sangguniang Panlalawigan at the SP Lounge of the Capitol Building, Dr. Buted highlighted the accomplishments of the PSU for the past eight years.

Dr. Buted showcased PSU's journey which is characterized by numerous successes to include being one of only 20 SUCs in the country which garnered the Level IV status; the first state university in the Philippines and in Asia with Investors in People Gold Award; and the first and only Higher Education Institution in the country, both private and public, to receive the most coveted Philippine Quality Award Level III or the

Mastery in Quality Management.

PSU is also home to several topnotchers of board examinations and is a constant awardee in research and extension programs.

Another PSU project introduced to the Board was Project AKBAY for the out-of-school youth that aims to strengthen the Education for All mantra.

Dr. Buted said he was thankful to the new set of provincial board members for recalling Provincial Resolution No. 505 declaring him persona non grata in 2016.

It can be remembered that after six years, on July 18, 2022, Vice-Gov. Lambino moved for the recall of Resolution No. 505 and the lifting of the persona non-grata status of Dr. Dexter Buted of PSU.

Resolution No. 647 series of 2022, approving such, was signed by the SP members on the same day.

PSU and the Provincial Government of Pangasinan led by Governor Ramon Guico III will be signing a memorandum of agreement soon for the different programs and projects regarding research, community extension program, scholarships, use of facilities and the gender and development programs.

CHED-UniFAST revisits PSU implementation of TES and TDP Programs

Project Staff Members: Ms. Janelle Petacio, Ms. Alexis Moira Dolores, Ms. Kristine Peralta and Mr. Patrick Joseph Dumuk, Prof. Celeste T. Mercado, Director of Student and Alumni Affairs, Mr. Rennie D. Martinez, Director of Accounting Services, Ms. Marina Ruby A. Sulipa, Lingayen Campus Accountant, 9 Campus Student Services Coordinators and the TES and TDP Grantees.

An Open Forum was conducted to address the concerns of the grantees which was answered and verified directly by Ms. Alexis Moira Dolores and the whole team.

Currently, a total of 7,393 PSUian grantees enjoy the benefits of being a TES and TDP programs.

CHED-Unified Financial Assistance System for Tertiary Education (CHED-UniFAST) Team visited Pangasinan State University on July 26, 2022 and provided an orientation to respective TES and TDP grantees via Zoom.

The orientation was attended by Ms. Catherine Chan, Education Supervisor II,

PSU intensifies info dissemination in partnership with Pangasinan media

**Press Conference
 with the
 Pangasinan Media**
 July 25, 2022 | PSU Audio-Visual Room
 Lingayen, Pangasinan

Cognizant of the power of communication, the Pangasinan State University partners with members of the Pangasinan media to help intensify the dissemination of vital information that the community needs to know.

Media personalities from the radio, print, television and social media visited the PSU on Monday and were apprised of the highlights of accomplishments of the University particularly with improvements done within the last eight

years, as well as future plans.

PSU's top management led by University President Dr. Dexter R. Buted, together with the five Vice-Presidents: Dr. Paulo V. Cenas (Research and Extension), Dr. Manolito C. Manuel (Academic and Student Affairs), Dr. Marcelo C. Gutierrez (Quality Assurance), Dr. Elbert M. Galas (Administration and Linkages) and Dr. Maria Corazon B. Puzon (Planning and Finance), faced the media sector and responded to their queries.

Dr. Elbert Galas welcomed the members of the media saying the presentation of the developments, various activities and programs that PSU is undertaking is part of the university core values of accountability and integrity.

“Your role as purveyors of truth and correct information is something that we all need especially in this time of disinformation and fake news,” Dr. Galas said.

University President Dr. Dexter R. Buted conveyed his gratitude to the media for upholding media ethics in delivering information as he presented a video package of the achievements and developments of the university as well as the status of the nine campuses of PSU.

Dr. Buted started to tackle Resolution No. 505 series of 2016 which imposed on him the persona non grata status six years ago. He continued to give his reaction on Resolution No. 607 series of 2022, which was filed by the Sangguniang Panlalawigan on July 18, 2022, lifting the negative tag.

The university leader, who is now on the last year of his second term, thanked Governor Ramon Guico III and the new set of provincial board members for recalling the resolution.

“The Resolution states that establishing good working relationship with all government agencies in Pangasinan including the Pangasinan State University is a key towards attaining socio-economic growth and development of the province. The convergence of the Province of Pangasinan and PSU would bring an ideal environment aimed at forging partnership for the betterment of the two institutions,” Dr. Buted said.

“Now, there are a lot of things that can be done with the provincial government and the municipal and city government that could benefit our employees and students,” he added.

PSU and the Provincial Government of Pangasinan will be signing a memorandum of agreement soon for the different programs and projects regarding research, community extension program, scholarships, use of facilities and the gender and development programs.

The press conference also centered on new collaborations and projects, full-blown face-to-face classes, AKKBAY out-of-school youth program, Golden Lion Hotel, campus radio station, status of the nine campuses of the university and plans for the following year.

The activity ended with a closing message from Vice President Corazon Puzon who expressed her gratitude for the opportunity to interact and provide relevant information to the press.

“Through our commitment, passion and dynamic relationship with each other, we know that this will lead us to what our visionary president envisioned PSU to become seven years ago and continue its glory years for the bright future of our students, employees and stakeholders,” Dr. Puzon said.

The PSU Community extends its gratitude to the members of the media who continue to connect with people to deliver the accurate and pertinent information for the benefit and advancement of the education sector.

PSU launches AKKBAY program for out-of-school youth

Cognizant of the mantra for education for all, the Pangasinan State University embarked on a massive education program to help the out-of-school youth (OSYs) get back to school and create job opportunities for them.

In partnership with the provincial government of Pangasinan and the local government units (LGUs), PSU launched the “Abot Kamay ang Kolehiyo: Isang Bayanihan (AKKBAY) para sa mga Out-of-School Youth” in Pangasinan on Tuesday, August 9, that aims to provide free, accessible and quality education and support services to the OSYs.

In his welcome remarks, University President Dr. Dexter R. Buted, expressed jubilation and gratitude to all the stakeholders who attended the launch for being an “agent of hope for the out-of school youth.”

The university leader said he is deeply saddened with the alarming reality that one out of eight Filipino youth are out of school and engage in odds jobs because of the lack of education triggered by poverty.

Addressing the provincial government and members of the Sangguniang Panlalawigan present in the event, Dr. Buted said the way to solve this problem from the roots starts from home and the education systems, thus the need to solicit cooperation and support.

“Sa ating mga kagalang-galang na miyembro ng Sangguniang Panlalawigan, hinihingi po namin na maipasa ang isang ordinansa na naglalayong suportahan ang AKKBAY program na siya namang pagtitibayin o ia-adopt sa lebel ng ating LGUs. Mangyari pong tulungan niyo kaming gabayan at bigyan ng isang makabuluhang hinaharap ang mga OSYs sa ating probinsya,” Dr. Buted stated.

In response, Vice-Governor Mark Ronald DG. Lambino said the Sangguniang Panlalawigan welcomes the program as there is a need for enhanced level of collaboration between and among agencies for better, sustained and active engagement in all endeavors especially that he felt the burden of shifting from face-to-face classes to online learning during the pandemic.

Governor Ramon V. Guico III, represented by former Board Member Von Mark Mendoza, said he is equally happy with the start of a strengthened partnership with PSU.

“This program (AKKBAY) is very laudable. We will seriously look into this noble program of the PSU. The governor and the sangguniang panlalawigan are now your partners in the delivery of quality, world-class education in the Philippines and in Asia,” Mendoza said.

Meanwhile, Prof. Celeste Mercado, director for PSU's Student and Alumni Affairs and focal person for AKKBAY, said the program shall be open to out-of-school youth whose ages range from 18-30 years old in the province of Pangasinan who belong to the low-income or poor families. Seed money for the program is P5-million sourced from the Gender and Development Fund.

Three OSY grantees of the AKKBAY program also shared their elation onstage for the chance to go back to school after long years of temporarily setting aside education to work for their families.

A signing of commitment to support AKKBAY ensued.

Present during the event were municipal officials and social welfare and development officers of all 48 LGUs in Pangasinan, Sangguniang Kabataan federation presidents, OSY grantees and their parents.

Completing the event were the five Vice Presidents of the University, Campus Executive Directors and university officials.

PSU hails outstanding employees and service awardees

Pangasinan State University awarded noteworthy employees in the **2022 Awards Convocation** at the **Sison Auditorium, Lingayen, Pangasinan on October 6, 2022.**

The Awards Convocation is an annual event of the University wherein faculty and administrators who have rendered 10, 15, 20, 25, 30, 35, and 40 years of service are given distinction, as well as the retirees, and posthumous.

The achievements of the PSU workforce are recorded by the Human Resource Management Development Office (HRMDO) to recognize their persistence and loyalty to the University.

"They serve as our inspiring role models reminding and encouraging us always to serve the public not only in the best way we can, but more so in the best way we should. For that has been their motivation in their long and outstanding years of service in the university," Dr. Lorena B. Echalar, Director for HRMDO stated as she bid them gratitude on behalf of the administration

University President Dr. Dexter R. Buted was also elated to witness the convocation of employees. After serving for nearly eight years as president, expressed his admiration to the PSU family in support of shaping the University towards progress since its existence.

"43 years is an incredible legacy to celebrate. I have done everything I

could to the University," he added.

In attendance was the Director of the Civil Service Commission Field Office of Western Pangasinan, Dir. Flordeliza C. Bugtong to which she shared pieces of advice on being a worthy public servant.

Also in commemoration is the Secretary of Department of the Interior and Local Government (DILG) Hon. Sec. Benjamin "Benhur" C. Abalos Jr., the invited guest of honor and speaker, as he expressed his congratulations to the awardees and the University.

To the stars

Dr. Buted also announced an additional University achievement of the year: 3 stars for PSU from the QS Stars University Rankings.

The QS Ranking is the University's latest goal to international recognition for quality and excellence in the academe and management after securing the Philippine Quality Award Level III last year.

Ginintuang Puso Award

A new distinction was constituted by PSU to honor employees who wholeheartedly shared their precious time to lend a hand to the community during the heights of the COVID-19 pandemic-- the Ginintuang Puso Award.

Each campus declared a nominee, but Dr. Ramil Dacal of PSU Bayambang bagged the very first Ginintuang Puso Award.

Best of the best

The highlight of the event is the awarding of outstanding employees who had exemplary performance in their profession.

The following are the saluted winners among the roster of nominees:

Non-teaching personnel (skilled category)- Mr. Romeo Tingco

Non-teaching personnel (professional category)- Ms. Angeles Gacad

Educator category - Dr. Potenciano Conte

Researcher category- Dr. Jocelyn De Vera (Alaminos City Campus)

Extensionist category- Ms. Jennie Fernandez (Binmaley Campus)

Launching of "Piugagep"

To imprint the unparalleled leadership of Dr. Dexter R. Buted and transformation of Pangasinan State University for the past 43 years, the administration collectively crafted its coffee table book entitled "Piugagep".

The book was named from a Pangasinan term that is defined as a goal, target, or dream, just like the contents of the said memorabilia.

This year's Awards Convocation is a remarkable one for the University's multiple accomplishments.

Pangasinan State University shows acknowledgement to the hardworking workforce for without them, the institution would not rise to what it's worth today.

PSU inks partnership with Center for Pangasinan Studies

Progressing towards inclusiveness, relevance and innovation, the Pangasinan State University is now a partner of the Center for Pangasinan Studies (CPS) side-by-side other Higher Educational Institutions in the province.

A Memorandum of Agreement signed on October 6, 2022 at the Urduja House of the Capitol Compound between and among the provincial government of Pangasinan led by Governor Ramon V. Guico III, the Center for Pangasinan Studies led by its Director Dr. Perla Legaspi and University President Dr. Dexter R. Buted, formalized PSU's involvement in the CPS.

The CPS is an institution established by the Local Government Unit of Pangasinan through Provincial Ordinance No. 198-2018 on July 18, 2016 in collaboration with the University of the Philippines, to serve as the primary research and development arm of the province.

Gov. Guico said CPS is one of the programs worth continuing and improving especially as it brings development to the province.

"Decisions must be evidence-based. CPS has an extensive area in research in so many disciplines. And these (researches) are vital as they help in decision-making," Gov. Guico said during the short program.

The Governor also urged the group to form a consortium in Pangasinan, gather the talents and be a part of the best to be competitive nationwide. He also opened the possibility of making a research study on Brgy. Malico in San Nicolas town as to the land domain of the province.

In response, Dr. Buted thanked the provincial government and the CPS in PSU's inclusion to the prestigious group as he enumerated the research development and innovation support activities that has earned recognition for PSU.

"We thank the governor who is also an academician kaya yung puso niya ay nasa sa academe, nasa edukasyon. We will support you in every way we can," Dr. Buted expressed.

PSU commits to be bound by the terms in the agreements which include: the collection, preservation and translation of existing documents, conduct workshops and

conferences, facilitate and advocate the integration of Pangasinan Studies in the curriculum of secondary schools and HEIs and provide technical assistance in the researches and scholarly pursuits of students that will foster knowledge creation, among others.

Other HEI-members of the CPS include: the University of the Philippines, Lyceum Northwestern University, PHINMA University of Pangasinan, Unibersidad de Dagupan, University of Eastern Pangasinan, University of Luzon and the Virgen Milagrosa University.

LGU-Pangasinan mulls creation of Medical School at PSU

In another unprecedented move, the provincial government of Pangasinan held initial talks with Pangasinan State University for the possible establishment of a Medical School in the government academic institution.

Governor Ramon V. Guico III announced the possible partnership during a gathering of some heads of Higher Educational Institutions at the Urduja House of the Capitol Compound.

The Governor said this is part of the province's preparation for the Universal Health Care (UHC) Law as he lamented the loss of medical practitioners in the province when

they seek jobs outside Pangasinan or overseas.

"Huwag nating pakawalan ang mga magagaling so they could work for the province," Gov. Guico said.

He went on to say that the government is subsidizing Php 1-Billion every year for hospitals, thus the need to be creative and think of more ways to augment income of the government.

PSU President Dr. Dexter R. Buted said a medical school that will support poor but deserving students, subsidized by the government that will lead to a 'Doctor to the Barrio' scheme is what is envisioned to be established with PSU.

"The intention of the governor is to provide free medical education for our learners so eventually when they graduate, they will serve the province. Hindi tayo makukulangan ng mga medical practitioners," Dr. Buted explained.

Dr. Buted added that providing great help for this scheme is the Commission on Higher Education's UNIFast program and the Tertiary Education Subsidy project.

Gov. Guico and Dr. Buted were quick to clarify that private schools offering medical courses will still be given same attention and help that they will be needing from the government.

PSU, the only higher educational institution, both public and private, to receive the Philippine Quality Award Level III for Mastery in Quality Management, does not stop in finding ways to benefit more students to attain education advancement for all.

PSU takes part in PQA's 25th anniversary program

Rubbing elbows with the best of the best, Pangasinan State University shared the limelight with fellow awardees during the 25th anniversary celebration of the Philippine Quality Award (PQA) Program held at the Philippine International Convention Center (PICC) on October 12.

Bannering the theme 'Celebrating Culture of Excellence, Cultivating Competitiveness and Innovation,' the special occasion aims to commemorate the achievements of the PQA program since its creation through Executive Order No. 448 series of 1997.

Department of Trade and Industry – Competitiveness Bureau Director Lilian G. Salonga said the event aims to recognize stakeholders who played significant roles for the promotion of the culture of quality and organizational excellence in the country.

PSU, the only higher educational institution, both public and private, to receive the Philippine Quality Award Level III for Mastery in Quality Management in 2021, was invited to be part of the event.

The University was represented by its President, Dr. Dexter R. Buted and the Vice-President for Administration and Linkages Dr. Elbert Galas, who served as vice-president for Quality Assurance during the university's bid for PQA in year 2020.

"One of PSU's core strength is excellence in service delivery. Through the Philippine Quality Award, PSU stirred its workforce to do more than what is expected for customer satisfaction, we assure that our products and services are of quality and our process do not just meet but go beyond compliance when it comes to quality assurance.

We congratulate PQA for 25 years of brilliance," Dr. Buted said in a message.

The RSVP event also featured the launching of PQA Regionalization program and the launching of the Dr. Luis Maria R. Calingo Excellence Award.

Awardees for this category includes former President Fidel V. Ramos (Posthumous), former President Gloria M. Arroyo and former DTI Secretary Cesar B. Bautista (posthumous).

PQA sets a global standard template that encourages and engages public and private organizations and stakeholders to strive for and attain performance excellence.

PSU, selected as GCED Regional Hub for Region I

The Pangasinan State University has been selected as the Global Citizenship Education (GCED) Regional Hub for Region I of the Philippine GCED Network.

In a Memorandum of Agreement Signing held at the Swiss-Belhotel Blulane in Manila on October 18, PSU became a part of the GCED Philippines Network along with 18 other universities in the country.

Dr. Serafin Arviola, the Director of GCED Cooperation Centre (GCC) Philippines, said the launching of the GCC Philippines and the accreditation of the Regional Hubs are important events that will establish the presence of GCC in the country and promote its networking activities for the next five years.

PSU, as a GCED regional hub will primarily engage in the promotion of GCED and implementation of GCED-related programs in Region I and help empower institutions within the region to be more active advocates for the endeavor.

This selection is an attestation of Pangasinan State University's openness and commitment to being an active partner of the Philippine Normal University, the Asia Pacific Center of Education for International Understanding (APCEIU) under the auspices of UNESCO and the GCED Cooperation Center Philippines (GCC Philippines) in the promotion and facilitation of GCED programs in the region.

PSU President Dr. Dexter R. Buted was represented by Dr. Liza L. Quimson, the Campus Executive Director of Bayambang Campus and Dr. Razeale F. Resultay, the Director for Curriculum and Instruction of the University as GCED Region I Focal Persons, during the event.

Global Citizenship Education is a form of civic learning that involves student's active participation in projects that address global issues that can be social, political and economic in nature. It aims to empower learners of all ages to assume active roles, both locally and globally in building more peaceful tolerant, inclusive and secure societies.

PSUnians 'stood as one' in GCED workshop

Carrying out the Pangasinan State University's strategic goals, a seminar-workshop dubbed 'Ganda, Galing, Gahum, Giliw, Gugma: Adopting a Filipino Model of Global Citizenship Education (GCED)' was conducted for University Leaders on November 5, 2022, at the Dr. Telesforo N. Boquiren Convention Hall.

GCED is a strategic area of UNESCO's Education Sector programme and builds on the work of peace and human rights education. It aims to instill in learners the values, attitudes, and behaviors that support responsible global citizenship: creativity, innovation, and commitment to peace, human rights and sustainable development.

The seminar-workshop was a standing exercise whereby all participants were asked to stand for the whole duration of the event.

Vice President for Academic and Students Affairs Dr. Manolito C. Manuel spearheaded the event and explained that the workshop is a continuing professional development engagement that focuses on global citizenship education vis-à-vis the global sustainable development goals.

“Through partnerships, we send our faculty and students to visit other countries to get vital insights that we can use for the betterment of our educational system. Peace, security, and global citizenship are already in the curriculum, but we are further strengthening it, especially in terms of instructional materials, ways of teaching, and even the use of films, dances, and other forms of art to transmit these ideas and concepts to our learners,” Dr. Manuel said.

Dr. Elbert M. Galas, VP for Administration and Linkages, Dr. Marcelo Gutierrez, Jr., VP for Quality Assurance, along with the Campus Executive Directors from the nine campuses, School of Advanced Studies and Open University System with their faculty members, college deans, OVPASA Directorate, heads and staff and GEE 4 focal person, also engaged in the said activity.

The seminar-workshop was facilitated by Dr. Edizon Angeles Fermin, founder of EdSpeaks which is a professional development team that focuses on adaptive, innovative, and resilient education. He is currently the Vice President for Academic Affairs of the National Teachers College under the supervision of the Yuchengco-Ayala education ecosystem.

In responding to the complex educational implications of the recent COVID-19 pandemic, Dr. Fermin currently provides expert advice to the CHED Technical Working Group and Chairperson’s Advisory Council on Flexible Learning.

During the workshop, Dr. Fermin stated that six conditions continue to shape the evolution of the fragile world: disruption, volatility, uncertainty, complexity, ambiguity, and diversity (DVUCAD).

“Each of these conditions demands a network of interconnected knowledge, skills, and attitudes that every citizen must demonstrate for the ultimate purpose of promoting the sustainable development of both people and planet,” he added.

The event culminated with an exchange of questions and answers and synthesis. Pangasinan State University, known for its quality education and excellence in service delivery, will continue to integrate global citizenship education principles, practices, and competencies for the growth of the institution.

DOST-1 recognizes PSU's contribution to Science and Technology Innovation

The Pangasinan State University received two recognitions from the Department of Science and Technology (DOST) Region I during the celebration of the Regional Science & Technological Week 2022 held on November 9 - 11.

With the continuing effort to provide research-based and innovative products and services, PSU as an academic institution, was applauded by the DOST as Science and Technology Innovation (STI) Champion while University President Dr. Dexter R. Buted was recognized in the individual category.

The STI Champions have played a significant role in attaining the goals of DOST Region 1 in leading the way through science and technology in the Region.

These institutions were able to harness science and technology in the lives of people in Ilocos Norte, Ilocos Sur,

La Union and Pangasinan.

DOST -1 Regional Director Dr. Armando Q. Ganai expressed his gratitude to PSU for supporting and securing partnership in bringing science and technology closer to the people as evident during their three-day program.

“To add to the advocacies on science and technology that the DOST has been doing, first to mention is our partnership with Pangasinan State University on the development of application system that will monitor tourists in the Hundred Islands. I hope that our system will be up and running so that our tourism in Alaminos for that matter will be improved.” Dr. Ganai added.

Present in the awarding ceremony on November 11 at the Pangasinan Training and Development Center 2 were members of the Pangasinan State University-Food Innovation Center (PSU-FIC) led by the Focal Person Dr. Wilma De Vera together with Dr. Veronica Austria, Ms. Marjorie Del Monte and Ms. Meryl A. Bernardino Food Technologist for DOST 1-PSU.

The Food Innovation Center of PSU Bayambang Campus also displayed FIC products on November 9 and was one of other micro, small and medium enterprises (MSMEs) exhibitors in Region 1 present in the technology bazaar held at the Pangasinan Training and Development Center 2.

PSU distributes new office chairs and tables to its campuses

A total of 1,100 tables and chairs were distributed to the different offices and units of the nine campuses of Pangasinan State University on October 27, 2022.

Prioritizing renovation, refurbishment and construction of facilities in PSU campuses, the administration had taken into consideration the replacement and addition of equipment such as tables and chairs for the employees' convenience and comfort while delivering their work.

A breakdown of 550 office tables with pedestal and 550 office chairs were released. Other fixtures and furniture are also expected to be added to the allocation.

This innovative step secures that all facilities and equipment function properly in various units of the University.

As an Investors in People (IiP) Gold Awardee, University President Dr. Dexter R. Buted assures that PSUnian

employees and students receive the best quality education and excellent services.

PSU receives positive feedback from LUDIP evaluators

A Multi-Agency Technical Working Group conducted a two-day Evaluation Visit at the Pangasinan State University to assess the academic institution's Land Use Development and Infrastructure Plan (LUDIP).

The TWG, led by the Commission on Higher Education (CHED) of Region 1 arrived on October 13, 2022 at the Hospitality Management and Tourism Building of PSU with representatives from the University of the Philippines Resilience Institute, Philippine Institute of Environmental Planners (PIEP) North Luzon Chapter, Department of Environment and Natural Resources – Environmental Management Bureau and Mines and Geo-Sciences Bureau (DENR-EMB/MGB), Department of Public Works and Highways (DPWH), National Economic and Development Authority (NEDA), Department of Budget and Management (DBM), Housing and Land Use Regulatory Board (HLURB) and the Provincial Planning and Development Office (PPDO).

In a short program, University President Dr. Dexter R. Buted and other university officials welcomed the evaluation team led by the Over-all Chairperson Regional Director Dr. Danilo B. Bose of CHED RO1.

Dr. Buted said part of PSU's LUDIP milestones include the issuance of the land title of the Lingayen Campus after 42 years and the application of titling of five untitled campuses.

"PSU is also the first SUC in Region 1 to submit its LUDIP to the CHED Central Office. It is one of seven SUCs with a LUDIP in the country in 2021 and one of 25 SUCs with a LUDIP in 2022," the University President remarked.

PSU Director for Internal Audit System and University Focal Person of LUDIP Dr. Evangeline presented the university's journey, plans, and perspectives.

The second day of the event showcased a presentation of aerial videos of the nine (9) campuses of PSU, an exit conference, and an ocular visit at the Main Campus.

In response, Dr. Bose appreciated the efforts of PSU to be LUDIP-compliant and said the first evaluation visit was favorable.

Other findings and comments by some TWG members are as follows:

"Of all the SUCs we have evaluated, PSU's LUDIP is one of the best especially in Disaster and Risk Management, Adaptive Capacity and Hazard and Vulnerability Assessment"

- UP Resiliency Institute "The ecological concepts for the campuses are very creative and makes PSU's LUDIP unique and out of the ordinary in a very good way"

- NEDA "PSU's LUDIP is highly environment-responsive and compliant. Sustain it. You are on the right track"

- DENR- EMB "Congratulations PSU. This is the coolest, chilliest and most relaxing evaluation we ever conducted"

- From CHED RO1

The LUDIP, otherwise known as Republic Act 11396, was signed into law on August 19, 2019 by then President Rodrigo Roa Duterte. This law mandated all State Universities and Colleges through their governing board to prepare and implement a LUDIP which is designed to improve and optimally utilize their resources.

PSU expresses its gratitude for the all-out support and cooperation of the various departments and branches of the

government in making the university a prime educational institution that conforms to environmental standards.

PSU receives five-star rate from DOE Initial Energy Audit

Attesting compliance to the Energy Efficiency and Conservation Act, Pangasinan State University received a five-star rate in the on-the-spot check energy audit conducted by the Department of Energy (DOE) on October 19, 2022.

The walk-through energy audit or on-the-spot check is a type of energy audit conducted in government facilities by the Energy Audit Team (EAT) of the Department of Energy, according to Patrick T. Aquino Ces0 III, Director for Energy Utilization Management Bureau.

The Energy Audit program aims to ensure the implementation of Republic Act. No. 11285 - Energy Efficiency and Conservation, Enhancing the Efficient Use of Energy, and Granting Incentives to Energy Efficiency and Conservation Projects.

The Pangasinan State University was randomly selected by DOE alongside Inter-Agency Energy Efficiency and Conservation Committee (IAEECC) to undergo survey, audit, technical analysis, and other research or investigations related to energy efficiency projects.

The Audit Survey provided by IAEECC had three categories such as Office Policy, Best Practices for Electricity Conservation and Best Practices for Fuel Conservation. The PSU received a grade of A or perfect five stars rating, an excellent score for the three.

Present in the walkthrough energy Audit were Dr. Evangeline Pescador, Focal Person Internal Audit System Office, Dr. Claro S. Sison, Jr. Director for Physical Plant Facilities and Construction Management Office, Dr. Teddy Fernandez Coordinator for Energy Efficiency and Conservation Office, Mr. Rennie D. Martinez Director for Accounting Services Office, Mr. John F. Quinto Director for Supply Management Office, and Dr. Billy T. Festijo Director for Presidential Management and Liaison Office.

The University remains committed in advocacies undertaking sustainability of resources and in providing innovative alternatives for the common good of the community. PSU, led by President Dr. Dexter R. Buted , continues to provide quality education and services while ensuring responsible, efficient and effective leadership.

PSU goes green in partnership with DAR

True to its commitment to care for the environment and develop its Agrarian Reform Communities, the Pangasinan State University inked partnership with the Department of Agrarian Reform (DAR) through the signing of a Memorandum of Agreement (MOA) on December 13 at the PSU Boardroom.

University President Dr. Elbert M. Galas said the collaboration's purpose is to ensure the establishment and efficient implementation of the enterprise crop nurseries with greenhouse

facilities and tissue- culture laboratory under the Sustainable and Resilient Agrarian Reform Communities Program.

“PSU is willing to collaborate with DAR and pool our human, technical and material resources for the purpose of assisting the people in the agrarian communities especially where our campuses are located,” Dr. Galas said.

While PSU guarantees innovation and sustainability, the Department of Agrarian Reform provides support services such as provision of rural infrastructure and agri-enterprise development projects. Through its Provincial Office, DAR shall provide funds to the SUC in the amount of 10-million pesos in accordance with the existing rules and regulations of the agency.

As stipulated in the MOA, the two entities shall hold periodic consultations to apprise each other on the progress, issues and concerns on the project.

DAR representatives for the MOA signing include Undersecretary Jeffrey Garlan and Regional Director Maria Ana Francisco, as well as Chairperson Ryan Padilla of the De Pila Agriculture Cooperative, a DAR assisted Agrarian Reform Beneficiary Organization (ARBO).

It was witnessed by PSU Campus Executive Director Dr. Elmer Vingua for Sta. Maria and Dr. Ian Evangelista for Infanta Campus where the greenhouse facilities will be constructed.

PSU Bayambang holds Groundbreaking Ceremony for Centennial Marker

PSU Bayambang has reached yet another milestone in the celebration of its year-long Centennial Anniversary as it holds Groundbreaking Ceremony for the Centennial Marker in front of the Gabaldon Main Building, today, September 10.

The said momentous event was attended by different campus officials, faculty, and alumni guests, specially from the Batches 1981, 1982, and 1984.

Dr. Liza L. Quimson, Campus Executive Director, warmly welcomed all the physical and virtual attendees of the event in her opening remarks. In her message, Quimson wholeheartedly expressed her gratitude to the alumni and other stakeholders who continuously show support to PSU-BC in all of its endeavors in the celebration of the centennial anniversary. Quimson stressed that PSU- BC's centennial celebration will not come to fruition if not because of its alumni and staff.

Meanwhile, Associate Professor Perla G. delos Santos, Coordinator for Student Internship and Review, later on introduced the guests - alumni from Batches '81, '82, '84 and thanked them for the continuous support they give to PSU.

Furthermore, Dr. Romulo Velasquez, the newly-elected Alumni president, gave a short speech and pledged to do everything to extend their help to PSU.

Dr. Ronald Pozon, Division Superintendent of Tarlac, and Batch 1984 representative, also gave a speech and turned over an 18-karat gold coin and other memorabilia for the Sen. Geronima T. Pecson Museum on behalf of his batchmates.

In addition, Mr. Cesar Ramos, the President of Midyear Class 1981, formally turned over the

Centennial Marker project which is being initiated by his batch. In his message, Ramos stated that upon hearing the proposed project, his batch, together with batch '82, did not hesitate to extend help for the realization of this symbolic marker.

To seal this partnership, a memorandum of agreement in the construction of the marker was also signed by the concerned campus officials and alumni officers.

The event formally ended by Dr. Amado C. Ramos, the Dean of the College of Teacher Education, followed by the much-awaited groundbreaking ceremony.

Groundbreaking Ceremony of New Academic Building in PSU Infanta Campus

The Groundbreaking Ceremony of the New Academic Building in PSU Infanta Campus was held today which was attended by our University and Campus Officials, Local Government Officials, Campus' Teaching and Non-Teaching Staff and Students.

The program started with the preliminaries followed by the welcome remarks from our very own Campus Executive Director, Dr. Ian D. Evangelista. He thanked everyone who continuously supported PSU-IC, he also talked

about the upcoming projects and improvements in PSU-IC. He ended his speech with this quote, *"In hope and despair, tion is still the greatest equalizer"*.

The Municipal Mayor of Infanta Pangasinan, Hon. Marvin M. Martinez, also joined the ceremony and delivered an inspiring message to the students and staffs, promising his continuous and unbounded support to our university.

University President, Dr. Dexter R. Buted also gave his speech, focusing on the future plans and improvement in the Campus, he also gave a motivating talk to our students and challenged them to do better for their own future, encouraging them to think outside the box, and extend their help not only within the university but also in their own community, which one can start from their households. Dr. Buted hopes that the New Academic Building will be a motivation to everyone to do their best, whether it may be in their studies or in their work.

A short speech was delivered by our very own FSG & SSC President Mr. Christian Madarang. Representing the whole student body, he accepted the challenge of our University President and also promised to oversee the performance and contribution of the students of PSU-IC. He also wished the continuous support of the University Officials and Local Government Unit to PSU Infanta Campus.

Cong. Conrado M. Estrella III, also graced the ceremony with his presence. He gave a short message to all the participants and promised to continuously support the university and its students welfare. Hon. Estralla III is also a member of PSU Board of Regents.

University Officials, Engr. Isagani Victorio and Dr. Billy Festijo also attended the said ceremony.

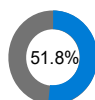

We would like to thank all who participated the ceremony from our University Officials, Campus Officials, Teaching and Non-Teaching Staff, Government Officials and specially our students who gave their time and effort to attend the said ceremony.

INFRASTRUCTURE PROJECTS

Monitored and Evaluated for 2022

The Office of the Director for Monitoring and Evaluation under the Vice President for Quality Assurance regarding the parts of the Program of Works of PSU's infrastructure projects and development of good judgement on monitoring and evaluation. the Monitoring and Evaluation unit was created to strengthen the "Check" part of the "Plan Do, Check, Act (PDCA) cycle of ISO 9001:2015, a required standard indicating that performance must be monitored and evaluated for the effectiveness of the quality management system to achieve continuous improvement.

PSUnians stage Tribute Program for outgoing President

Saying THANK YOU to a man who has devoted his life for the welfare of Pangasinense students and employees will never be enough, thus the Pangasinan State University staged a tribute program for its outgoing, well-loved academic leader - Dr. Dexter R. Buted.

Dr. Buted, who is ending his second full term as University President of PSU on December 7, 2022, was met by his academic family with astounding cheers and enthusiastic claps upon his entrance to the Sison Auditorium, two days before he steps down from office.

A mob dance prepared by students greeted him where he joyfully danced with the PSUnians. This was followed by an ecumenical prayer from five religious sectors representing the multi-faith diversity present

in the PSU community.

Amidst audio-visual presentations and messages, special numbers from the Retirees group and children's sector were enjoyed by the audience.

A journey back in time when Dr. Buted applied for the PSU leadership was viewed in the program that transcended to the accomplishments and recognitions achieved by this internationally recognized academic institution.

Vice-President for Quality Assurance Dr. Marcelo Gutierrez lauded Dr. Buted's roaring spirit of a lion and his 'matapang na kape' brand of leadership

"Your name is synonymous with quality and excellence, congruent with being a dexterous leader, administrator and educator," Dr. Gutierrez said.

Dr. Corazon Puzon praised Dr. Buted for his unrivalled leadership while Dr. Manolito C. Manuel reflected that Dr. Buted gave the best times of his life to PSU.

"Some things may necessarily end no matter how good we are. Your term may have ended but all that you've done has no validity period," Dr. Manuel said.

Dr. Elbert M. Galas, the concurrent Vice-President for Administration and Linkages expressed his gratitude to the outgoing president for the entire eight years and the perceptible and substantial results of his sacrifices in making PSU remain at the top.

"From the time you have given me your trust and confidence and said 'kaya mo yan!', your convincing power and motivation made me realize how remarkable you are. You are the game changer that came at the right time and set the bar higher for us to follow, not settling for less," the incoming University President said.

Meanwhile, the crowd enjoyed a hearty laugh with a Fast Talk version hosted by Dr. Renato Salcedo where the president gamely answered questions from his professional and personal life.

Sanggunian Bayan and Panlungsod Resolutions and tokens of appreciation from the local government units of Alaminos, Binmaley and Infanta were also awarded during the program. LGU Lingayen and LGU Asingan on the other hand, awarded their SB Resolutions and token earlier.

Message also poured in from the group of Campus Executive Directors represented by Dr. Jenylyn Oboza of Alaminos Campus and from the University Officials network as represented by Director Celeste Mercado of the Student and Alumni Affairs.

A soulful rendition of spoken poetry was delivered by San Carlos Campus Executive Director Marie Claire Briones titled 'Paumanhin' while students from PSU Bayambang gave their piece of 'Paano Kita Mapasasalamatan.'

In response, an emotional Dr. Buted remarked that his leadership had its highs and lows, victories and failures, doubts and confidence, criticism and validation but he did not give up.

"Ang nais ko lang naman ay makapag ambag ng makabuluhang pagbabago sa ating pamantasan. My mission to PSU was absolutely worth it. Eight years of my precious life I've given to PSU, masasabi kong ito'y naging makabuluhan. Walang nasayang," Dr. Buted said.

He said his love and care for the institution, faculty, employees and students was his motivation to continue his fight.

"Matapang kong haharapin ang pagtatapos ng aking termnino. All I have is a jubilant heart that is overflowing with appreciation. Thank you, Pangasinan State University!" he added. (see full text of his farewell speech in separate post)

After his farewell speech, Dr. Buted staged a mini concert singing his selected songs with all employees thanking, hugging, crying and kissing him goodbye.

He ended the night by saying "This is Dexter Respicio Buted, your sixth University President, officially signing off."

Messages of love and tokens of gratitude outpoured from students and employees of Pangasinan State University as Dr. Dexter R. Buted steps down from his office as the sixth University President today, December 7.

Some of these tokens from the nine campuses are displayed at the Audio-Visual Room lobby of PSU.

Five presidential candidates present vision for PSU in public forum

After eight years, the Pangasinan State University (PSU) opened its doors once again for a public forum to determine the next president of the academic institution.

The Search Committee Chairperson Dr. Lourdes F. Abadingo (who joined virtually) and Vice-Chair Dr. Ricmar P. Aquino led the committee members in welcoming the people from various sectors and stated that the public forum is one of the requirements in the process of choosing the next president. The other two being the panel interview and the search evaluation.

The five aspirants were introduced as: Dr. Adonis S. Bautista, Dr. Paulo V. Cenas, Dr. Christine N. Ferrer, Dr. Elbert M. Galas and Dr. Sally A. Jarin.

The Presidential candidates presented their vision and mission for PSU as well as their strategic plans and development roadmap for the university before answering questions from representatives of

various sectors namely: administration (non-teaching personnel), alumni association, junior faculty, senior faculty, local government unit, private sector and students' association.

The second round of questions came from the people who attended the forum that were dropped in a transparent box. Each aspirant was asked to pick a question from the box which they have to answer in a span of two minutes.

Dr. Ferrer picked a question on equity, Dr. Bautista on gender and development, Dr. Cenas on attributes of a president, Dr. Galas on 'no collection policy' and Dr. Jarin on the number one problem that PSU is facing, which they all aced in answering.

Closing the public forum was a heartwarming message from outgoing University President Dr. Dexter R. Buted where he reminisced that he was in the same shoes as the aspirants eight years ago when he was an applicant for the PSU presidency.

"At the end of the day, my performance in the public forum will be rated at the end of my term. Moving forward, I believe that I was able to deliver my promises during that public forum," Dr. Buted said.

In his eight years as President of PSU, Dr. Buted also recalled the sad days in his reign when he was like a wounded soldier but

emphasized that he never gave up, soared even higher and proved to his detractors that he was worthy of leading the university.

“Hindi mahalaga kung saan ang pinanggalingan mo, ang mahalaga ay ang totoong pagmamahal na ipinakita at ipinaramdam mo sa mga nasasakupan mo,” he added.

Through all of PSU’s accomplishments, recognitions and transformation, Dr. Buted said he was happy to note that the PSU community supported him all the way.

“Ang nararamdaman ko ngayon ay KAGALAKAN. Lubos akong nagagalak sa tagumpay na nakamtan. Hindi ko po inaangkin ang tagumpay. It’s always the power of WE. Sinuportahan ninyo ako. Nakasama ko kayo at patuloy na makakasama, sa bawat hakbang, sa kabiguan at tagumpay upang maiangat ang ating mahal na pamantasan,” he added.

True enough, before his speech ended, PSU employees and students stood up to display banners and placards of love that showed the people’s deep appreciation for its sixth president.

The Office of the Board Secretary earlier announced that Dr. Buted’s colorful second term will officially end on December 7, 2022.

In recognition of the fruitful and dedicated service of Pangasinan State University’s outgoing President, Dr. Dexter R. Buted, the local government units of the cities and towns where PSU Campuses are located, bestowed high honors to the academic leader.

The Executive and Sangguniang Panlungsod of Alaminos and the Sangguniang Bayan of Asingan, Binmaley, Infanta, Lingayen and Sta. Maria presented Board Resolutions, Plaques of Commendation and Recognition to the visionary President who prioritized tertiary education and propelled PSU to greater heights.

Dr. Buted ends his eight years of unrivalled leadership as University President on December 7, 2022.

History unfolded once again as Pangasinan State University stood as witness to the Turn-over Ceremony from the outgoing leadership to the incoming administration of the beloved academic institution.

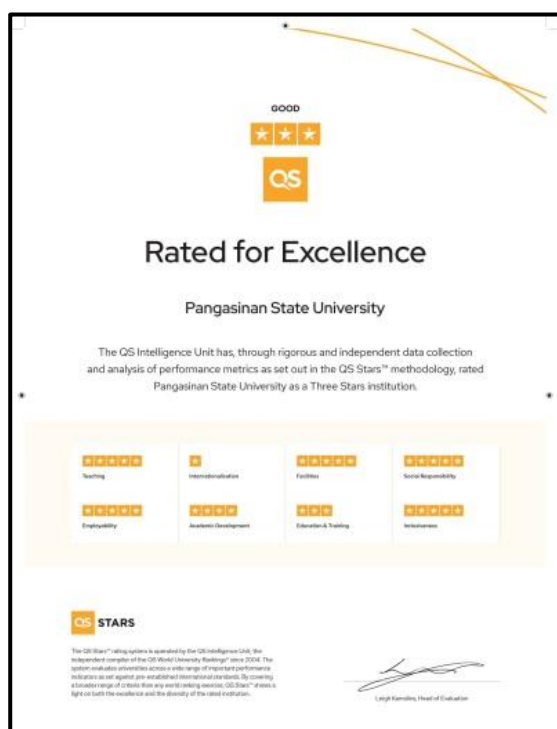

Dr. Dexter Respicio Buted assumed as the 6th University President on December 9, 2014.

He held the reins of PSU for eight colorful years.

Today, as Dr. Buted ended his second full term, he relinquished the leadership to the **newly-instated 7th President of PSU, DR. ELBERT MANANGAN GALAS.**

QS Stars certifies PSU as a three-star institution

It's official!!!

With utmost compliance to quality standards, the Pangasinan State University started the year 2023 bannerng a three-star award set by the Quacquarelli Symonds (QS) Stars.

Through rigorous and independent data collection and analysis of performance metrics set out in the QS Stars unit methodology, QS Intelligence Unit rated PSU in terms of teaching, employability, facilities, social responsibility, inclusiveness, education and training, and internationalization.

PSU, embracing innovation and competence in various areas of the academe, remains true to its outstanding performances evident in local and international accreditations.

STRATEGIC
GOAL

04

SUSTAINABLE SOCIAL RESPONSIVENESS

Onsite Selling Launched For Typhoon Victims

The Pangasinan State University launched its Onsite Selling of Pre-loved Items: Fund Raising Activity for the Victims of Typhoon Odette at PSU Lingayen Campus Open Grounds on March 07, 2022 headed by Prof. Celeste T. Mercado, the director of the Student and Alumni Affairs.

Along with Prof. Celeste is the Director of Extension Services Dr. Francis Albert Argente and the FSG President Hon. Christian Madarang who both gave short messages during the opening program.

The fund-raising activity will be of great help to the victims of typhoon Odette, so what are you waiting for, come and buy from us and together we'll extend our helping hand.

This activity is also made possible in cooperation with Globe Telecom, Inc.

National Vaccination Day 4th Round for PSU (Lingayen and Binmaley Campus)

The Pangasinan State University conducted its 4th Round of the National COVID-19 Vaccination Day, as it continuously focuses in protecting the health and safety of its students and employees, as well as their families. This is in cooperation with the Provincial Government of Pangasinan through the Provincial Health Office. The vaccination was held at the Audio-Visual Room of PSU Main Campus on March 18, 2022, from 9am to 5pm.

More than sixty individuals received their vaccines, ranging from first dose, second dose to booster shot. All shots were offered by the Provincial Health Office of Pangasinan to make sure that all students, employees, and their families will get theirs to secure their health before the implementation of limited face-to-face classes.

Hence, PSU will carry on with protecting and securing the health of every PSUnian.

PSUnians express gratitude to Sen. Richard Gordon

Students, faculty members, and officials of PSU Bayambang showed appreciation to Sen Richard Gordon for providing an additional fund worth 5 Million pesos. The amount will be utilized for the construction of the state-of-the-art Speech Laboratory necessary for equipping students with the necessary skills and knowledge.

DOST 1, PSU usher CEST program in Umingan

Targeted towards empowering marginalized communities, the Department of Science and Technology Regional Office 1 arm in arm with Pangasinan State University marshalled the Community Empowerment thru Science and Technology (CEST) program in Umingan, Pangasinan on March 24-25, 2022.

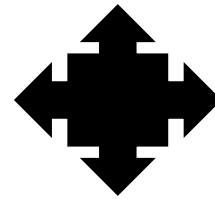

Officials and experts from DOST and PSU conducted the community needs assessment among the identified barangays that will serve as pilot communities, these are Luna Weste, Luna Este, and San Juan.

The assessment coupled with interview will be the cornerstone in identifying the appropriate S&T intervention to be executed from the five entry components: Livelihood/ Economic and Enterprise Development, Health and Nutrition, Environmental Protection and Conservation, Human Resource Development, and Disaster Risk Reduction and Management and Climate Change Adaptation.

DOST's CEST stands in league with PSU's core function in building a better society through empowered, progressive, and resilient communities.

HRMDO TEAM BUILDING ACTIVITY: REKINDLE CAMARADERIE AND ENHANCE TEAMWORK

The Human Resource Management and Development Office (HRMDO) and the Campus Administrative Officer's Office (Lingayen Campus) enthusiastically convened on **May 19 and 20, 2022** for their most awaited two-day team building activity held in Bolinao, Pangasinan.

To purposefully open the said activity and to embody the university's core value of **"Social and Environmental Responsiveness,"** it started off with the conduct of a coastal cleanup at the Patar Beach. The coastal cleanup was conducted by the HRMDO in coordination with LGU Bolinao.

This was then followed by the conduct of various team building activities which challenged the personnel's communication, teamwork, coordination, and cooperation. Divided into two teams, blue and yellow, all of the staff energetically and cheerfully participated in every game/activity.

Filled with laughter and with an enhanced teamwork, the two-day team building activity concluded in the afternoon of May 20.

With the successful conduct of the said activity, the HRMDO expresses its heartfelt gratitude towards the leadership and initiative of the people who made it possible - to the ever encouraging Chief Administrative Officer (Administration), Dr. Ian D.

Evangelista, to the dedicated Director of the HRMDO, Dr. Lorena B. Echalar, and above all to the unfaltering support of the visionary University President, Dr. Dexter R. Buted.

NSTP, NatSci units 'go green' with tree-planting

To take action "*For our Future: Plant, Grow, Repeat*," the Pangasinan State University's National Service Training Program (NSTP) unit partnered with Natural Science Department pioneered the tree-planting project on June 15, 2022, in Barangay Capandanan, Lingayen.

Grounded on PSU's core values of "Social and Environmental Responsiveness," the project engaged NSTP, Nat. Sci. Dep't faculty members and first-year BS Biology students led to successfully planting a total of 600 bakawan (mangrove) propagules that will entirely benefit not only the community but essentially the ecosystem in a myriad of ways.

PSU hosts parliamentary training for Councilors' League

Faced with a myriad of challenges that require efficient and effective approaches to the community, the Philippine Councilors' League-Pangasinan Chapter partnered with the Pangasinan State University to come up with a Training-Workshop on Parliamentary Procedure for new members of the Sangguniang Panlungsod and Sangguniang Bayan in the province.

The PSU, as a government academic institution, hosted the two-day activity at the Dr. Telesforo N. Boquiren Convention Hall on August 5-6, 2022 as part of its Extension Program and service to the community.

Prof. Francis Albert T. Argente, director for Extension Services, expressed his salutations to the 120 City and Municipal Councilors from the six districts of Pangasinan.

PSU's Director for Planning Dr. Madlyn D. Tingco gave the overview of the activity saying the training aims to help afford the local legislators with the technical competencies particularly on the principles and procedure of parliamentary practice which is necessary for the systematic and effective discharge of their duties and responsibilities.

Capitalizing on his first-hand experience as a former politician and now a leader in a government academic institution, Dr. Buted cited futures-thinking and making things happen with political will as part of his advocacy.

"Life is too short and true happiness comes from sharing our lives to the goodness of the young generation," Dr. Buted said.

Setting the tone for discussion, PSU President Dr. Dexter R. Buted gave his insightful talk on the Ideals of Public Service. Dr. Buted, a former Provincial Board Member in Batangas, talked about the challenges, principles and standards to adhere to in order to improve the delivery and quality of public service that the constituents rightfully deserve.

The first lecture session for Day 1 commenced with a lecture from Atty. Alder K. Dellero, the senior lecturer of UP National College of Public Administration and Governance and the managing and founding partner of Dellero and Saulog Offices, where he discussed the Fundamental Concepts of the Legislative Power and the Sanggunian, including the Mandate and the local government

code.

This was followed by a lecture on Ordinances and Resolutions delivered by Atty. Severo C. Madrona Jr., the city legal officer of LGU Pasay City and Dean of the College of Law of the City University of Pasay, and also a Professional Lecturer of UP-NCPAG.

Capping the first day was the presentation of the Draft MOA between PSU and the Philippine Councilors' League-Pangasinan Chapter led by Mr. Christian Gamo of PSU-Bayambang Campus.

Day 2 of the training-workshop commenced with a lecture on Parliamentary Procedure where Dr. Abigail Modino of UP-NCPAG lectured on powers, function, rules, motions and procedures.

A mock-session transpired after the lectures to give the participants a feel of a real and actual session.

Dr. Liza Quimson, the campus executive director of Bayambang Campus, thanked the PCL for its trust in PSU and promised the full support of the University in the endeavors of the Councilors not only in cities and municipalities where PSU campuses are located but throughout the entire province for the betterment of the young and old alike.

PSUnians extend assistance to quake-hit Abra

The indomitable Filipino spirit coupled with compassion for the needy was once again manifested as the Pangasinan State University community joined hands to help the victims of the recent earthquake in Northern Luzon.

A fund-raising activity dubbed “Tulong sa Pagbangan” was launched by the University right after the 7.0 magnitude quake struck on July 27, 2022 to knock on the generous hearts of people in helping the kababayans.

The Research, Extension, Innovation and Gender and Development (REIGN) Division under the leadership of Dr. Paulo V. Cenas, through the Extension Services Unit supervised by Dir. Francis Albert T. Argente, and in partnership with the Alumni and Student Affairs unit headed by Dir. Celeste T. Mercado, raised a total of Php 103,927.00 with the help of the PSU community.

One of the most affected groups in the quake epicenter were the farmers tilling the rice terraces in Abra. Indigenous people tribes saw the devastation wrought by the quake, thus the need for assistance to recover.

“More than their houses, the farmers were more worried of the erosion and destruction of the rice terraces. They lost their source of livelihood,” University President Dr. Dexter R. Buted said.

Thus on August 11, 2022, the group of PSUnian researchers, extensionists and faculty embarked on a seven-hour land trip to the mountains of Abra to personally hand the donations and see their condition.

Notwithstanding the torrential rains that caused mud and erosion along the slopes during the travel, the PSU group, in cooperation with Abra State Institute of Science and Technology (ASIST), arrived at their destination and provided assistance to the farmers of Masadiit Tribe in Bucloc, Abra.

“Relief goods and cash donations were given to the farmers’ families from the proceeds of PSU’s fund-raising activities. We are happy to

help,” REIGN Vice-President Dr. Cenas said.

Aside from Dr. Cenas and Dir. Argente, also present during the event were GAD Director Gilbert P. Moralista, Research and Development Director Larry A. Santos, PSU-Asingan Campus Executive Director Armando D. Junio, Student Regent Christian M. Madarang, ASIST Vice President Noel B. Begnalen and other faculty and non-teaching personnel from PSU and ASIST.

In return, the Masadiit tribe leaders thanked PSU President, Dr. Dexter R. Buted and ASIST President, Dr. Gregorio T. Turqueza, Jr. for the assistance extended to them by the two universities.

As the tribe’s expression of gratitude, the Masadiits encouraged the PSUnians to dance their native dance to which they gladly obliged.

Although beset by strong natural disasters, the smiles on the faces of the quake victims depict that they can surmount any odds as long as helping hands are readily extended.

COMMUNITY DEVELOPMENT FOR THE INDIGENOUS PEOPLE IN PANGASINAN (PHASE 1) LIVELIHOOD TRAININGS

Pangasinan State University Infanta Campus conducted their Community Development For The Indigenous People In Pangasinan (Phase 1) Livelihood Trainings focusing on Salted Egg Production & Rabbit Production and Management.

This Extension activity was held at PSU, Infanta Gymnasium and was attended by Bachelor of Science in Agriculture 3rd year students, Alumni of PSU Infanta who are venturing on rabbit production and the PSUs' Faculty & Staff.

The morning session was opened by Campus' Extension Services Coordinator, Dr. Dorothy Joy S. Noble delivering her welcome message for the participants and stating the purpose of the activity.

Afterwards a heartfelt message was delivered by the Campus Dean, Dr. Salvacion M. Vinluan. The first speaker Dr. Jocelyn S. De Vera, Extension Services Coordinator of PSU ACC has masterfully preceded the Salted Egg Production Training, an interactive session was made possible by doing hands-on steps on the procedure of the Salted Egg Production using the Brine Solution Technique. They ended the morning session by distributing IEC Materials for Salted Egg Production.

In the afternoon session our energetic speaker Dr. Ralph Kevin M. Espinosa, a Veterinary Services and Training Specialist in PILMICO centered his discussion on Rabbit Production and Management. He emphasizes on rabbit production, proper breeding, and proper health management. The event was ended by the closing remarks delivered by the Agriculture Department Chairperson, Prof. Wilma S. Noble.

PSU supports volunteerism in nation-building

Reinforcing the value of volunteerism, the Pangasinan State University (PSU) took part in the celebration of the National Volunteer Month kick-off program spearheaded by the provincial government of Pangasinan, and the Philippine National Volunteer Service Coordinating Agency (PNVSCA) held on December 1.

Various institutions including national government agencies, local government units, state universities and colleges (SUCs) and other volunteer agencies attended the ceremony at the Capitol ground to show their support in fostering the importance of volunteerism.

Pangasinan Governor Ramon V. Guico III said that through the act of volunteerism, hope sparks and solutions are created in building a progressive nation.

“With volunteerism, we create solutions. One person cannot do it [all things] alone. We need other people to contribute to nation building. We need the fresh ideas from people [in different fields of specialization]. Together we can create solutions despite of the pandemic and other challenges we are experiencing,” Gov. Guico added.

While other agencies volunteered in the sectors of investment and health, the Pangasinan State University, headed by its President, Dr. Dexter Buted, showed a unified goal with the provincial government in the education sector.

“The way I understand the good Governor ay gusto niyang pasiglahin ang ating mga kabataan. Magkaroon ng collaboration ang unibersidad at ang kapitolyo. Ang unang proyekto na na-discuss namin ay ang mga out-of-school youth. Ang ating mga out of school youth ay kailangan nating tulungan hindi lang sa scholarship kundi sa financial assistance,” Pres. Buted said.

PSUnians also participated in the TATAKBOLuntir: Bayanihan Color Run which took place at the Baywalk area of the Lingayen Gulf while the Reserve Officers' Training Corps (ROTC) students helped maintain the orderliness in the program.

The Matalunggaring Dance Troupe (MDT) from PSU Bayambang campus showed their support in the importance of volunteerism in nation-building by rendering a cultural dance performance.

The morning session of the kick-off program concluded as the Pangasinan provincial government and the PNVSCA entered a memorandum of understanding (MOU) signing for the establishment of the first Volunteerism Center in the province.

PSU-OUS shares blessings to PDLs

It is again the season of giving joy and commemorating the birth of our Savior.

As such, the Pangasinan State University - Open University Systems (PSU-OUS) embarked on a Christmas Gift-Giving Extension Activity for the Persons Deprived of Liberty at the Pangasinan Provincial Jail on December 19, 2022.

Bringing in the festive vibe, the activity started with a Zumba led by the OUS staff which led everyone groove to the beat.

Jail Warden Lovell V. Dalisay welcomed the PSUnians as he recounted the start of the partnership with a seminar on mental wellness at the height of the pandemic.

PSU-OUS Executive Director Dr. Phillip G. Queroda then stated in his message that the four fold core functions of the University are instruction, which aims to teach; research which aims to conduct studies on various matters; production where various innovation centers are put up; and the fourth is extension which aims to help the community in every way possible.

“This year PSU-OUS decided to give and share love and blessings to our PDLs who cannot be with their families this Christmas season but are always in the prayers of the community. Sana pagbalik namin dito ay wala na kayo dito meaning malaya na kayo,” Dr. Queroda said.

The Executive Director mentioned that the gifts are from faculty, staff and students of OUS with many of them from overseas.

Aside from game prizes, raffle draw prizes consisting of electric kettles, rice cookers, electric fans, pillows, grocery items, sacks of rice and blankets were given to the inmates. All 270 PDLs were also handed out goodie bags and hygiene kits.

To show their gratitude and appreciation to PSU, the PDLs showcased their talent in dancing and the PDL mayor extended his deepest thanks to the university in his speech. The event concluded with a community sing-along.

Indeed, Pangasinan State University is one with the whole Province of Pangasinan in giving peace, hope, love, and joy to everyone.

RESPONSIVE TO GLOBALIZATION AND DIVERSITY

PSU steps up internationalization effort through a MOA with Malaysia-based INTI Int'l University

SIGNING OF MEMORANDUM OF AGREEMENT

MR. CHONG KOK WAI
CEO
INTI International University & Colleges
MALAYSIA

DR. DEXTER R. BUTED
President
Pangasinan State University
PHILIPPINES

The Pangasinan State University, through its International Affairs and Linkages Office (IALO), officially sealed partnership with INTI International University and Colleges in Malaysia during a ceremonial signing of memorandum of agreement (MOA).

The partnership aims to foster academic collaboration in education and to fortify cooperation in the advancement of key areas such as teaching and learning, employability, and research.

The MOA signing took place on January 26 via Zoom platform, with the leaders of the two institutions sealing the agreement - PSU President Dr. Dexter R. Buted and Chief Executive Officer Chong Kok Wai of INTI International University and Colleges.

IALO Director Dr. Sally A. Jarin expressed her elation to the realization of the partnership after several months of consultation. while Vice-President for Academic Affairs and Student Services Dr.

Manolito C. Manuel shared that forging academic partnerships with international Higher Education Institutions (HEIs) like INTI is a testament to PSU's commitment to its vision of becoming a premier state university in the ASEAN region.

Dr. Jesus Tinawin, vice-president for International Business Development of INTI, also shared how the initiative came about and how he is looking forward to executing the MOA's provisions.

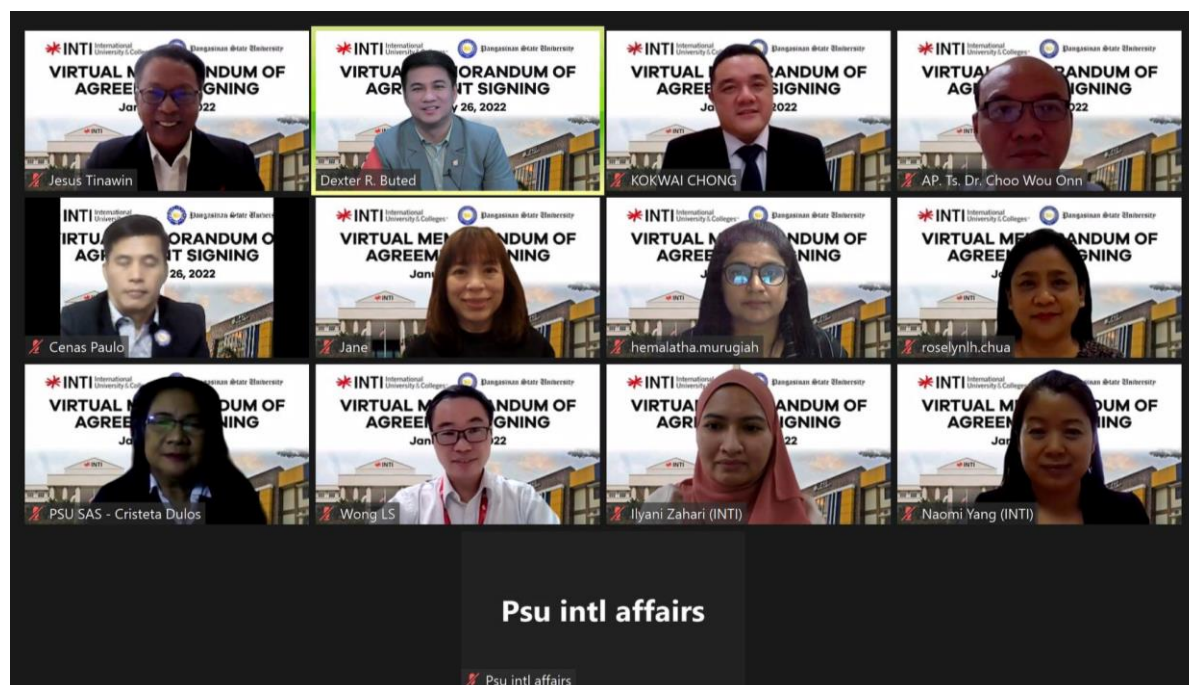

Under the agreement, the institutions will collaborate on efforts including Study Abroad Information Open Day, academic progression, placement and enrolment for Pre-University Foundation, diploma, Bachelor and Master, visiting scholar, as well as student and faculty exchange programs.

Dr. Buted, in his words of commitment, pledged that PSU commits its expertise and resources and will actively engage in carrying out the University's responsibilities thereby set in the partnership as stipulated in the signed MOA.

Mr. Wai also expressed his excitement in partnering with PSU as INTI expands its academic partnership in the Philippines.

"While people are wary of traveling and meeting people in person amid the pandemic, this does not stop or slow our efforts in academic partnership and collaboration. Many projects can be carried out using technology to further enhance students' learning experience," he said.

Distinguished guests in attendance at the virtual ceremony from INTI International University and Colleges included Dr. Jane Lim See Yin, chief executive of INTI- Subang; Ms. Roselyn Chua, chief executive of INTI-Sabah; Ms. Hemalatha Murugiah, chief executive of INTI-Penang; Ms. Ganeshwari Thangarajah, chief Executive of INTI- Kuala Lumpur; Mr. Jesus C. Tinawin, vice-president for International Business Development; Ms. Vimal Isha Kaur Harpajan Singh, legal counsel; and Ms. Ilyani Zahari, public relations and corporate communications manager.

Present during the MOA signing from PSU were the University Vice-Presidents namely Dr. Elbert M. Galas for Administration and Linkages; Dr. Paulo V. Cenas for Research, Extension, Innovation and Gender; Dr. Marcelo C. Gutierrez, Jr. for Quality Assurance; Dr. Maria Corazon B. Puzon, for Finance Management and Planning.

Joining the PSU Team were Dr. Rosario DL. Valencerina, executive director of the School of Advanced Studies (SAS); Dr. Phillip O. Queroda, executive director of the Open University System; Dr. Gemma M. De Vera, SAS deputy director for Academics, Research and Extension; and Dr. Renato M. Salcedo, director of the Public Relations, Publication and Information Office.

SEAMEO taps Jarin for International Webinar

On January 24, 2022, the Pangasinan State University joined a Special Webinar on International Day of Education conducted by Southeast Asian Ministers of Education Organization (SEAMEO) with the theme 'Changing Course, Transforming Education,' divided into two sessions: Transformation in TVET Academic Mobility Programme and Transformation in Teacher Academic Mobility Programme.

Dr. Sally Jarin, the Director for Local and International Linkages, represented the Pangasinan State University, sharing a Report on Pangasinan State University Internationalization Initiatives during the Pandemic. Besides her, there were other speakers from Foreign Universities including the notable Keynote Speaker, Dr. David Atchoarena, the Director of UNESCO Institute of Lifelong Journey based in Germany.

According to Dr. Jarin, the report highlights the accomplishments, including the approval and implementation of the Credit Transfer Program, the Visiting Professor Program, the Virtual Practice

Teaching Program, and the Online Faculty and Exchange Program.

She also stated that the University pushed for the approval and implementation of its Visiting Professors/Lecturers program to continually enrich its students' learning experiences and integrate international context into their curriculum by utilizing virtual learning platforms.

Included in the talk were the opportunities brought about by the pandemic. One of which is the reduction of expenses in conducting seminars, training and workshops both local and international due to travel restrictions and policy of face-to-face interactions. Service delivery modalities were also enhanced to cope with the requirements for international collaborations.

Despite the opportunities, there were also issues, concerns, and challenges that emerged. These involve Language Barriers, Network Infrastructure and Technology and Training Concerns, and Global Curriculum and Accreditation.

As a matter of fact, the pandemic greatly affected everyone. Therefore, to survive and grow, everyone must accept and adjust to the global environment's unanticipated weaknesses, Dr. Jarin added.

Thus, Pangasinan State University will fulfill its aim of being a leading state university in the Southeast Asian Region via innovation, risk management, tenacity and dedication to be achieved with the help and participation of everyone.

PSU visits SEAMEO Biotrop; inks MOU with Indonesia's IPB for Research collab

Paving the way for more international opportunities, the Pangasinan State University signed a Memorandum of Understanding with the Institut Pertanian Bogor University (IPB) in Bogor City, Indonesia and served as resource speaker at the Southeast Asian Regional Center for Tropical Biology (SEAMEO Biotrop)

The MOU states that both parties intend to encourage collaboration in the case of establishing academic, research and outreach partnerships. The terms of each particular programme or activity will be agreed upon by both parties through separate agreements.

The PSU was represented by its Vice-President for Research, Extension, Innovation and Gender and Development (REIGN), Dr. Paulo V. Cenas while the IPB University in Bogor, Indonesia was

represented by the Vice-Rector for International Affairs, Collaboration and Alumni Relations, Prof. Dodik Ridho Nurrochmat.

The Institut Pertanian Bogor University is ranked 41 out of 1,543 Universities in the World QS WUR Version by Subject Agriculture and Forestry in 2022.

Meanwhile, Dr. Cenas also served as resource speaker on a workshop on Sustainable Use of Ecosystem Services on Coastal and Terrestrial Areas held at the South East Asian Regional Center for Tropical Biology.

SEAMEO BioTrop is one of the Centers of Excellence under the Southeast Asian Ministers of Education Organization with a mission to provide leadership in critical and strategic areas of tropical biology relevant to the region and promote regional networking and partnership on human resource development, research, consultancy, information dissemination and other related activities in these areas, all the while ensuring their sustainability.

Joining Dr. Cenas in this momentous event are Engr. Rex T. Basuel (head of MATIC Center) and Engr. Quincy Jones B. Bundal (head of Salt Technology and Innovation Center).

PSU, as an ASEAN Premier State University, puts premium on quality research, extension and innovation programs all for the advancement of quality education.

PSU strengthens ties with Provincial Government

A momentous event unfolded on Thursday morning as two stalwarts of great leadership engaged in a fruitful discussion on the advancement of tertiary education in the province.

Dubbed as 'Meeting of Minds', the milestone meeting between the Pangasinan State University led by Dr. Dexter R. Buted and the Provincial Government of Pangasinan led by Governor Ramon Guico III, yielded positive results from both institutions.

Dr. Buted led a walkthrough of PSU's journey as an academic institution that is characterized by numerous successes. He presented to the Governor the inventory of academic programs, faculty profile, enrolment data,

board topnotchers, scholarship programs, linkages, management system, research and extension program and quality assurance, among others.

“This is the power of a dream. We get inspiration from everyone. We were able to revive and transform the institution as to what it is now, - one of only 20 SUCs in the country to achieve SUC Level IV status and the first and only Higher Education Institution to be granted the Philippine Quality Award Level III recognition,” Dr. Buted said.

During the Thursday meeting, Gov. Guico, who is also an educator, said he was amazed by the successes achieved by PSU and continued to congratulate the whole team.

He emphasized on convergence and partnership especially on areas of scholarship programs, incentive-giving to board topnotchers and the vision of establishing a School of Medicine.

“We cannot do it alone. We need the right people around... PSU is a partner of the provincial government,” Gov. Guico said.

The governor also laid out his plans to improve the architectural treatment of the province, craft a strategic plan and a new vision and mission (where PSU would help) and the construction of the Pangasinan Eastern to Western Expressway. (PEWEx) for a more efficient mobility.

It can be remembered that during the Governor’s Inaugural speech on June 29, he put premium on the revitalization of the education sector and maximization of partnership with Pangasinan State University for the benefit of the academic community.

Joining the Governor at the Capitol event were Special Assistant and former Board Member Von Mark Mendoza, Provincial Administrator Melicio Patague and Provincial Legal Officer Atty. Baby Ruth Torre. Vice Governor Mark Lambino was represented by Legislative Officer Eunice Valdez.

Also in attendance were the Management Team of PSU to include the Vice Presidents – Dr. Maria Corazon Puzon (Planning and Finance), Dr. Elbert Galas (Administration and Linkages), Dr. Marcelo Gutierrez (Quality Assurance) Dr. Manolito C. Manuel (Academic and Student Affairs), Chief Administrative Officer Dr. Ian Evangelista and the Directors for Linkages, Internal Audit, Planning, Research, Presidential Management, Legal Services and Public Relations.

Fostering a cohesive workplace culture, the PSU and the provincial government are one in saying ‘Kung sama-sama, kayang-kaya!’

COSTUMER FOCUS

PRC-R1 eyes PSU-BC as Testing Center

MARCH 3- The Professional Regulation Commission - Region 1 (PRC-R1) conducted an ocular inspection at Pangasinan State University-Bayambang Campus as it eyes the said institution as one of the Testing Centers for the future Licensure Examination for Teachers.

Headed by PRC Regional Director Atty. Ruth B. Sacay-Sabelo, along with Dr. Rosa Victoria P. Carungay, Supervising Professional Regulations Officer of Examination Center and her counterpart in the Application Section Dr. Julie D. Junio, PRC-R1 seeks approximately 50 available rooms, which can accommodate nine to twelve examinees each.

Aside from PSU-BC, PRC-R1 team has also visited

Bayambang Central School and Bayambang National High School for a similar purpose.

Campus Executive Director Dr. Liza L. Quimson and Dr. Luzviminda Q. Ramos, College Dean of Teacher Education showed their support by touring the guests to the different rooms of the campus which can serve as examination rooms in the upcoming LET on March 27 or June this year.

"Let us support PRC since it is the social responsibility of PSU to extend its assistance to other agencies," said Dr. Dexter R. Buted, University President.

Meanwhile, Dr. Quimson added that PSU-BC will give its best to provide whatever PRC needs for the fulfillment of this partnership.

PSU serves as testing center for PRC-sanctioned exams

The Pangasinan State University continues to upscale its service delivery processes and pursue its relentless role as a haven towards attaining success of future leaders as it becomes a testing center for board examinations sanctioned by the Professional Regulations Commission (PRC).

In a simple ceremony, University President Dr. Dexter R. Buted sealed the partnership with PRC, represented by Regional Director Atty. Arl Ruth Sacay-Sabelo, through the signing of a

Memorandum of Agreement that would make PSU-Bayambang Campus an additional testing center.

“The University and all its officials work hand-in-hand with all our stakeholders and partners in fulfilling its vision, mission and objectives springing from its role as a passport of future professionals and leaders. This new partnership only proves PSU’s burning passion to leverage inclusive education for all that is responsive to today’s eventualities,” Dr. Buted said during the ceremony.

Regional Director Sabelo expressed her gratitude to PSU for agreeing to be an additional testing center for the October 2022 Licensure Examination for Professional Teachers (LEPT) and future examinations. She added that LEPT examinees from Rosales, Pangasinan and other testing venues may request to transfer exam venue to Bayambang by signifying their intent to transfer.

Witnessing the activity were the five Vice-Presidents of PSU: Dr. Elbert Galas for Administration and Linkages; Dr. Corazon Puzon for Planning and Finance Management; Dr. Paulo Cenas for Research, Extension and Innovation, Dr. Manolito Manuel for Academic and Student Affairs, Dr. Marcelo C. Gutierrez for Quality Assurance and the Campus Executive Director of Bayambang Campus, Dr. Liza Quimson.

In attendance from PRC were the Supervisors to include: Dr. Rose Victoria P. Carugay-Quinto of the examination section, Ms. Shiela Borja of the registration section, Mr. John Adrian Malagotnot of the regulation division and Ms. Marie Grace Nava for the finance and administrative division.

Bayambang Campus is one of the biggest campuses of PSU and has earned several academic accolades and recognitions. It is currently celebrating its Centennial year with various activities capped by the establishment of a Centennial Marker.

PSU launches new fabrication laboratory

Gaining more raves in the research and extension arena, the Pangasinan State University (PSU) launches a new fabrication laboratory unit in its Urdaneta City campus as part of the Shared Service Facility (SSF) project funded by the Department of Trade and Industry.

Regional Director Grace Falgui Baluyan of DTI said the SSF mobilizes the competitiveness and productivity of organizations and institutions by providing modern machineries, exceptional tools and equipment and the necessary training programs.

On the other hand, DTI Provincial Director Natalia Dalaten acknowledges that micro, small and medium enterprises (MSMEs) serve as the backbone of the country’s economy.

PSU'S Vice-President for Research, Extension, Innovation and Gender and Development (REIGN) Dr. Paulo Cenas said the Fab Lab is the first of its kind in the province that was conceptualized in 2018 with a P13.9 million peso funding from DTI.

FabLab Project Head for PSU Engr. Rex Basuel explained that the facility has two components- the Advanced Digital Manufacturing Technology and Innovation Center (ADMATIC) worth P8- million and the Innovation Laboratory (InnoLab) amounting to P5-million.

University President Dr. Dexter R. Buted said in his message that the FabLab is the third SSF project of PSU and its establishment entails the rapid adaptation of education with technology.

"This is in line with our institutional learning outcome which are to develop competent individuals and produce quality comprehensive education. It's an add-on to our curriculum and it gives emphasis to our support to the community," Dr. Buted said.

Present in the launching and ribbon cutting event were Mr. Rufino San Juan who represented Urdaneta City Mayor Julio Parayno III, PSU Vice-President for Administration and Linkages Dr. Elbert Galas, Campus Executive Director Dr. Honorio Cascolan and representatives from other colleges and universities.

PSU Receives Reinforced Boats from Tanggol Kalikasan Entities

Cognizant of the Pangasinan State University's immense contribution in the field of fisheries and agricultural sector, the university received a mould of the 30- footer Fiberglass Reinforced Plastic (FRP) Patrol Boat from Tanggol Kalikasan entities.

In a ceremony held at the university's main campus on Tuesday, representatives from the Bureau of International Narcotics and Law Enforcement Affairs (INL) led by Director Keila Cummins, International Technical Assistance Program of the United States Department of Interior (USDOT ITAP) in-country Coordinator and Tanggol Kalikasan Executive Director Ms. Ronely Bisquera-Sheen and Tanggol Kalikasan Senior Legal Adviser Atty. Asis G. Perez, turned-over the FRP boats to PSU officials.

Atty. Perez said the objective of the activity is to build and maintain a 30-footer FRP Patrol Boat. It also aims to increase awareness and develop interest among the state universities and local government units on FRP Boat as well as provide technical assistance in boat building.

The patrol boats will also be used to in safeguarding the waters of the province to ensure that no illegal structures will emerge.

The visitors were warmly welcomed by Dr. Elbert Galas, Vice President for Administration and Linkages; Dr. Potenciano D. Conte Jr., Director of General Services Office (GSO); Dr. Roy Ferrer, Campus Executive Director of Binmaley Campus; Dr. Shella Pareno and Dr. Irene de Vera and other faculty members of Binmaley.

Aside from the 30-footer FRP, PSU also received technical designs for a 19-footer fit for an inboard engine, a 19-footer fit for an outboard engine and equipment including a welding machine, compressor, and grinder.

In the Ilocos region where the university is situated, it is identified to be of “extremely high priority” and a “critical area” for marine conservation because of the presence of important marine and fisheries species are located and probably, where law enforcement and environmental governance oversight remain low.

On behalf of the University President Dr. Dexter Buted, the VP for Administration and Linkages Dr. Elbert Galas, said “My dear friends, the future of our oceans depends on our ability to achieve a far higher level of understanding of the current situation of our marine and coastal resources. We zoom in our lenses to identify problems that cause damage to the ecosystem and craft action plans and ensure their proper implementation. Lastly, we look into better or improved governance and policy response to the ocean and coastal issues”.

Hence, the Pangasinan State University, in complying with its core values and strategic goals, will keep its bond with the local, national, and international linkages in providing greater services to the stakeholders.

PSUnians troop Job Fair 2022

Giving a leg up to PSUnian job-seekers, the Pangasinan State University - Admission and Guidance Office held a job fair on May 31, 2022, at the Dr. Telesforo N. Boquiren Convention Hall.

In collaboration with various industry partners, Job Fair 2022 provided an avenue for hundreds of soon-to-be graduates, alumni, and other stakeholders to jumpstart their career journey and find suitable employment in their respective fields.

Among the companies that participated were: Tipco Estates Corporation (TECO); Sutherland Global Services; Tarlac A+ Lending Co., Inc.; Staff Search Asia Service

Cooperative; Sheridan Marketing Inc.; RDF Feed, Livestock, and Foods, Inc.; Pronto Distributor Marketing Services, Inc.; Progressive Wireless Communication (Wow Mobile Center); Prasad Seeds Philippines, Inc.; Polaris Language Center, Inc.; Option Plus Services and Trading Corp.; Magnapeak Services Corp.; Multiply Paper Ventures, Inc.; Maxim De Humana International, Inc.; Human Resource Specialist, Inc. (HRSI); Field Outsource Asia; Escuela De Nuestra Señora De La Salette; BHF Multi Gab, Inc.; Starman Enterprises, Inc.

Prior to the fair, the job aspirants also attended a virtual career readiness workshop hosted by A & G Office with Accenture's Jem Arenas, HR Talent Fulfillment Analyst, on May 30, which featured topics on the S2S (Skills to Succeed) Academy, acing an interview, creating a resume, and navigating the career portal.

PSU prides itself on having industry-ready programs that prepare graduates for the demands of the real world, bolstered by the

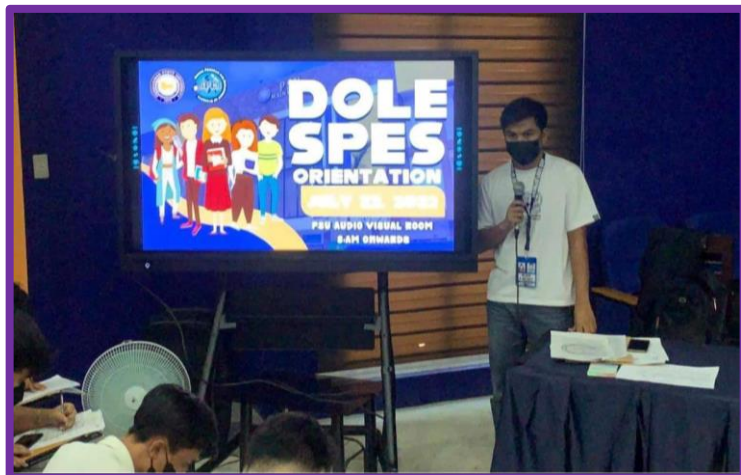

continuous services of the institution for a seamless transition from campus life to the workforce.

As echoed by University President, Dr. Dexter R. Buted, "Amidst this pandemic, PSU is here to assist you not only upon your entrance in PSU but also towards seeking your employment- and this is the process called E to E from ENROLMENT to your EMPLOYMENT."

SPES beneficiaries of PSU-LC geared up and readied for service

LINGAYEN, PANGASINAN - Consistently adhering with the University mandate of providing student services, Pangasinan State University – Lingayen Campus (PSU-LC) facilitates the orientation of twenty-five (25) deserving Special Program for Employment of Students (SPES) beneficiaries on the conduct of their service in the said campus.

Said orientation was arranged by the Department of Labor and Employment (DOLE) and PSU-LC through Student Services coordinator, Prof. Francis Gerald S. Amansec who facilitated the said event and was presided by Mr. Nelson M. Bolasoc, the Labor and Employment Officer II of Department of Labor and Employment (DOLE) at PSU-LC Audio-Visual Room, July 22, 2022.

Mr. Bolasoc oriented them on teamwork and flexibility in dealing with different personalities, creativity and resourcefulness to find efficient and innovative ways to meet their goals, confidence in their work output and self-discipline, the orientation was not only focused on work responsibilities but also aimed to teach work ethics and values.

Moreover, Mr. Bolasoc highlighted the program's implementation guidelines as well as the importance of following health protocols in accordance with the IATF requirements during the orientation.

On the other hand, DOLE's Special Program for Student Employment does provide summer, Christmas, or any other period of the year employment to disadvantaged but eligible students, out-of-school youth, and dependents of unemployed or would-be displaced employees to supplement the family's income and help beneficiaries pursue their dreams.

SPES aimed to assist poor, but deserving, students and out-of-school youth to pursue their education by providing them income through employment. The program provides the youth with valuable experience for better school-to-work transition. Youth are employed for a minimum of 20 to a maximum of 52 working days where participating employers pay 60 percent of their

salary while the DOLE pays the 40 percent share based on the applicable minimum wage in the area. (Social Protection Org, 2017).

PSU-LC is continuing to take gigantic efforts to provide student services and accommodate the

needs of the students for undergraduate work experience and at the same time help them in pursuing their studies by providing them additional income through employment.

Pangasinan State University lights up its 36-foot Christmas Tree located at the Main Campus façade

Aptly titled, 'KIDYAM', a Pangasinan word for SPARKLE, the Paskuhan sa PSU 2022 symbolizes the sparkling hope innate in the PSUnian spirit that illuminates throughout the community.

The lighting ceremony was led by University President Dr. Dexter R. Buted as witnessed by the officials, employees and the PSU Community.

Bonding moments highlight PSUnian Family Day

Colorful balloons and holiday buntings adorned the Pangasinan State University Convention Hall on Wednesday morning, complete with a photo booth plus goodies and chocolates neatly wrapped in shimmering bags as the University welcomes future PSUnians.

Beaming with bright smiles, PSU employees brought along their children aged 12 years old and below to take part in the PSUnian Family Day initiated by the Office of the President, Office of the Vice-President for Administration in conjunction with the Offices of Human Resources Management and Development, Gender

and Development and the Public Relations, Publication and Information.

Kids were treated to magic tricks by a clown, ice cream and games that they evidently enjoyed.

Giggles, laughters, dances and simple gifts brought happiness to the faces and hearts of the little ones in this activity that was temporarily shelved at the height of the pandemic.

Former PSU President Dr. Dexter Buted, who was also one of the major sponsors of the Family Day as his way of thanksgiving, reminded the parents that love should endure and should stay in the family because all journeys in life will always lead people to family.

“Invest not just on academics but more on values formation. Inculcate good values and attitude to your

children dahil walang silbi ang matalinong bata kung masama ang ugali,” Dr. Buted said.

“Your children are your treasures and your reflection. The way your kids talk and think and the way your kids treat other people is a reflection of the values taught to your children,” he added.

Meanwhile, University President Dr. Elbert M. Galas thanked the employees for bringing their

families and promised to continue this practice of bonding activity with family where employees get to meet each others’ children.

“As part of faculty and employee development program, we will include our family during our get together and we will institutionalize that this be conducted twice a year, one during the summer season, and one before the year ends,” Dr. Galas said.

The President hopes that the activity will be replicated in the nine campuses of PSU.

Dr. Loren Echalar, Director for HRMDO and Ms.

Leziel Castillo, focal person for Investors in People (IiP) also gave their messages.

Full of energy and life, the kids and their parents enjoyed a delicious lunch, and not to mention, a non-stop ‘habulan’ and ‘abutan ng balloons’

14	Momorno, Recca Lyn	BSE English Education	4 th year	Universitas Sriwijaya	Bayambang
15	Mananzan, Jinnelyn	BSE Science Education	4 th year	Universitas Sriwijaya	Bayambang
16	Adlawan, Iyka	BSE Physical Education	4 th year	Universitas Sriwijaya	Bayambang

TABLE 18.

LIST OF INTERNATIONAL VISITING PROFESSORS/LECTURERS, SY 2022-2023

	Name of Visiting Professor	Position	University Affiliation	PSU Campus	Subject taught
1.	Balan Rathakrishnan, Ph.D.	Deputy Dean Associate Professor	Universiti Malaysia Sabah Malaysia	School of Advanced Studies (SAS)	Methods of Research
2.	Peter Nkachukwu Chukwurah, Ph.D.	Lecturer	University of Calabar Cross River State, Nigeria	PSU Sta. Maria Campus	Agriculture (Plant Biotechnology)
3.	Oluwasegun Olamide Fawibe, M.Sc., Ph.D.	Lecturer, Department Pure and Applied Botany, College of Biosciences	Federal University of Agriculture, Nigeria	School of Advanced Studies (SAS)	Post Harvest Technology
4.	Natthaphon Santi, Ph.D.	Assistant Vice President for International Affairs Executive Assistant to the Rector Dean, Language Program	Chiang Rai Rajabhat University Thailand	School of Advanced Studies (SAS)	Survey of English as a Second Language (ESL)
5.	Prof. Mahadum Sofendi, M.A., Ph.D.	Professor in Language and Arts Department Vice Director for Academic and Student Affairs, Graduate School	Sriwijaya University Indonesia	School of Advanced Studies (SAS)	Development Administration
6.	Assoc. Prof. Suyadi, M.Ed., Ph.D.	Associate Professor Dean, Faculty of Teacher Training and Education	Borneo Tarakan University Indonesia	School of Advanced Studies (SAS)	Cultural and Social Forces in Asia and the Pacific
7.	Prof. Dr. Endang Fauziati	Lecturer	Universitas Muhammadiyah Surakarta Indonesia	PSU Lingayen Campus	Research Methods on Language Teaching
8.	Dr. M. Thoyibi	Lecturer	Universitas Muhammadiyah Surakarta Indonesia	PSU Lingayen Campus	Seminar on Literature
9.	Prof. Dr. Endang Fauziati	Lecturer	Universitas Muhammadiyah Surakarta Indonesia	PSU Lingayen Campus	Teaching English as a Foreign Language
10.	Drs. Ir. Abdul Hakim Butar-Butar., MT., Ph.D.	Dean, Civil Engineering	Universitas Negeri Medan	PSU Urdaneta City Campus	Renewable Energy
11.	Denny Haryanto Sinaga, S.Pd., M.Eng	Lecturer	Universitas Negeri Medan	PSU Urdaneta City Campus	Renewable Energy
12.	Dr. Ernesto M.R. Silitonga, ST, DEA	Lecturer	Universitas Negeri Medan	PSU Urdaneta City Campus	Soil Improvement

13.	Muhammad Qarimur, ST., M.Eng	Lecturer	Universitas Negeri Medan	PSU Urdaneta City Campus	Soil Improvement
14.	Hasiana Nopina Situmorang, S.T., M.Sc.	Lecturer	Universitas Negeri Medan	PSU Urdaneta City Campus	Thermodynamics
15.	Dr. E Elvis Napitupulo	Lecturer	Universitas Negeri Medan	PSU Asingan	Differential Equations
16.	Dr. Faiz Ahyaningsih	Lecturer	Universitas Negeri Medan	PSU Asingan	Calculus
17.	Perry Husna Handayani, S.Pd., M.Pd.	Lecturer	Universitas Negeri Medan	PSU Bayambang	Culture Based Play in Early Childhood
18.	Winda Widya a Sari, S.Pd., M.Pd.	Lecturer	Universitas Negeri Medan	PSU Bayambang	Culture Based Play in Early Childhood
19.	Suri Handayani Damanik, S.Psi, M.Psi	Lecturer	Universitas Negeri Medan	PSU Bayambang	Child Development Psychology
20.	Salsabila Husiani Tanjung, S.Pd., M.Pd.	Lecturer	Universitas Negeri Medan	PSU Bayambang	Child Development Psychology
21.	Prof. Dr. Anita Yus, M.Pd.	Lecturer	Universitas Negeri Medan	PSU Bayambang	Assessment for Early Childhood
22.	Artha Mahindra Diputra, S.Pd., M.Pd.	Lecturer	Universitas Negeri Medan	PSU Bayambang	Assessment for Early Childhood
23.	Gede Buddhi Jaya, S. Pd., M. Pd.	Lecturer	Universitas Pendidikan Ganesha	PSU Bayambang	Practice Teaching
24.	Dr. Ni Luh Putu Eka Sulistia Dewi, S. Pd. M. Pd.	Lecturer	Universitas Pendidikan Ganesha	PSU Bayambang	Practice Teaching
25.	Luh Putu Indah Citra Dewi, S. Pd.	Lecturer	Universitas Pendidikan Ganesha	PSU Bayambang	Practice Teaching
26.	Dr. Ni Luh Putu Eka Sulistia Dewi, S. Pd. M. Pd.	Lecturer	Universitas Pendidikan Ganesha	PSU Bayambang	Practice Teaching
27.	Lola Utama Sitompul S. Sos.	Lecturer	Universitas Pendidikan Ganesha	PSU Bayambang	Practice Teaching
28.	Gede Mas Mahendradita	Lecturer	Universitas Pendidikan Ganesha	PSU Bayambang	Practice Teaching
29.	Ms. Rismalia Wilyani S.Pd., M.Pd.	Lecturer	Universitas Sriwijaya, SIS Palembang	PSU Bayambang	Practice Teaching
30.	Destriani, S. Pd	Lecturer	Universitas Sriwijaya, SIS Palembang	PSU Bayambang	Practice Teaching
31.	Mr. Sutrisno Halim	Lecturer	Universitas Sriwijaya, SIS Palembang	PSU Bayambang	Practice Teaching
32.	Mitra Afriadeni, S.Pd., M.Pd	Lecturer	Universitas Sriwijaya, Srija Negara Junior High School Palembang	PSU Bayambang	Practice Teaching
33.	Dr. Farikah Farasida, M. Pd	Lecturer	Universitas Tidar	PSU Bayambang	Practice Teaching

TABLE 19.

LIST OF PSU VISITING PROFESSORS/LECTURERS, SY 2022-2023

	Name of Visiting Lecturers	Position	Campus	Program	Host University
1.	Baldonado, Rizza S.	Associate Professor	PSU Lingayen	English Language	Universitas Muhammadiyah Surakarta, Indonesia
2.	Paragas, Jessie S.	Instructor	PSU Lingayen	English Language	Universitas Muhammadiyah Surakarta, Indonesia
3.	Tiangson, Susan D.	Instructor	PSU Lingayen	English Language	Universitas Muhammadiyah Surakarta, Indonesia

4.	Sangalang, Arcelyn N.	Instructor	PSU Bayambang	Secondary Education	Universitas Negeri Medan (UNIMED), Indonesia
5.	Miguel, Peter Pat-Rick B.	Instructor	PSU Bayambang	Secondary Education	Universitas Negeri Medan (UNIMED), Indonesia
6.	Junio, Melanie R.	Assistant Professor	PSU Bayambang	Secondary Education	Universitas Negeri Medan (UNIMED), Indonesia
7.	Macaraeg, Mitzy M.	Associate Professor	PSU Bayambang	Secondary Education	Universitas Negeri Medan (UNIMED), Indonesia
8.	Gonzalez, Jomar R.	Instructor	PSU Bayambang	Secondary Education	Universitas Negeri Medan (UNIMED), Indonesia
9.	Dacal, Ramil L.	Associate Professor	PSU Bayambang	Secondary Education	Universitas Negeri Medan (UNIMED), Indonesia
10.	Reyes, Josephine D.	Assistant Professor	PSU San Carlos City	Business Administration	Universitas Negeri Medan (UNIMED), Indonesia
11.	Estira, Karen A.	Assistant Professor	PSU Lingayen	Business Administration	Universitas Negeri Medan (UNIMED), Indonesia
12.	Garin, Rodelio	Associate Professor	PSU Asingan	Secondary Education	Universitas Negeri Medan (UNIMED), Indonesia
13.	Donor, Danmer V.	Instructor	PSU Urdaneta City	Mechanical Engineering	Universitas Negeri Medan (UNIMED), Indonesia
14.	Alcantara, Wyrlo A.	Instructor	PSU Urdaneta City	Mechanical Engineering	Universitas Negeri Medan (UNIMED), Indonesia
15.	Tiu, Angelina A.	Instructor	PSU Urdaneta City	Civil Engineering	Universitas Negeri Medan (UNIMED), Indonesia
16.	Locquiao, Leizel M.	Instructor	PSU Urdaneta City	Civil Engineering	Universitas Negeri Medan (UNIMED), Indonesia
17.	Nacis, Socrates	Instructor	PSU Urdaneta City	Electrical Engineering	Universitas Negeri Medan (UNIMED), Indonesia
18.	Vallo, Ryll G.	Instructor	PSU Bayambang	Secondary Education (English)	Universitas Pendidikan Ganesha (UNDIKSHA), Indonesia
19.	Veloso, Adrian D.	Instructor	PSU Bayambang	Secondary Education (English)	Universitas Pendidikan Ganesha (UNDIKSHA), Indonesia
20.	Ico, Jearica B.	Instructor	PSU Bayambang	Secondary Education (English)	Universitas Pendidikan Ganesha (UNDIKSHA), Indonesia
21.	Martinez, Justin J.	Instructor	PSU Bayambang	Secondary Education (Mathematics)	Universitas Pendidikan Ganesha (UNDIKSHA), Indonesia
22.	Basto, Hazel F.	Instructor	PSU Bayambang	Secondary Education (English)	Universitas Tidar (UNTIDAR), Indonesia
23.	Agbuya, Alberto D.	Instructor	PSU Bayambang	Secondary Education (Economic Education)	Universitas Sriwijaya (UNSRI), Indonesia
24.	Estaris, Khristine Violeta L.	Instructor	PSU Bayambang	Secondary Education (Civic Education)	Universitas Sriwijaya (UNSRI), Indonesia

25.	Austria, Reginald B.	Instructor	PSU Bayambang	Secondary Education (Civic Education)	Universitas Sriwijaya (UNSRI), Indonesia
26.	Reyes, Rico A.	Assistant Professor	PSU Bayambang	Secondary Education (Civic Education)	Universitas Sriwijaya (UNSRI), Indonesia
27.	Inaldo, Kimberly B.	Instructor	PSU Bayambang	Secondary Education (Civic Education)	Universitas Sriwijaya (UNSRI), Indonesia

TABLE 21.

COMPLETED RESEARCHES, CY 2022

	TITLE OF RESEARCH	STATUS	STARTED (MONTH YEAR)	COMPLETED (MONTH YEAR)
1	Learning Experiences and Practices of BEED Students in the New Normal	Completed	July 2021	June 2022
2	Grit and Academic Performance of Mathematics College Students in a Flexible Learning Environment	Completed	August 2021	August 2022
3	Utilization of Technologies in Teaching Mathematics in a Flexible Learning Environment	Completed	August 2021	November 2022

4	Implications of COVID-19 Pandemic to the KALIPI Members in Alaminos City	Completed	September 2021	June 2022
5	New Normal Parenting Challenges and Gender Roles to Tertiary Learners in SUCs – Region 1	Completed	June 2021	June 2022
6	Acceptability of the Developed Information Education and Communication (IEC) Materials on Health Awareness and Safety Measures Among Salt Farmers in Western Pangasinan	Completed	August 2021	February 2022
7	Assessment of Salt Farmers Profile in Selected Municipalities of Western Pangasinan	Completed	August 2021	February 2022
8	Market Feasibility of Salt Bath Bombs	Completed	May 2022	November 2021
9	Land Suitability for Nypa fruticans Planting Sites in the Riverine System of 4th District of Pangasinan	Completed	April 2022	October 2022
10	Study 1: Development of Squid Jerky Snack-Moringa Flavor	Completed	March 2022	November 2022
11	Study 2: Market Feasibility of the Squid-Jerky- Moringa Flavor	Completed	June 2022	December 2022
12	Development of Big Books as Learning Intervention for MTB-MLE Subject in Pangasinan	Completed	February 2022	December 2022
13	Utilization of Fiber Glass in Household Salt farming	Completed	March 2022	December 2022
14	Development of AACUP Mobile Application Survey Instrument for BSIT Program	Completed	May 2022	December 2022
15	Eco-design Construction and Testing of a Medium Scale Carbonizer for Buko Shells: A Solution and Enterprise for Buko Waste in Pangasinan	Completed	March 2022	December 2022
16	Teachers' Organizational Commitment And Job Satisfaction In Time Of Pandemic	Completed	January 2022	June 2022
17	Academic Self-Efficacy of College Students During COVID-19 Pandemic	Completed	January 2022	May 2022
18	Functionality of Flexible Learning Process Options Among State Universities and Colleges in Region I	Completed	January 2022	June 2022
19	Analysis of PSU – bayambang students' concerns through social media analytics and data topic modelling approach	Completed	January 2022	August 2022
20	Implementation and Impact of the ASIN Law: The Province of Pangasinan Experience	Completed	August 2021	June 2022
21	Revisiting the Land Use Plan of Local Government Units in Pangasinan for Salt Industry: Basis for Future Reforms and Directions	Completed	September 2021	May 2022
22	Revisiting the Land Use Plan of Local government Units in Pangasinan for Nipa Industry: Basis for Future Reforms and Directions	Completed	June 2021	June 2022
23	Health Risk Assessment of Salt-Producers in Pangasinan	Completed	July 2021	August 2022
24	Study 1: Efficiency of natural Fertilizers on the Growth of Phytoplankton	Completed	January 2022	December 2022
25	Study 2. Natural Food: Their Influence on the Mass Production of Rotifers	Completed	January 2022	December 2022
26	Malunggay (Moringa oleifera) leaves as feed additive for Meat-Type Rabbit	Completed	May 2022	December 2022

27	Product Development and Marketing Among Nipa and Salt Farmers in Infanta	Completed	June 2022	December 2022
28	Academic Adjustment and Performance of Freshmen College Students: Basis for	Completed	April 2022	December 2022
29	Pre-Service Teachers Flexible Learning Competencies in the New Normal Work-Based Learning Environment	Completed	August 2022	December 2022
30	Flexible Psychological Effect of the New Normal- Online Learning on First Year	Completed	June 2022	December 2022
31	Education Students of Pangasinan State University Infanta Campus SY 2021-2022	Completed	July 2022	December 2022
32	21st Century: Technological Problems and Difficulties Encountered in the New Normal	Completed	April 2022	December 2022
33	Online Learning by 1st Year Education Students of Pangasinan State University Infanta Campus SY 2021-2022	Completed	May 2022	December 2022
34	Satisfaction Challenges and Communication Channel Preferences (SCaCCP) towards Remote Teaching-Learning (RTL) during Coronavirus Disease 2019 (COVID-19)	Completed	June 2022	December 2022
35	Factors Affecting Purchase Intention for Nipa Products	Completed	March 2022	September 2022
36	Benefits of the Prosumers on Renewable Energy: The Economics of Net-Metering Services in Western Pangasinan	Completed	April 2022	November 2022
37	Stock Market Awareness of College Students in Pangasinan State University	Completed	March 2022	December 2022
38	Assessing Women's Empowerment through Participation in Fisheries Development: The Case of Women Fishers Processors and Traders of LGU-Binmaley	Completed	April 2022	December 2022
39	Product Development of M2 (Malunggay and Mung Bean): A High Protein Bar	Completed	June 2022	December 2022
40	Five - Year Web Analytics of Official Public Information Page in PSU from 2016 to 2021	Completed	February 2022	September 2022
41	User Evaluation of Microsoft Teams LMS as Online Learning Platform for Pangasinan State University	Completed	January 2022	June 2022
42	Usability Evaluation of Microsoft Teams as an eLearning Platform of Junior Business Administration	Completed	January 2022	March 2022
43	Student's Assessment of the Alternative OJT Setup	Completed	June 2022	December 2022
44	User Evaluation of Vital Source Explore Bookshelf as Digital Library for Pangasinan State University	Completed	January 2022	March 2022
45	User Evaluation of QuickCampus as Integrated Student Management System of Pangasinan State University	Completed	January 2022	June 2022
46	Internal Consistency and Construct Validity of Pangasinan State University Faculty Evaluation Instrument	Completed	July 2022	October 2022
47	Project: Instructional Delivery Lost or Gained in a Flexible Learning in the Pangasinan State University Study 1: Open University System Master's Degree Program	Completed	January 2022	November 2022
48	Study 2: Open University System Doctoral Degree Program	Completed	January 2022	November 2022

49	Study 3: School of Advanced Studies Master's Degree Program	Completed	January 2022	November 2022
50	Study 4: School of Advanced Studies Doctoral Degree Program	Completed	January 2022	November 2022
51	Study 5: Professional Education Subjs. College of Education	Completed	January 2022	November 2022
52	Study 6: Specialization Courses except Laboratory	Completed	January 2022	June 2022
53	Study 7: Laboratory Subjects in Specialization	Completed	January 2022	June 2022
54	Study 8: Flagship Programs (Education) of the University	Completed	January 2022	November 2022
55	Study 9: Instructional Material Development	Completed	January 2022	June 2022
56	Study 10: Instructional Delivery Framework	Completed	January 2022	June 2022
57	International Cruise Seafarers Work Life Balance	Completed	July 2022	December 2022
58	Documenting the Pangasinan State University's Response to the COVID19 Pandemic	Completed	April 2022	September 2022
59	Assessment of Critical Success Factors in Enterprise Resource Planning (ERP) System Implementation in Higher Education Institutions: The Case of Pangasinan State University	Completed	May 2022	November 2022
60	An Empirical Analysis of Gender-Based Violence During Covid Pandemic in the Adopted LGUs of PSU Lingayen Campus	Completed	March 2022	August 2022
61	Development of Pre-print Server of Pangasinan State University Lingayen Campus as Research Data Management Portal	Completed	May 2022	September 2022
62	Fish Paste (Bagoong) Industry Analysis Study 1: Industry Profile of Fish Paste (Bagoong) in the Philippines	Completed	May 2022	November 2022
63	Study 2: External Audit (Opportunities and Threats) for Fish Paste Industry	Completed	April 2022	December 2022
64	Study 3: Consumer Preferences and Purchasing Behavior towards Fish Paste Products	Completed	May 2022	December 2022
65	Hope and Resilience: A Micro Level Perspective on the Lives of COVID-19 Survivors	Completed	March 2022	December 2022
66	College Student Profiling on Shifters Transferees and Returnees in Pangasinan State University – Lingayen Campus	Completed	July 2022	December 2022
67	Self-Efficacy as Indices Sustained Online Scheme for the Pre-Service Teachers	Completed	January 2022	March 2022
68	Rubric Prototyping as Alternative to Quarter Test in Higher Education	Completed	January 2022	March 2022
69	Increasing Research Productivity in Specialization Education Programs	Completed	January 2022	March 2022
70	Challenges in Online Admission Online Enrolment and Online Classes in the time of Pandemic	Completed	June 2022	December 2022
71	Test Development for Assessing Depression	Completed	May 2022	November 2022
72	Microbial and Nutrient Analysis of Mung Bean Cereal Flake	Completed	2021	February 2022

73	Challenges of Admission Process for Academic Year 2020-2021 in Pangasinan State University Amidst the Covid-19 Pandemic	Completed	2021	March 2022
74	Utilization of Courseware in the New Normal as Assessment of Impact and Reliability	Completed	May 2021	March 2022
75	Study 1: Analysis of Salt Iodine Content in Pangasinan Philippines	Completed	July 2021	February 2022
76	Study 2: Knowledge and Awareness of Salt Procedures on Republic Act 8172 (ASIN Law)	Completed	September 2021	March 2022
77	Study 3: Examine the Internal Quality Control Producers during Iodization	Completed	August 2021	March 2022
78	Physico-Chemical and Microbial Characteristics of Salt Production Techniques in Pangasinan	Completed	June 2021	February 2022
79	Profiling of Health Status and Hazards of Salt Farmers in Western Pangasinan	Completed	August 2021	March 2022
80	Morbidity Pattern of Salt Farmers in Western Pangasinan	Completed	July 2021	March 2022
81	Development of Health Guide Materials Among Salt Farmers	Completed	June 2021	March 2022
82	Knowledge and Attitude towards Cryptocurrency among Faculty Members in PSU	Completed	May 2022	December 2022
83	Study 2: Acceptability of M2 (Malunggay and Mung Bean): A High Protein Bar	Completed	March 2022	December 2022
84	Study 3: Physio-chemical of M2 (Malunggay and Mung Bean): A High Protein Bar	Completed	May 2022	December 2022
85	Study 4: IEC Development of M2(Malunggay and Mung Bean): A High Protein Bar	Completed	May 2022	December 2022
86	Academic Performance and Total Well-Being of TE Students	Completed	April 2022	December 2022
87	Student's Assessment of the Alternative OJT Setup	Completed	May 2022	December 2022
88	Effects of Synchronous Online Language Learning to ABEL Students	Completed	March 2022	December 2022
89	Project: Level of Research Competencies and Resource Satisfaction of Pangasinan State University Educators	Completed	July 2022	December 2022
90	Frontline services and customer satisfaction in PSU Lingayen Campus	Completed	July 2022	December 2022
91	Gender Differences in Customer Satisfaction: The Case of an Information Technology Help Desk in a Higher Educational Institution	Completed	March 2022	December 2022
92	Pangasinan Social Work Students and their Level of Confidence in Four Curricular Areas of BS Social Work Curriculum Prior to Taking the Licensure Examination	Completed	May 2022	December 2022
93	Compliance And Implementation of Commission on Audit recommendations of the Barangays In The Province of Pangasinan: Basis For Extension Program	Completed	June 2022	December 2022
94	Students Satisfaction Level on the Teaching Performance of Pangasinan State University Instructors under Flexible Learning in Times of Pandemic	Completed	September 2022	December 2022
95	Development of Disinfectant Formulation Using Malunggay (Moringa Oleifera) Extracts	Completed	December 2021	May 2022

	Study 1: Antibacterial Activity of Malunggay (Moringa Oleifera) Bark Extract against S. Aureus, E Coli and P. Aeruginosa			
96	Study 2: Efficacy of Malunggay (Moringa Oleifera) Bark Extract Against S. Aureus, E Coli and P. Aeruginosa	Completed	December 2021	May 2022
97	Study 3: Development of Disinfectant using Extracts from Malunggay (Moringa oleifera) Leaves	Completed	December 2021	December 2022
98	Assessment Tools and Strategies of PSU-Sta. Maria Faculty During Flexible Learning Setup	Completed	January 2022	September 2022
99	Project Title: Development of Environment-Friendly and Sustainable Salt Industry in Region I Study 1. Supply Chain Directions of the Salt Industry	Completed	January 2021	March 2022
100	Study 2. Impact of Salt Farming on Soil Health Status	Completed	January 2021	March 2022
101	Study 3. Biowaste Materials along the Supply Chain and its Potentials as Mineral Supplements	Completed	January 2021	March 2022
102	Project Title: Digitalization of Nypa Industry in Mitigating Risk Exposures & Potential Risks along the Supply Chain Study 1. Climatic Risks Assessment	Completed	January 2021	March 2022
103	Propagating Media and Soaking Agent on the Different Varieties of Moringa (Moringa oleifera) Stem Cuttings under Greenhouse Condition	Completed	October 2021	May 2022
104	Challenges and opportunities in using MS Teams: basis for Flexible Learning and Teaching Modality	Completed	January 2021	August 2022
105	Implementing an Electronic Document System for Research, Extension Innovation and GAD Units of PSU	Completed	January 2022	June 2022
106	Student mobility in PSU Urdaneta City campus using social network analysis	Completed	January 2022	September 2022
107	Crop Price Estimation using Time Series Analysis and Multi-dimensional Kalman Filtering	Completed	January 2022	April 2022
108	Electronic Generation of Tests with Table of Specifications and e-Class Record in Flexible Learning	Completed	January 2022	May 2022
109	Development of an Online Submission of Research and Extension Proposals for PSU	Completed	January 2022	October 2022
110	Work Engagement, Religious Involvement and Spiritual Intelligence of Employees in PSU-Urdaneta City Campus	Completed	January 2022	November 2022
111	Academic Performance, Self-Confidence, Mindset and Expectations of Students in an Online NSTP2/CWTS Class	Completed	January 2022	December 2022
112	Employability Tracer Study of Electrical Engineering Graduates from Pangasinan State University	Completed	January 2022	November 2022
113	Culture of Volunteerism Among PSU – SAS Faculty, Students and Alumni and its Influence on Personal, Social and Psychological Adaptation in the New Normal	Completed	March 2022	September 2022

	Study 1: Among PSU SAS Faculty			
114	Study 2: Among PSU SAS Students Per Field of Specialization	Completed	March 2022	November 2022
115	Study 3: Among Alumni	Completed	March 2022	October 2022
116	Study 4: Influence on Personal and Social Adaptation (Framework)	Completed	March 2022	September 2022
117	Study 5: Influence on Psychological Adaptation (Framework)	Completed	March 2022	December 2022
118	Study 5: Content analysis of EdD Dissertations (Focus: Data Analysis)	Completed	March 2022	October 2022
119	Study 6: Content analysis of MA Theses (Focus: Data Analysis)	Completed	March 2022	November 2022
120	Study 7: Developing a Skills Stratification Framework in Statistics (Focus: Senior High School) Before and During Pandemic	Completed	March 2022	December 2022
121	Study 8: Developing a Skills Stratification Framework in Statistics (Focus: Undegraduate Students in PSU) Before and During Pandemic	Completed	March 2022	October 2022
122	Study 9: Developing a Skills Stratification Framework in Statistics (Focus: Masters Students of SAS) Before and During Pandemic	Completed	March 2022	December 2022
123	Study 10: Developing a Skills Stratification Framework in Statistics (Focus: Dissertations Students of SAS) Before and During Pandemic	Completed	March 2022	November 2022

RESEARCH OUTPUTS PRESENTED, CY 2022

	TITLE OF PAPER PRESENTED	TITLE OF FORUM / CONFERENCE / SYMPOSIUM	VENUE	TYPE (NATIONAL REGIONAL AND INTERNATIONAL)	DATE
1	Acceptability of the Developed IEC Materials on Health Awareness and Safety Measures Among the Salt Farmers in Western, Pangasinan	1 st Philippine Congress	Sison Auditorium, Lingayen, Pangasinan	International	November 26-27, 2022
2	Assessment of Salt Farmers Profile in Selected Municipalities of Western Pangasinan	1 st Philippine Congress	Sison Auditorium, Lingayen, Pangasinan	International	November 26-27, 2022
3	Utilization of Technologies in Teaching Mathematics in a Flexible Learning Environment	3 rd International Research Conference in the Academe and Industry (3rdIRCAI)	Zoom App	International	December 10-12, 2022
4	Implications of Covid-19 to the KALIPI Members of Alaminos City	3 rd International Research Conference in the Academe and Industry (3rdIRCAI)	Zoom App	International	December 10-12, 2022
5	Stress and Depression of Educators in the Philippines	International Conference on MULTIDISCIPLINARY INNOVATION in ACADEMIC RESEARCH (MIAR -22)	JustCo, Mitrtown Office Tower, Bangkok, Thailand	International	December 16-17, 2022
6	Utilization of Authentic Assessment Tools during Flexible Online Classes	Ambassadors' Summit: International Conference on Innovation in Global Education and Research on the New Normal	Bangkok, Thailand	International	Dec 9-12
7	Exploring Students Academic Achievement. Motivational, Orientation and Self-regulated Learning Strategies Towards Chemistry	Ambassadors' Summit: International Conference on Innovation in Global Education and Research on the New Normal	Bangkok, Thailand	International	Dec 9-12

19	Kasaysayang Pampook ng Alaminos, Pangasinan (1762-1898)	2022 Adhika National Conference	Ateneo De Davao University, Davao, Philippines	NATIONAL	November 28-30, 2022
20	Mother Tongue Based Multilingual Education Implementation: A Basis for Policy on Culture Preservation	Dr. Cheryl C. Mendoza	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL
21	Native Delicacies: A Reflection of People's Culture and Tradition	Mr. Reginald B. Austria	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL
22	Stuck in a Moment: Unravelling the Life Experiences of Students with Low Adversity Quotient	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
23	A Comparative Study of the Academic Performance of STEM and Non-STEM Graduates in College and Advanced Algebra	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
24	Aquatic Macrofauna Diversity Assessment Along Agno River in the Province of Pangasinan, Philippines	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
25	UPSHOTS OF LiteachRACY LINK EXTENSION PROJECT: AN INITIAL ASSESSMENT	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
26	Anti-Bullying Bibliotherapy Intervention (ABBI) Manual: Grounding Teachers and Counselors in the Use of Literature	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022

27	In Pursuit of Quality: A Comparison of International and Local Accreditation Systems for Public Administration Education	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
28	Measuring the Efficiency of Selected Container Ports in the Philippines	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
29	Tracer Study of BPA Graduates Batches 2009-2018	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
30	Implementation and Impact of the ASIN Law: The Province of Pangasinan Experience	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
31	Revisiting the Land Use Plan of Local Government Units in Pangasinan for Salt Industry: Basis for Future Reforms and Directions	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
32	Revisiting the Land Use Plan of Local government Units in Pangasinan for Nipa Industry: Basis for Future Reforms and Directions	2022 Campus Based RESEARCH AND Extension Capability Training and Webinar and online Presentation of Completed Researches	Bayambang, Pangasinan via MS Teams	LOCAL	December 12-13, 2022
33	Environmental Justice Reform Program	2022 Commodity Review	Virtual	Regional	October 18, 2022
34	Milt Evaluation and Reproductive Performance of Improved Excel 2016 Parent Lines with Different Age Classes	49th Philippine Society of Biochemistry and Molecular Biology (PSBMB) Annual Convention: A Virtual International Conference	Virtual	National	Nov. 23-26, 2022
35	Malunggay Lumpia Wrapper	Virtual Seminar Writeshop on Technology Commercialization and Pitch Day	Virtual	Regional	Nov. 17, 2022

36	Applying IRT Model in Validating a Dichotomously-Scored Test	Asian Conference on Education International Research Presentation	Virtual	International	Nov 28- Dec 2, 2022
37	Milt Evaluation and Reproductive Performance of Improved Excel 2016 Parent Lines with Different Age Classes	54th FIMFS Annual National Convention	Virtual	National	Dec 6-7, 2022
38	Sex-Reversal of male Freshwater Prawn (<i>Macrobrachium dacqueti</i>) to Neofemale Through Gonadal Ablation	54th FIMFS Annual National Convention	Virtual	National	Dec 6-7, 2022
39	Growth Performance of Giant Freshwater Prawn (<i>Macrobrachium rosenbergii</i>) Fed with Fermented Rice Bran	54th FIMFS Annual National Convention	Virtual	National	Dec 6-7, 2022
40	Mangrove composition, ecosystem services and management practices in Barangay Buenlag, Binmaley, Pangasinan, Philippines	ASEANFEN Annual Fisheries Symposium	Nha Trang University Vietnam	International	Dec. 5-7, 2022
41	Gender-Based Violence in the Context of the Pandemic	4 th National Gender and Development Congress	R&E Amphitheater, Science City of Munoz Nueva Ecija	National	November 17-18, 2022
42	Situational Analysis on the Role of Women in Salt and Bagoong Industry along Production, Marketing, and Family Expenditures	1 st Philippine Salt Congress 2022	Sision Auditorium Lingayen, Pangasinan	National	November 26-27, 2022
43	Satisfaction, Challenges, and Communication Channel Preferences (SCaCCP) towards Remote Teaching-Learning (RTL) during Coronavirus Disease 2019 (COVID-19)	APCORE 2022 International Virtual Conference	Zoom	International	December 12-14, 2022
44	Challenges in Online Admission, Online Enrolment, and Online Classes in the time of Pandemic		Thailand	International	
45	Development and Psychometric Properties of the BF Depression Tendencies Checklist-17		Thailand	International	
46	College Student Profiling on Shifters, Transferees, and Returnees in Pangasinan State University – Lingayen Campus		Thailand	International	

47	Organizational Commitment, Work Values, And Attitude of Public Secondary Principals in Region 1	6 th Global Educators Network TEFL International Conference	Bangkok, Thailand	International	December 3-5, 2022
48	Documenting the Response and Accomplishments of Pangasinan State University, Lingayen Campus	6 th Global Educators Network TEFL International Conference	Bangkok, Thailand	International	December 3-5, 2022
49	Information Literacy Competency Standards Among the Students of PSU – Open University Systems	6 th Global Educators Network TEFL International Conference	Bangkok, Thailand	International	December 3-5, 2022
50	Student Support System Management Program of PSU - Open University Systems	6 th Global Educators Network TEFL International Conference	Bangkok, Thailand	International	December 3-5, 2022
51	Student Support System Management Program of PSU - Open University Systems	6 th Global Educators Network TEFL International Conference	Bangkok, Thailand	International	December 3-5, 2022

DATA ON TRAINING/EXTENSION, CY 2022

TITLE OF TRAINING		INCLUSIVE DATES		DURATION	NO. OF TRAINEES	TRAINEES WEIGHTED BY THE LENGTH OF TRAINING
		FROM (mm/dd/yyyy)	TO (mm/dd/yyyy)			
1	Feeds Formulation and Feeding Management for Aquaculture Activities	March 24, 2022	March 25, 2022	16 hours (2 days)	45	56.25
	Strengthening of PSU-BC Assisted Resource Management Projects of Selected Coastal Municipalities in Pangasinan					
2	A. Seminar on Mangrove Rehabilitation and Livelihood Training	January 13, 2022	January 13, 2022	8 hours	35	35
3	B. Mangrove reforestation Dagupan City	February 6, 2022	February 6, 2022	8 hours	40	40.00

4	C. Mangrove planting in Labrador	August 19, 2022	August 19, 2022	2 hours	40	40.00
5	D. Agroforestry	August 19, 2022	August 19, 2022	6 hours	40	40.00
6	Livelihood Training on Bangus Processing	June 9, 2022	June 10, 2022	16 hours (2 days)	45	56.25
7	Livelihood training in the Adopted Barangay (Buenlag, Binmaley)	November 15, 2022	November 15, 2022	1 day	35	35.00
8	Seminar-Training on Rice Hull Pillow for Rice Farmers in Selected Rice Farming Communities in Pangasinan	November 28, 2022	November 28, 2022	1 day	86	86.00
9	Seminar-Training on Effects of Carbonized Rice Hull to Fishpond Water Quality for the Fishfarming Communities in Pangasinan	November 29, 2022	November 29, 2022	1 day	43	43.00
10	Training on Packaging of Aquatic Products	September 19, 2022	September 20, 2022	2 days	45	56.25
11	Preventive Education on Substance Abuse, Dangerous Drugs with Crime Prevention	November 25, 2022	November 25, 2022	1 day	50	50.00
12	Hands-on training on Mushroom Production Technology for School Heads and Technology and Livelihood Education Teachers of Cluster 9, City Schools Division Urdaneta	February 19, 2022	February 19, 2022	1 day	19	19.00
13	Training on Vegetable Production	November 18, 2022	November 18, 2022	1 day	40	40.00
14	Strengthening of PSU-BC Assisted Resource Management Projects of Selected Coastal Municipalities in Pangasinan - A. Seminar on Mangrove Rehabilitation and Livelihood Training (Tambac, Dagupan)	January 13, 2022	January 13, 2022	1 day	35	35.00
15	Feeds Formulation and Feeding Management for Aquaculture Activities (Canaoalan, Binmaley)	March 24, 2022	March 25, 2022	2 days	45	56.25
16	Strengthening of PSU-BC Assisted Resource Management Projects of Selected Coastal Municipalities in Pangasinan -	June 2, 2022	June 2, 2022	1 day	40	40.00

	B. Mangrove reforestation Dagupan City (Tambac & Salisay, Dagupan City)					
17	Livelihood Training on Bangus Processing (Goyoden, Bolinao)	September 6, 2022	October 6, 2022	2 days	35	43.75
18	Strengthening of PSU-BC Assisted Resource Management Projects of Selected Coastal Municipalities in Pangasinan - C. Mangrove planting in Labrador (Laois, Labrador)	August 19, 2022	August 19, 2022	Less than 8 hours	40	40.00
19	Strengthening of PSU-BC Assisted Resource Management Projects of Selected Coastal Municipalities in Pangasinan - D. Seminar on Agroforestry (Laois, Labrador)	August 19, 2022	August 19, 2022	Less than 8 hours	40	40.00
20	Training on Packaging of Aquatic Products	September 19, 2022	September 20, 2022	2 days	45	56.25
21	Livelihood training in the Adopted Barangay (Buenlag, Binmaley)	November 15, 2022	November 15, 2022	1 day	35	35.00
22	Seminar-Training on Rice Hull Pillow for Rice Farmers in Selected Rice Farming Communities in Pangasinan	November 28, 2022	November 28, 2022	1 day	86	86.00
23	Seminar-Training on Effects of Carbonized Rice Hull to Fishpond Water Quality for the Fishfarming Communities in Pangasinan	November 29, 2022	November 29, 2022	1 day	43	43.00
24	Preventive Education on Substance Abuse, Dangerous Drugs with Crime Prevention	November 25, 2022	November 25, 2022	1 day	50	50.00
25	"DAYEW-STRENGTHENING THE CULTURAL IDENTITY OF PANGASINAN YOUTH" a. Seminar on Food and Nutrition b. Feeding Program c. 101 Ways to Cook Moringa Dishes d. Big Books Reading e. Re- Seminar on Solar Panel	November 3, 2022	November 4, 2022	2 days	120	150.00
26	PCSMT - TutoriSM Project	November 11, 2022	November 11, 2022	1 day	192	192.00

27	Preventive Maintenance with Clutch Lining Servicing (WET/DRY) Training in Motorcycle"	October 27, 2022.	October 28, 2022.	2 days	55	68.75
28	PCSMT - TutoriSM Project	October 21, 2022	October 21, 2022	1 day	192	192.00
29	Project CARLOS (Career Adoption , Reemployment and Livelihood Opportunities System) a.Liquid Dishwashing Soap Store Set Up , and Marketing Seminar b.Training on Bangus Deboning c.Training on Bangus Sardines Making d.Metal Arc Welding e.Training on Simple House Electric Wiring g.Basic Motorcycle Change Oil and Maintenance (Small Boat	October 19 , 2022	October 23 , 2022	3 days	70	105.00
30	Project HOLE : Harnessing Opportunities for Local Entrepreneur a.Change Oil and Tune- Up b.Simole electrical and Electronics Repair c.Simple Welding d.Basic Sewing e.Fish Processing g.Liquid Dishwashing Soap Making h.Morning cookies and pancakes i.How to do small business enterprise	Sept. 15, 2022	Sept. 17, 2022	3 days	70	105.00
31	Orientation & Training Program on GLOC	April 1, 2022	April 2, 2022	2 days	21	26.25
32	Seminar Workshop on Mangrove Rehabilitation , 101 ways to prepare Moringa and liquid soap and Marketing Strategies and MOA signing	January 13 , 2022	January 14 , 2022	2 days	60	75.00
33	Development of Hundred Islands National Park Management System and User Training	May 2, 2022	August 22, 2022	4	15	22.5
34	3D Modeling and Printing Workshop	July 6, 2022	July 8, 2022	3	20	30.00

35	Civil Engineering Department Community Development Program in Barangay Amagbagan, Sison, Pangasinan (Technical Consultancy and Building Safety)	June 24, 2022	June 28, 2022	3	10	15.00
36	Kalinga: A Psychosocial Support Program for Medical Frontliners at Rural Health Unit – Sison, Pangasinan (Resilience Training)	June 8, 2022	December 7, 2022	4 days	50	75.00
37	Exploring the Power of Montessori Approach and Creative Learning Experiences in Sharpening the Teaching Pedagogy of Amagbagan Child Development Center (Phase 2)	June 24, 2022	November 29, 2022	3 days	20	30.00
38	Munting Silid Aklatan Project for Amagbagan Child Development Center (Management of Book Collections and Instructional Materials)	June 24, 2022	December 17, 2022	3 days	15	22.5
39	Project TAWIR MO (Teaching Pangasinan Writing for Resource Material and Module Making)	November 3, 2022	November 4, 2022	2 days	22	27.25
40	Management Skills Training for Salt Manufacturers in 1st District of Pangasinan Year 2	May 19, 2022	May 19, 2022	1 day	10	10.00
41	LINANG (LIterasiya para kay Nanay at inaNG)	March 22, 2022	March 22, 2022	1 day	50	50.00
42	LINANG (LIterasiya para kay Nanay at inaNG)	April 11, 2022	April 11, 2022	1 day	13	13.00
43	LINANG (LIterasiya para kay Nanay at inaNG)	November 4, 2022	November 4, 2022	1 day	70	70.00
44	LINANG (LIterasiya para kay Nanay at inaNG)	November 25, 2022	November 25, 2022	1 day	70	70.00

INSTITUTIONAL LEARNING OUTCOMES

- ILO 1.** Demonstrate abilities and competencies acquired from their programs that are reflective of transparency, equity, participatory decision-making and accountability
- ILO 2.** Engage in relevant, comprehensive, and sustainable development initiatives based on multiple perspectives that build personal and professional credibility and integrity
- ILO 3.** Respond to challenging goals and tasks with determination and sense of urgency
- ILO 4.** Produce quality outputs leading to inclusive growth and continuous improvement
- ILO 5.** Engage in life-long learning for a more dynamic advancement of professional skills and competencies
- ILO 6.** Meet industry needs and requirements of local and international human capital market
- ILO 7.** Manifest social and environmental responsiveness to elevate welfare of the multi-sectoral communities
- ILO 8.** Practice spiritual values and morally upright behavior to promote a dignified public image

CORE VALUES

- Accountability and Transparency**
- Credibility and Integrity**
- Competence and Commitment to Achieve**
- Excellence in Service Delivery**
- Social and Environmental Responsiveness**
- Spirituality**

STRATEGIC GOALS

- SG 1:** Excellent Student Learning and Career Development
- SG 2:** Strong Research Culture and Technology Transfer
- SG 3:** Good Governance
- SG 4:** Sustainable Social Responsiveness
- SG 5:** Responsive to Globalization and Diversity
- SG 6:** Customer Focus
